PROOF ACKNOWLEDGMENT LETTER

Re: Permit No. 96-9205

Dear Permit Holders:

The department acknowledges receipt of the proof of beneficial use ("proof") form submitted for the above-referenced permit. The next step in the process of developing a water right is for the department to conduct the field examination to determine and confirm the use of the water, and that it meets the permitted beneficial use. I am sending a copy of this letter to the department's Northern regional office. With this letter, I am requesting that the field examination be conducted as soon as possible, as you requested, to avoid any delay of the completion of your landscaping plans.

Secondly, I have changed the department's database record for this permit to reflect your new address as shown on this letter. Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

If you have questions about the field examination, please contact the **Northern** Regional Office of the department in Coeur d'Alene at (208) 769-1450.

Sincerely,

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau

Encl.
