3. jstanton 8/17/2006 Comment/Analysis

Comment: This application adds 2 wells to the existing water system to better serve a second dairy barn that is being built on the property. This appears to be a very simple transfer that can be approved with standard conditions.

Authority To File: The applicant is the owner of record, so this is not an issue.

Water Right Validity: This is an operating dairy, so forfeiture does not appear to be an issue.

Injury To Other Rights: There should be none. All 4 wells are in the same ESPA model grid, so there is no need for mitigation.

Enlargement of Use: None requested.

Local Public Interest: No issues identified.

Beneficial Use/Conservation of Water Resources: No issues identified.

Review of the application finds that there is no clear inconsistency with criteria set forth in Sec. 42-222 I. C. preventing processing. At least prior to advertising, no other issues have been identified that would

4. jstanton 8/17/2006 Legal Notice Remarks

Comment: This application adds two new wells to the existing dairy facility to better serve a second milking barn that has been built on the property. No additional water will be used as a result of this transfer. The property is located 5 miles west and 1/2 mile south of the Jerome city center.
