Water Right License

WATER RIGHT NO. 95-08613

Priority: February 09, 1989

Maximum Diversion Rate: 1.00 CFS
Maximum Diversion Volume: 651.0 AF

It is hereby certified that GREEN FERRY WATER & SEWER DIST
PO BOX 1105
POST FALLS ID 83854 has complied with the terms and
conditions of the permit, issued pursuant to Application for Permit dated February 09, 1989; and has
submitted Proof of Beneficial Use on July 28, 1993. An examination indicates that the works have a
diversion capacity of 1.25 cfs of water from:

SOURCE

GROUND WATER

and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>DIVERSION RATE</u>	<u>ANNUAL DIVERSION VOLUME</u>
MUNICIPAL	01/01 to 12/31	1.00 CFS	651.0 AF

LOCATION OF POINTS OF DIVERSION:

GROUND WATER L5 (SW $\frac{1}{4}$ NW $\frac{1}{4}$) Sec. 12, Twp 50N, Rge 05W, B.M., KOOTENAI County
GROUND WATER L6 (SE $\frac{1}{4}$ NW $\frac{1}{4}$) Sec. 12, Twp 50N, Rge 05W, B.M., KOOTENAI County

CONDITIONS OF APPROVAL

1. Place of use is within the service area of Green Ferry Water and Sewer District as provided for under Idaho law. The place of use is generally located within Sections 10, 11, 12, 13 and 14, Township 50N, Range 05W.
2. The issuance of this right does not grant any right-of-way or easement across the land of another.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 29th day of January, 2004.

PROOF OF BENEFICIAL USE

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or a completed field examination report prepared by a certified water right examiner who has been appointed by the department.

1. Permit No. 95-08613 Telephone No. 773-2781
2. Name(s) of Permit Holder(s): Green Ferry Water and Sewer District
3. Mailing Address: P.O. Box 1105 Post Falls, Idaho 83854
4. Source of Water: Groundwater

If **GROUNDWATER**, Well Driller's Name: Holman Drilling Date Drilled: 12-8-89 completed

OPTIONAL:

Pump horsepower: 75 Pressure (psi): 85 Dynamic pumping level (ft.): 140'

5. Extent of Use (as authorized by the permit):

Domestic 275 (No. of households) Stockwater _____ (No. and type of stock)

Irrigation _____ (No. of acres) Other _____

6. Total rate and/or volume for which proof is submitted 1.12 cfs OR _____ acre/feet

7. Refer to the approval conditions on your permit and respond accordingly:

Measuring device: Required? Yes No Installed? x Yes No

OR

Flow Measurement Port: Required? Yes No Installed? x Yes No

8. Fee Enclosed: \$ 125.00 (See License Fee Schedule on back of Instruction Sheet)

9. Person to contact to accompany the Department representative during field examination of the water system.

REQUEST FOR EXTENSION OF TIME
TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time in which to complete development of water right under the provisions of Section 42-204, Idaho Code.

Permit No. 95-08613

Name(s) of Permit Holder: Green Ferry Water + Sewer District

Mailing Address: P.O. Box 1105 Post Falls Idaho 83854

Date Proof is Due August 1, 1992 Telephone No. 208-773-5510

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

A well has been completed. The District is in the process of
selling revenue bonds to finance the well pump and associated
improvements. The election was held and passed by the electors,
the current expenses to date on the project Costing \$ 35,000.00

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

The district has a prior revenue bond with FmHA who sold the
bond to GE Capital. There has been a delay in getting GE
Capital to approve the issuance of the new bonds.

Permit holder(s) request an extension to August 1, 19 93.

FEE: \$15.00

(Signature)*

*If other than permit holder, Power of Attorney must be supplied.

ACTION OF THE DEPARTMENT OF WATER RESOURCES

IT IS HEREBY ORDERED that the above request for extension of time be APPROVED
and the time within which to submit proof of beneficial use
is extended to August 1, 1993.

