REQUEST FOR EXTENSION OF TIME
TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right.

Permit No. 95-08808

Name(s) of Permit Holder: William Bell

Mailing Address: 4385 Hooker Hill Dr. Hayden Lake, Id. 83835

Date Proof is Due: July 1, 1996 Telephone No. 772-6925

Describe what work has been completed toward the development of this water right:

(This must be filled out! If no work has been completed, show "none".)

The pond area has been surveyed at the cost of \$100.00 to locate dam & water level and to mark trees for removal to clear site. I have been working with Fish & Game (Brian Helmich) regarding their "HIP" assistance program. I have contracted work with H&H Poyer work to complete tree removal and cat work. Costing \$ 100.00

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Early rain Fall '95 created the situation that low boy w/ cat could not get to site. Late rains and high run off has delayed const. This year although contractor is ready to go as soon as rains abate.

Permit holder(s) request an extension to July 1, 19 96.

FEE: \$50.00

RE: PERMIT NO. 95-08808

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the department's **NORTHERN** Regional Office in Coeur d'Alene at (208)769-1450.

Re: 95-8808

Dear Mr. Bell:

The Idaho Department of Water Resources hereby acknowledges receipt of the above referenced Application for Permit to appropriate the Public Waters of the State of Idaho. To assist us in providing you with prompt, accurate service, please refer to the above referenced number in all future matters concerning this water right application.

Your appropriation application is currently being prepared for advertising in the county newspaper. This advertisement will be published for two consecutive weeks followed by a waiting period of ten days to allow for the submittal of protests.

If the application is not protested it will be forwarded to Boise to be considered for approval by the Director. However, if the application is protested during this waiting period, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. However all protests must be resolved before approval of the application can be made, so if the protestant does not voluntarily withdraw the protest, this department will conduct a conference and/or hearing on the matter.

If your application is for groundwater and unless you are using a well that was constructed prior to July 1, 1987, it will be necessary for you to apply for a well drilling permit upon approval of the appropriation application. Well drilling permits can be issued by this office only to holders of approved appropriation permits.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

Sincerely,

ALLEN BEARDSLEE
Senior Water Resources Agent
