*Re: Sam's Hollow Water Company Permit Nos. 11-07481, 11-07491*

Dear Sharla:

Per my phone conversation with Roger Warner, enclosed please find the original and two extra copies of separate revised Applications for Amendment of Permit pertaining to Permit Nos. 11-07481 and 11-07491, together with an additional filing fee in the amount of \$50.

We previously filed with my letter of May 25, 2006, a combined single Application for Amendment of a Permit pertaining to both rights. Following initial review by the Department, a request was made that we separate these Applications so as to provide a separate Application for Amendment for each permit. Accordingly, please substitute the enclosed Applications for each right for the combined Application previously submitted.

Please conform stamp and return the extra copies, one to me and one to Doug Johnson, in the stamped and addressed return envelopes enclosed for your convenience. It is my understanding that based on this and the prior review, these Applications can be processed and approved expeditiously. Further, that no additional publication will be required by reason of the fact that the quantity under each right remains unchanged. The development, which previously was going to proceed in separate phases under each right, is now being developed in its entirety as a single

development. Accordingly, the purpose of the amendment is to effectively combine these rights to have common points of diversion and places of use.

If you have any questions, please contact me.

Sincerely,

  
RANDALL C. BUDGE