SEP 17 1992

Signed this 6th day August, 19 92

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 95-8613, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

- a. SUBJECT TO ALL PRIOR WATER RIGHTS.
- b. Proof of construction of works and application of water to beneficial use shall be submitted on or before August 1, 19 90.
- c. The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land.
- d. The water right acquired under this permit if for hydropower purposes shall be junior and subordinate to all rights to the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this permit and shall not give rise to any right or claim against any future rights to the use of water, other than hydropower, within the State of Idaho initiated later in time than the priority of this permit.
- e. Other: Permit holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.
The issuance of this permit in no way grants any right-of-way or easement across the land of another.
Prior to the diversion of water under this permit a flow measurement port or other device as specified by the Department shall be installed to provide for the installation of measuring equipment and the determination of the rate of diversion by the Department.

Witness my hand this 10th day of July, 1989.

RE: License No. 95-8613 - Issuance of License

Dear Water Right Holder(s):

The Department of Water Resources has issued the enclosed Water Right License confirming that a water right has been established in accordance with your permit. Please be sure to thoroughly review the conditions of approval and remarks listed on your license.

The license is a PRELIMINARY ORDER issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Enclosed is a copy of the approved Application for Amendment.

Please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-327-7946.

Sincerely,

A handwritten signature in black ink that reads "Shelley W. Keen". The signature is written in a cursive, flowing style.

CERTIFICATE OF SERVICE

I hereby certify that on January 29, 2004 I mailed a true and correct copy, postage prepaid, of the foregoing PRELIMINARY ORDER(Approved License) to the person(s) listed below:

RE: WATER RIGHT NO. 95-8613

**GREEN FERRY WATER & SEWER DIST
PO BOX 1105
POST FALLS ID 83854**

**Kari Lynn Townsend
Secretary**

**MICROFILMED
MAR 29 2004**

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

RE: Pump, Well House & Transmission Line Project

Dear Mr. May:

Plans and specifications for installation of a well pump and construction of a well house and transmission main were submitted for our review on December 15, 1992 by Rob Tate of Ruen-Yeager & Associates. The plans and specifications were found to be in accordance with Idaho Department of Health and Welfare regulations and are approved for construction purposes.

This approval is contingent upon resolution of the following items:

1. An air gap must be installed on the discharge line from the pump control valve.
2. Since chlorination of this source may eventually be required, the well house design should incorporate provisions for future chlorination equipment. If chlorine injection in the well is selected, a drop pipe should be installed along with the pump.
3. A well vent must be installed.
4. The well house should have a floor drain or the floor should be sloped to a doorway.
5. The following water quality testing is required for final approval of this source:
 - a. Coliform bacteria.
 - b. Radiological (gross alpha and beta).
 - c. Corrosivity (TDS, alkalinity, calcium hardness, temperature and pH). Temperature must be measured in the field.

MICROFILMED

Green Ferry Water & Sewer District
February 11, 1993
Page 2

- d. Phase II and V regulated and unregulated IOC's (except for cyanide and asbestos unless source is vulnerable). Lead and arsenic should also be run on the new source.
- e. Phase II and V regulated and unregulated VOC's.
- f. Phase II and V regulated and unregulated SOC's except for dioxin. Please note that the state lab is not capable of running endothall, glyphosate and diquat at this time.
- g. Strongly recommend secondary IOC's primarily iron, manganese, sulfate, chloride, color, zinc, copper, and phenol and hydrogen sulfide (if a concern).

Radiological and VOC testing must be conducted in three additional quarters during the first year of operation.

Section 39-118 of Idaho Code requires that the project engineer submit as-built plans or certification within 30 days of project completion for review and approval by this department. An engineer must be retained for inspection activities during construction.

If construction is not started within one year of the date of this letter, this approval expires.

Sincerely,

DIVISION OF ENVIRONMENTAL QUALITY

RE: Green Ferry Water & Sewer District
Pump, Well House, and Transmission Line Project

Dear Mr. Tate:

The final as-built plans submitted by you on December 14, 1993 detailing the completed construction of the new well and appurtenances have been reviewed. They have been found in accordance with Idaho Department of Health and Welfare regulations and are thereby accepted as the record drawings for this project.

