Subject: RE: Williams Lake

Folks,

Williams Lake Homeowners Association (or some similar organization) filed an application to change an existing water right (don't recall whether it is a permit requiring an amendment or a license requiring a transfer). The application seeks to change the use from domestic to municipal. The application is protested. Eastern Region scheduled a prehearing conference on April 24, 2006 at 2:00 pm in Salmon, ID that I plan to attend. IDWR is not communicating directly with all the owners of lots at Williams Lake but only those who represent the Association or individuals who might have appeared as protestants.

Roger or Sharla, would you contact this person and respond to his inquiry? Thanks.

Gary Spackman

Does this ring any bells? I can't think of an adjudication-related meeting.

Roxanne, do you know anything about this? Dave T. forwarded me the message. Maybe Don knows something about it?

Subject: Williams Lake

Dear sirs:

I am writing about a letter that I received regarding a meeting of Idaho Dept. of Water and Williams Lake (Salmon Area) Homeowners. I am a property owner /tax payer at Williams Lake and have never received any information about anything from the State of Idaho regarding this information. Could you please send me any information regarding this?

My info
