Roger,
The map and shapefile look good. The BLM agrees with the amendment of Transfer 72536 and the removal of 1.8 acres of from BLM land as a Place of Use.

thanks, al

Subject
Clyde Phillips transfer 72536

Alan,
I have attached a JPEG shape of the proposed Phillips transfer 72536. Keith and I were able to visit with Jan Phillips at their ranch at Elk Bend on Thursday afternoon. Jan asked that we just move the 2 acres (acutally 1.8) from off of BLM ground and move it where they had otherwise previously irrigated. The attached map should reflect that change.

If this looks OK with you, please acknowlege so that I may include a copy of your acknowledgement in the file.

Thanks,

Roger.