However, certain matters need to be addressed by you and the District:

1. The floor drain/drain-to-waste configuration needs to be changed. There is a great potential for a cross-connection at the drywell where the drain-to-waste line discharges, in the occurrence where the drywell could fill and submerge the outlet. Therefore the outlet must be changed to discharge above grade. I am also concerned about the effectiveness of the floor drain as it is currently designed. Idaho Rules for Public Drinking Water Systems indicates "Well houses shall be protected from flooding and be adequately drained." The current drain configuration may not be sufficient to drain the well house in case of a pipe break, etc.
2. The letter dated February 11, 1993 from our office to the District listed the required testing for a new source on a public water system. Our files indicate that the IOC, VOC, and SOC testing have been completed. We still need results on samples taken from the well regarding coliform bacteria, nitrate/nitrite, corrosivity, and radiological contaminants in order to maintain the District as an approved system. Please contact Tony Davis or myself with questions regarding these tests.

Coeur d'Alene, ID 83814

**Re: Greenferry Water and Sewer District
Submersible Pump and Well House Modifications
Project No. P02031**

Dear Mr. Gaffney:

Submitted for your review are the plans and specifications for the installation of a submersible pump into the existing well casing owned by Greenferry Water and Sewer District. The project will involve the installation of the pump, piping to the well house, additions to the piping inside of the well house, and related electrical controls. Currently, the District has only one operational well. This project will provide a second source of drinking water in accordance with state regulations. It is important to the District to have this pump operational by mid-summer.

The design is based on providing a redundant source of water. The specified pump capacity matches the operating conditions of the existing pump (550 gpm @ 380 feet TDH). The District chose the submersible pump as opposed to another Line Shaft pump because the District did not want to construct another building. In order to provide some consistency, we have tried to make the new piping mirror the existing piping as much as possible.

Enclosed with this cover letter are the DEQ checklists for this project: *The General Plan and Specification Review Checklist* and *The Well House and Equipment Design Checklist*. On the Well House checklist, four of the hatched boxes are checked. The following is an explanation for each:

Section I.C. – The facility does not have booster pumps or standby power so the N/A box has been checked.

Section IV.A.2. – Space for additional units is not provided because additional wells will need to be located at another site.

Section IV.A.3. – Disinfection is not provided as part of the contract because the District already owns a spare barrel top chemical feed pump and will use it for the new well.

MICROFILMED

MAR 23 2004

Mr. Gary Gaffney
April 1, 2003
Page - 2

Section IV.B.7. – A water pressure relief valve is not proposed as part of the design. As stated above, the project is simply to provide a second source of water. It is the intent of the District to minimize the work involved, especially modifications to the existing system. The existing system has never had problems with pressure surges so the decision was made to leave it as is.

Please contact me if you have any questions.

Sincerely,

E-mail Address: _____

7. Name of entity that will operate and maintain completed systems (Please provide exact name of owner or authorized representative)

Name: Green Ferry Water and Sewer District

Firm: _____

Address: PO Box 1105 City: Post Falls State: ID ZIP: 83854

E-mail Address: _____

8. Drinking water system is "Investor Owned" (Investor owned includes "C" or "S" Corporations, sole proprietorships, partnerships, LLC's, etc.) ☐ Yes ☒ No

(If yes, your system may also be regulated by the Idaho Public Utility Commission. Please contact the Idaho Public Utility Commission about your regulatory status.)

C. REQUIRED SUBMITTALS AND CERTIFICATIONS

Projects will not be accepted unless all necessary submittals have been attached, or an explanation for their omission has been provided.

