BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 95-08654	)	
	)	ORDER OF
IN THE NAME OF JACQUELINE IRVINE	)	REINSTATEMENT
	)	

This matter having come before the Idaho Department of Water Resources (Department), the Department makes the following FINDINGS OF FACT, CONCLUSIONS OF LAW and ORDER:

FINDINGS OF FACT

1. On September 13, 1990, the Department issued Permit No. 95-08654 with a condition of approval that proof of construction of works and application of water to beneficial use be submitted on or before October 1, 1991.

2. On July 31, 1991, the Department sent a proof due notice to the permit holder by certified mail stating that proof was due and instructed the permit holder of the steps to be taken to submit the proof of beneficial use.

3. On October, 1991, the Department sent a lapse notice to the permit holder.

4. Section 42-218a.2., Idaho Code, authorizes the Department to reinstate a lapsed permit, with the priority date advanced to the date that proof of beneficial use was received, upon submittal of evidence clearly establishing the extent of beneficial use prior to the proof due date and a showing of reasonable cause why the proof was submitted late.

5. On July 15, 1994, the permit holder submitted an acceptable proof along with two (2) affidavits confirming that water had been put to beneficial use during the authorized development period. The permit holder further explained that because of her divorce she was not receiving her mail and subsequently did not receive the proof due notice.

CONCLUSIONS OF LAW

1. The permit holder has submitted proof of beneficial use along with supporting evidence which establishes that water was in fact beneficially used within the authorized development period.

SEP 18 1994

2. The permit holder has shown sufficient cause why the proof of beneficial use was not submitted in a timely manner.

3. The department should reinstate the permit with the date of priority advanced to the date proof of beneficial use and supporting information was received by the Department.

ORDER

IT IS HEREBY ORDERED that Permit No. 95-08654 is **REINSTATED** and the priority is advanced to July 15, 1994.

Re: Water Appropriation Application # 95-08654

Dear Applicant:

The Idaho Department of Water Resources acknowledges receipt of your Application For Permit To appropriate the Public Waters Of The State Of Idaho, with your appropriation filing fee in the amount of \$30.00 for which your Receipt #N-003836 is enclosed. We have assigned #95-08654 to your water appropriation application. To assist us in providing you with prompt, accurate service, please refer to this number in all future matters concerning this water right application.

Your appropriation application is currently being prepared for advertising in the county newspaper. This advertisement will be published for two consecutive weeks followed by a waiting period of ten days to allow for the submittal of protests.

If the application is protested during this waiting period, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. If the application is not protested it will be forwarded to Boise, where departmental staff will conduct a more in depth review of the application, to determine if there is a need for further information that will facilitate the Directors decision on the application. You will be notified by mail of this decision.
