REQUEST FOR EXTENSION OF TIME

TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right.

Permit No. 95-9055

Name(s) of Permit Holder: Black Rock Utilities, Inc.

Mailing Address: P.O. Box 3070, Coeur d'Alene, ID 83816

Date Proof is Due: August 1, 2006

Telephone No. (208) 665-2005

Describe what work has been completed toward the development of this water right:

(This must be filled out! If no work has been completed, show "none".)

The domestic water main lines have been constructed. Approximately 70 out of 350 lots have been constructed. The service connections from the domestic main lines have not been made to the remaining 280 lots. These connections will be made when the lots are developed over the next 3+ years.

Costing \$ _____

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

The initial construction of domestic main lines has diligently progressed since the original application for water rights.

However, the final completion of the project has not occurred at this date. The build out of the project over the next 3+ years will be dictated by the sale and development of the lots. The steady pace of construction in Kootenai County will determine the build out duration. This extension will allow the Owner to obtain an accurate quantification of actual water usage at the Club at Black Rock.

Permit holder(s) request an extension to August 1, 2011.

FEE: \$50.00

*If other than permit holder, Power of Attorney must be supplied.