1. Submittals:

a. All pertinent DEQ checklists included?-----☒

b. City Council or County approval attached? -----☐ N/A

c. If the project will be part of an existing water or sewer system, certifications that the existing systems will not be overloaded are provided: (check all that apply)

☐ - Calculations from a registered professional engineer

☐ - A letter(s) of certification from the owner(s)

d. Engineering inspection and as-built certification contract is attached: -----☐

Inspector's name
and firm if
different from
design engineering
firm: _____

2. Certifications:

- a. The attached plans represent the final, approved set from the utility: ----- ☒
- b. The Dig-line number has been provided to owners and contractors: ----- ☒
- c. If the project will generate dewatering or other construction wastewater that discharges to State waters, then a Short Term Activity Exemption, or equivalent, has been obtained: ----- ☐
IDEQ representative issuing exemption: _____
- d. If the project contains both water and sewer mains, but those services are provided by different utilities, contact DEQ: ----- ☐
☐ - Show the water and sewer on the same plans
☐ - If not, prior approval must be received from DEQ
- e. Construction without approval from DEQ, or without engineering supervision, is a violation of Idaho Code 39-118 (and/or associated state rules). We can assist you as needed to resolve these situations and request that you contact DEQ immediately if you learn of these violations: ----- ☐
- f. The companion instructions were consulted while completing this checklist: ----- ☒
- g. All other easements, permits, and rights-of-way have been obtained: ----- ☒

D. PLANS & SPECIFICATIONS

1. Plans must have:
- a. Cover sheet with index to plan and profile of mains: ----- ☒
- b. Clear vicinity map or written directions to location of project: ----- ☒
- c. North arrows: ----- ☒
- d. Bound and numbered pages: ----- ☒
- e. Table of Contents for complex plan sets: ----- ☒
- f. Plans (all sheets) and first page of specifications must be:
Signed - ☒ Dated - ☒ Stamped - ☒
2. A table of contents is included for engineering reports and bound specifications: ----- ☒

3. Identify the standard specifications used for this project (may be more than one):

☒ - Idaho Standards for Public Works Construction (2003):	Current date: _____
☐ - Municipality:	Current date: _____
☐ - Utility:	Current date: _____
☒ - Other: <u>10-State Standards; Idaho Code</u>	Current date: _____

4. Non-potable mains are:

a. 10' from water lines: ----- ☒

b. 50' from public or private wells: ----- ☒

E. STORMWATER DISPOSAL

1. Storm water removal and treatment description:

2. Storm water ponds, basins, seepage beds, and appurtenant structures are in conformance with the *Catalog of Storm Water Best Management Practices for Idaho Cities and Counties*: ---- ☐

a. BMP #s used: _____

b. Depth to seasonal high groundwater (SHGW): _____ ft
How determined? _____

c. Separation between SHGW and disposal system:
☐ - Greater than 5' where level can't be determined accurately
☐ - Greater than 3' where level is predictable

3. Storm water ponds, basins, infiltration systems, and appurtenant structures are on the plans: ----- ☐
4. Subsurface disposal or permanent unlined ponds must be at least 100' from any well: ----- ☐
5. Subsurface disposal or permanent unlined ponds must be at least 25' from any water line: ----- ☐
6. Other potable wells within 500': _____

F. PRESSURIZED IRRIGATION

This section is required for projects that include pressurized irrigation.

1. Plans and specifications for pressurized irrigation systems are provided: ----- ☐
2. Additional information is included showing the design and management system: ----- ☐
3. Who will supply irrigation water for the system? _____

4. If the potable water system supplies a pressure irrigation system, specify a reduced pressure back-flow prevention device that is on the *Drinking Water List of Approved Back-flow Prevention Devices*: ----- ☐

Note: This checklist addresses the majority of common items from the Idaho Rules for Public Drinking Water Systems (IRPDWS), the Recommended Standards for Water Works (RSWW), and common engineering practices. However, this checklist is not all-inclusive and users are expected to fully understand the rules and standards, apply them where necessary, and request interpretations from DEQ if there are any questions. DEQ regional offices may have additional written information that will assist in the design/approval process.

