)

FOR WATER RIGHT: 69-11515

The above-captioned water right was claimed as an implied federal reserved water right for a administrative site within the boundaries of a national forest. The claim was included in the *Basin 69, Reporting Area 19, Director's Report for Federal Reserved Right 69-11515* filed on March 24, 2006. No objections were filed to the claim.

A hearing was held on August 15, 2006, as required by I.C. § 42-1411A(14), for the purpose of allowing the United States to demonstrate a *prima facie* case regarding the existence of the above-captioned water right established under federal law. At the close of the hearing the Court ruled that the United States had met its burden of establishing the existence and elements of an implied federal reserved water right for the above-captioned water right claim.

THEREFORE, IT IS ORDERED that water right **69-11515** is hereby decreed as set forth in the attached *Partial Decree Pursuant to I.R.C.P. 54(b)*.
