DEPARTMENT OF  
WATER RESOURCES

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right.

Permit No. 63-31262  
Name(s) of Permit Holder: Boise Valley FEEDERS LLC  
Address: 2201 Ridgeway Rd City PARMA State ID Zip 83660  
Telephone No. 208 722-8090 Date Proof is Due: 10-1-06

Describe what work has been completed toward the development of this water right:  
(This must be filled out! If no work has been completed, show "none".)

Pivot, wheel lines, hand lines all installed and in use for crops, pasture  
and trees. Estimated acres under cultivation + water are 62.

Costing \$ \$25000

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Current work has required considerable time + cost to develop. Remainder of  
the ground is more challenging to develop but will continue to work  
diligently at completion. In 2005 had to drill a new well which  
also delayed further development

Permit holder(s) request an extension to OCT 01, 20 11