WELL HOUSE AND EQUIPMENT DESIGN CHECKLIST

IDAHO DEPARTMENT OF ENVIRONMENTAL QUALITY

Project Name: Submersible Pump and Well House Modifications

Water System Name: Green Ferry Water & Sewer District

I. ADMINISTRATIVE COMMENTS

- A. All applicable checklist items must be specifically addressed in the plans and specifications, in a manner that clearly shows how each item will be satisfied. If rules or standards are to be used for construction, they must be written on the plans or included in the specifications, not merely referenced.
- B. Written justification must be provided for any cross-hatched areas that are checked.
- C. If this facility has booster pumps or standby power, also complete Drinking Water Pumping Station Checklist.

Yes	No	NA
☒		
☒		
☐		☒

II. DOCUMENTS REQUIRED FOR SUBMITTALS

- A. Well House and Equipment Design Checklist (this checklist).
- B. Three complete sets of stamped plans and specifications. (One set will be kept for DEQ files).
- C. Are confined space entry procedures necessary for operator safety specified? (Required for below ground vaults).
- D. An Engineering Report containing sufficient detail to support all design and equipment selection, and an Operation and Maintenance Manual such that a reasonable qualified operator could run the systems with a minimum of instruction. Contact the regional DEQ office for assistance.
- E. General Plan and Specification Review Checklist.

III. SITE PROTECTION

- A. Protected from flooding (final grade at least 3 feet above 100 year or highest recorded flood, whichever is greater).
- B. Readily accessible at all times.
- C. Graded to divert surface water runoff 50 ft. away from well house.
- D. Protected from vandalism, animals, or unauthorized persons.

Yes	No	NA
☒		
☒		
☒		
☒		

IV. PLANS AND SPECIFICATIONS CONTENT

A. Building:

- 1. Adequate space for equipment installation and service.
- 2. Adequate space for additional units (growth and expansion).
- 3. If disinfection is not in the project, show location of possible future disinfection equipment and contact tanks.
- 4. Floor greater than 6 inches above surrounding finished grade.
- 5. Floor sloped at least 3 inches per each 10 feet to floor drain or to daylight.
- 6. Floor drain not directly connected to sanitary sewer, storm sewer, chlorine room drain, other non-potable water system, etc. (to daylight preferred with appropriate air gap).
- 7. Floor drain sumps greater than 30 feet from well.
- 8. Pump glands not draining onto floor.
- 9. Access provided for pump removal and maintenance. Special equipment for removal of larger pumps provided as necessary.
- 10. Stairways and ladders. (RSWW 6.2.3.)
- 11. Heating, lighting, and ventilation shown on plans.
- 12. Underground structures or areas that are unsafe or excessively hot have forced ventilation of at least 6 complete air changes per hour. (Also see Item II.C)

Mr. Bob Sloyka, Chairman
Green Ferry Water District
PO Box 1105
Post Falls, ID 83877

RE: Submersible Pump and Well House Modifications

Dear Mr. Sloyka:

Plans and specifications to bring the existing new well online have been reviewed. The plans were stamped by Charles A. Gay, P.E., of Ruen-Yeager & Associates and submitted on April 1, 2003. The plans call for the installation of a submersible pump in an existing 12-inch well and show the necessary piping inside the existing wellhouse. The plans and specifications were found to be in accordance with the Idaho Rules for Public Drinking Water Systems and are approved for construction purposes in accordance with Section 39-118 of Idaho Code.

This approval is contingent upon the following:

1. Plans and specifications for construction of the back up well were approved on May 25, 2001. We have not received as-built plans for the construction of the well. As-built plans for the well must be included with the as-built plans for the current project. A copy of the well driller's log must also be included.
2. We understand that the well has not been tested for contaminants. It appears that both wells are pulling from the same aquifer, so they may be considered a well field. As such, the full array of testing is not required on the new well. A test for Total Coliform Bacteria must still be performed before the well is put into use.
3. The plans show the discharge of the pump control valve being piped directly to an existing drywell. The Rules require that discharge to waste must be through an approved air gap. An air gap must separate the valve from the drywell waste line. This change must be shown on the as-built plans. The piping for the existing well is also run directly to the drywell. This deficiency has been noted on the last two sanitary surveys. This deficiency must be corrected during the course of this project.

