

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES
REQUEST FOR EXTENSION OF TIME
TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right.

Permit No. 85-15442
Name(s) of Permit Holder: Kevin Overall
Address: 114 N. Garden Ct. City Lewiston State ID Zip 83501
Telephone No. (208) 743-8176 Date Proof is Due: Aug 1 2006

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

A backhoe was brought in and a large holding tank was installed.
Electric lines are placed and set up for a pumping system. 1200 small trees have
been planted. 1500 feet of drip line has been placed to the trees.

Costing \$ 2500.00

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

During the spring of this year a major flood occurred on the small creek area
damaging the existing holding tank and wiping out 700 trees and 75% of the drip line system. The
ground has been muddy and difficult to work in and the whole area was declared a natural disaster site
by the Federal government. Work is still continuing in the area to fix the damaged roads and clear
out the stream.

Permit holder(s) request an extension to July 15, 2007.
