RE: Petition for Reconsideration of Water Right License No. 37-7893B

Dear Mr. Speck:

In response to your petition for reconsideration of Water Right License No. 37-7893B, I have enclosed an order withdrawing the issuance of the license. I have also enclosed a map showing the 23-acre area forming the basis for the license.

Within 30 days, please submit a map showing all the land that you believe should be covered by the license and a detailed diagram showing how the entire area is irrigated. Please note that the land must have been irrigated by November 14, 1994, to be included when a license is issued.

Your request for another field examination will be evaluated in accordance with Beneficial Use Examination Rule 50.e (IDAPA 37.03.02.050.e), which says:

An examination fee equal to the initial examination fee paid to the department shall be paid for a re-examination made at the request of the permit holder except upon a showing of error by the department on the initial examination.

If you have any questions, please call me at 208-287-4947, or email me at shelley.keen@idwr.idaho.gov.

Sincerely,

Shelley W. Keen