MICROFILMED

MAR 29 2004

4. Due to recent changes in the Rules, a smooth-nosed sample tap must be provided on the well piping prior to chlorination. The chlorine injection line may need to be relocated to accommodate this requirement. Also, the sample tap shown on the plans is described as a hose bib. Samples must be collected from smooth nosed sample taps to prevent contamination. The hose bibs that are threaded for use with a hose must be protected by an atmospheric vacuum breaker and should not be used for sampling. Ensure that smooth-nosed sample taps are installed, where appropriate, in place of hose bibs, and that they are shown as such on the as-built plans.

Inspection of construction activities approved herein must be performed by, or under the direct supervision of an Idaho licensed Professional Engineer (P.E.). If major modifications to this accepted design are necessary, approval by this office must be secured prior to implementation of the changes.

Section 39-118 of Idaho Code requires that as-built plans as certified by the inspecting engineer be submitted to this office for review and approval within thirty (30) days of completion of construction. If construction is not completed within one year of the date of this letter, this construction approval expires and you must request in writing for re-approval of the plans and specifications by DEQ.

Sincerely,

Daniel G. Remmick, E.I.T.

Submersible Pump & Well House Modifications
Record Drawings
RYA Project No. P02031**

Dear Gary:

Enclosed please find DEQ's Engineering Staff transmittal and a copy of the above-mentioned Record Drawings for your review and file. The project is now complete and the pump is operational.

A 4-hour pump drawdown test was completed. The water surface elevation at the existing well (50-feet from the new well) dropped approximately 1-foot in the first 20 minutes. The water surface then stabilized for the duration of the test. Recovery took about 2 hours.

If you have any questions, please call.

Sincerely,
RUEN-YEAGER & ASSOCIATES, INC.

Charles A. Gay, P.E.

RE: Permit 95-8613

Dear Permit Holders:

We are in the process of reviewing the above referenced permit for licensing and find that we need additional information from you before we can proceed. We need a copy of correspondence that shows you have been in contact with the Idaho Department of Environmental Quality (IDEQ) regarding this system. Since this permit is recommended to be licensed for municipal purposes we need to know that IDEQ has been notified that this project is developed and that they are asserting jurisdiction over the well sites, and engineering plans. A copy of correspondence between IDEQ and you will be sufficient for us to document our files.

We also need to have a copy of the Order, issued by Kootenai County, establishing the Water and Sewer District. This Order is needed so we can verify that the water and sewer district is authorized to do business in Idaho as a municipal provider.

The Department will hold further processing of the licensing of this permit for 30 days to allow submittal of the required information. Additional time may be granted by the Department upon receipt of a written request and sufficient justification for an extension. If we do not received the required information we will assume you are not interested in pursuing a water right license for municipal purposes and will license the permit for domestic and irrigation purposes as it was originally permitted.

If you have any questions in regard to this matter, please do not hesitate to contact me at (208)327-7944 or our regional office in Coeur d'Alene.

Sincerely,

KAY WALKER

An aerial photograph of a river valley, likely the Green River, showing a winding river through a forested landscape. A grid of thin black lines is overlaid on the image. A white rectangular label with handwritten text is positioned in the lower-left quadrant. The river flows from the upper right towards the lower left, with several smaller tributaries visible. The surrounding land is densely forested, with some cleared areas and small structures scattered throughout. The grid lines are spaced at regular intervals, creating a coordinate system for the image.

MEMORANDUM

DATE: April 3, 2003

TO: Bob Haynes

FROM: Shelley W. Keen ^{SWK}

RE: Permit 95-8613 – Green Ferry Water and Sewer District

As you requested, I've attached the field report for Permit 95-8613. I think it is possible to add the second point of diversion by amending the permit, as long as we are assured it is a backup well and that it is adjacent to the main production well.

All the documents submitted by the permit holder refer to "Green Ferry." I could find no reference to "Green Ferry Water and Sewer District" or "Greenferry Water and Sewer District" registered with the Secretary of State's Office. If the permit holder wants the name on the permit to be "Greenferry," I recommend that it submit documentation showing that is the proper name.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 95-08613

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the NORTHERN Regional Office in Coeur D' Alene at (208)769-1450.

