Re: Water Right Permits Nos. 63-32128, 63-32129, 63-32133, and 63-32134
MTBR&F File No. 17-781.0

Dear Ms. Gibson:

The purpose of this correspondence is to provide you with additional information regarding the various proof due notices that you sent regarding the above-referenced water rights.

Permit No. 63-32128: Ownership of this water right permit was transferred from my client, Deer Point Ranch, LLC, to Mark Parent on November 22, 2005. I do not represent Mr. Parent and therefore it would be his responsibility to provide you with the appropriate proof of beneficial use of that water right.

Permit No. 63-32129: My client will be filing a request for extension of time regarding this water right. The appropriate form has been filled out and sent to my client for signature, and we will forward it to you upon receipt.

* **Permit No. 63-32133:** The escrow is closing on this water right on August 31, 2006, at which time my client will no longer own the property or the water right. Please advise us how you would like to proceed regarding proof of beneficial use for that water right. It is my understanding that it will be the responsibility of the new owner to provide the proof; if you think it best, I will prepare a request for extension of time to allow the new owners to provide the requisite proof of beneficial use.

Permit No. 63-32134: This water right is owned by John and Monika Ryan. Mr. Ryan is contacting the appropriate person to prepare the field examination report. We will forward that to you promptly upon completion.
