

MEMORANDUM

Date: September 11, 2006
To: Water Right File 37-7893B
From: eretelle
Re: license review

Trust Area

Irrigation season adjusted to standard

No PoD overlap

PoU overlapped by old, big, poorly defined Big Wood River right in the name of Annie Harris 37-113. I spoke to Jim, who did the field exam, and he confirmed the applicant did not have access to surface water as far as he could tell. Jim reports there were no obvious ditches and if the applicant had access to river water, he would likely use it since it would be cheaper.