Sincerely,

Karen L. Gustafson
Secretary/Records Manager

ACTION OF DEPARTMENT OF WATER RESOURCES

This Permit is Approved.

If approved, this permit authorizes the construction of a well subject to the following conditions:

GENERAL CONDITIONS

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards.
2. This drilling permit is valid for two (2) months from its date of issuance for the start of construction and is valid for one (1) year from the date of issuance for completion of the well unless an extension has been granted.
3. This permit does not constitute the approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well.
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
5. Issuance of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
7. This drilling permit does not represent a right to divert and use the water of the State of Idaho.
8. If a bottom hole temperature of 85°F or greater is encountered, well construction shall cease and the well driller and the well owner shall contact the Department immediately.

SPECIFIC CONDITIONS

Dated this 27th day of July, 1989.

Signed

Robert G. Haynes

PROOF DUE NOTICE

RE: PERMIT NO. 95-08613

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 1993. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Karen L. Gustafson
Secretary/Records Manager

Dear Permit Holder:

Enclosed is a copy of your approved Request for Extension of Time submitted in connection with the above referenced permit. The time within which to submit proof of beneficial use is extended to August 1, 1993.

Please note that the department has granted this extension based upon governmental agency delay. It is important that you work diligently toward the completion of this project during the construction period allowed. The department may not be able to grant additional requests.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

Re: Green Ferry Water & Sewer District
Permit No. 95-08613

Dear Ms. Gustafson:

Please find enclosed, draft bonds and correspondence between the Green Ferry Water and Sewer District and G.E. Capital Corp.

Delays have been created by G.E. Capitals reluctance to issue a parity bond. The original 1977 Ordinance and Resolutions with FmHA allow for the issuance of a parity bond. A bond having equal lien on the improvements. G.E. Capital wanted the District to issue sub-ordinate bonds. It has taken considerable time and effort since the bond election in the fall of 1991 to have the bonds issued on a parity basis.

If the State of Idaho Department of Water Resource does not grant a time extension due to governmental delay, will the District have to re-apply for the water rights? Please advise on the course of action the District must take.

Thank you for your consideration of this request and if you have any questions, please feel free to call.

Sincerely,
RUEN-YEAGER & ASSOCIATES, INC.

**Re: Green Ferry Water and Sewer District Water Revenue Bonds, Series
1992, Principal Amount of \$71,500, Dated as of August 1, 1992**

Dear Mr. McEntee:

Pursuant to our conversation last week, I have enclosed: (1) a draft resolution of the Green Ferry Water and Sewer District relating to its Water Revenue Bonds, Series 1992, (2) a draft parity certificate signed by the District's engineer pursuant to Section 8 of the District's Resolution No. 2, and (3) a letter for your signature or the signature of an officer of GECC who can consent to parity bond issues.

As you are aware, the District intends to issue bonds on a parity of lien with its outstanding water revenue bonds. The District is in compliance with Section 8 of Resolution No. 2, which specifies the requirements the District must satisfy before it can issue parity bonds. Pursuant to Section 12 of Resolution No. 2, however, the District has covenanted not to borrow money to improve its water system without obtaining the prior consent of Farmers Home Administration. As we discussed, GECC is the assignee of Farmers Home Administration's rights under Resolution No. 2, and therefore must consent to the District's issuance of the Series 1992 Bonds. The enclosed letter from GECC to the Secretary of the District specifies that GECC consents to the issuance of the Series 1992 Bonds.

Mr. Pat McEntee
July 22, 1992
Page 2

Currently, interest rates on tax-exempt bonds are at historical lows. Because it is impossible to predict whether interest rates will remain at current levels, time is of the essence. The District would therefore appreciate your prompt response to this letter. If you have any questions, please call me.

