Re: Application For Amendment of a Permit, 95-9258.

Dear Mr. Ryerson:

The Idaho State Department of Water Resources is in receipt of your Application For Amendment of a Permit and before processing can begin the following additional information will be needed:

1. Since you are requesting to amend Permit No. 95-9258 from a use of irrigation and domestic to municipal, a copy of the documents forming the homeowners association, for the municipality, will be needed.
2. A list of the association's officers and their titles, including addresses and telephone numbers.
3. A Public Water Supply (PWS) number from the Idaho State Department of Environmental Quality.
4. An assignment of the permit from your name to the name of the homeowners association. A copy of the assignment form is attached. This can be done simultaneously while the permit is being amended.
5. Will the service area for the municipality be the same as the property boundary defined within Permit No. 95-9258?

If you should have any questions, don't hesitate to contact me at this office.

Sincerely,

Keith E. Franklin
Water Resources Agent
