RE: PERMIT NO. 95-08701

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the NORTHERN Regional Office in Coeur D' Alene at (208)765-4639.

Sincerely,

PROOF DUE NOTICE

RE: PERMIT NO. 95-08701

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 1993. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 95-08701

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed. You will receive a "Proof Due Notice" from this Department approximately 60 days prior to the completion date requiring you to file either a Proof of Beneficial Use form stating that the project has been completed or file a Request for an Extension of Time in which to file the proof statement.

Sincerely,

Re: Appropriation Application

Dear Mr. Hoyt:

The Idaho Department of Water Resources has received your Application For Permit To Appropriate The Public Waters Of The State Of Idaho and your filing fee in the amount of $30.00 for which receipt #N-004490 is enclosed. However I regret to inform you that the application is not acceptable in its present form, so I am returning it to you for clarification or completion of the following:

Item #1: You must provide this department with a list of names and addresses of the president, and officers of the corporation.

Item #2: A spring is considered to be surface water, since the water naturally arises to the surface. Groundwater, however, is that water which is beneath the surface of the ground and does not naturally rise to the surface. If the source is surface water, you must list the source of water and the name of the body of water to which it is tributary. If the water from a spring or stream sinks into the ground then the spring or stream is considered to be tributary to sinks.

Item # 6: Is the pond and dam in the stream bed?

Item #8: This item must be completed by fully describing exactly what beneficial use is to be made of the water. What types of recreational use is to be made of the water? ... Swimming? ... fish rearing? ... ice skating, ... etc.

Item #13: I have taken the liberty of providing a map of the section you indicated. The point of diversion and place of use must be labeled and they must agree with items #3 and #9.

The Application must be completed and returned to this office with any other information you deem appropriate within 30 days of the above date. Failure to communicate with this office within that time may result in the voiding of your application.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

Sincerely,

Tom D. King
