RE: PERMIT NO. 96-9022

Dear Permit Holder:

Enclosed is the original Proof of Beneficial Use form ("proof") you filed with the department on October 27, 2004. I am returning this document to you because the department cannot accept it without the appropriate license exam fee, **or** a Beneficial Use Field Report from a certified water right examiner. The fee is specifically for a department examiner to prepare a Beneficial Use Field Report for the issuance of a water right license, which is the final step for obtaining a water right. This permit is for a ground water source (well) with a diversion rate of 0.12 cfs, which your fee would be \$50.00. Please see the fee schedule attached to the proof. However, without the information completed in questions 6 and 8 of the proof form, I am not sure what you have developed. If the well does not supply you the 0.12 cfs you were permitted, please calculate the diversion rate and enter it in the blank, or put the 0.12 cfs in the blank and the department examiner will calculate the rate of diversion and supply that information to the department. Additionally, if you are diverting 0.04 cfs or less water, then the filing fee is waived.

Please complete these blanks and return the form to me with the appropriate filing fee on or before **June 27, 2006** to avoid lapsing of this permit. If you have any questions regarding filing the proof, please contact me at (208) 287-4942, or the regional office in Coeur d'Alene at (208) 769-1450.

Sincerely,