Very truly yours,

PERKINS COIE

GREEN FERRY WATER AND SEWER DISTRICT
Kootenai County, Idaho

WATER REVENUE BONDS, SERIES 1992
PRINCIPAL AMOUNT OF \$71,500

BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE GREEN FERRY WATER AND SEWER DISTRICT, KOOTENAI COUNTY, IDAHO, as follows:

WHEREAS, the Green Ferry Water and Sewer District, Kootenai County, Idaho (the "District") is a duly existing water and sewer district organized and operating under the Constitution and laws of the State of Idaho;

WHEREAS, the Board of Commissioners (the "Board") of the District is authorized and empowered by the Water and Sewer District Revenue Bond Act (Title 42, Chapter 41, Idaho Code) to authorize, issue, sell, and deliver water revenue bonds to finance the acquisition, construction and installation of improvements and betterments to the water system of the District;

WHEREAS, at a special bond election duly called, noticed and conducted on August 23, 1991, the qualified electors of the District approved and ratified the issuance and sale of \$71,500 principal amount of water revenue bonds to finance said improvements;

INDEXED
FILMED
SEP 17 1992

WHEREAS, the Board hereby finds, determines and declares that it is essential to the health, safety, welfare and convenience of the inhabitants of the District that the District undertake the Project (as defined below) and to issue revenue bonds to pay a portion of the costs thereof;

WHEREAS, the Board of the District does hereby determine, to issue at this time water revenue bonds in the principal amount of \$71,500, to provide the funds necessary to acquire, construct and install certain capital improvements in its water system; and

WHEREAS, the District has outstanding its Water Revenue Bonds of 1977, Series A, issued pursuant to Resolution No. 2, adopted by the Board on May 4, 1977;

NOW, THEREFORE, BE IT HEREBY FOUND, DETERMINED AND ORDERED, as follows:

Section 1: DEFINITIONS

As used in this Resolution, the following terms have the meanings provided in this Section 1. Words of the masculine gender shall be deemed and construed to include correlative words of the feminine and neuter genders. Words imparting the singular number shall include the plural number and vice-versa unless the context shall otherwise indicate.

Additional Bonds shall mean any bonds that the District may hereafter issue having a lien upon the Revenue of the System for the payment of the principal thereof and interest thereon equal to the lien upon the Revenue of the System to pay the principal of and interest on the Bonds and the Outstanding Bonds.

Annual Debt Service shall mean the amount required in a given calendar year for the payment of the principal of and interest on the Bonds except interest to be paid from the proceeds of the Bonds.

Acquisition or *Acquire* includes the opening, laying out, establishment, purchase, construction, securing, installation, reconstruction, lease, gift, grant from the federal government, the State of Idaho, any public body therein or any person, the condemnation, transfer, option to purchase, other contract, or other acquirement, or any combination thereof.

Average Annual Debt Service shall mean the average amount of the Annual Debt Service which will become due on the Bonds for the period from the date of such calculation until the final maturity date of the Bonds then Outstanding.

Board shall mean the District's Board of Commissioners, as the same shall be duly and regularly constituted from time to time.

MICROFILMED
SEP 17 1992

Bond Register shall mean the registration records of the District, maintained by the Treasurer, on which shall appear the names and addresses of the Registered Owners of the Bonds.

Bonds shall mean the herein authorized "Green Ferry Water and Sewer District Water Revenue Bonds, Series 1992," in a principal amount of \$71,500.

Bond Sale Resolution shall mean the resolution to be hereafter adopted by the Board authorizing the sale of Bonds.

Chairman shall mean the de facto or de jure Chairman of the Board, or any presiding officer or titular head of the District, or his successor in functions, if any.

Code shall mean the Internal Revenue Code of 1986, as amended, and any Treasury Regulations promulgated thereunder or applicable thereto.

Construction Fund shall mean the "Green Ferry Water and Sewer District 1992 Construction Fund" created by Section 16 of this Resolution.

Costs of Maintenance and Operation shall mean all necessary operating expenses, current maintenance expenses, expenses of reasonable upkeep and repairs, and insurance and administrative expense, but excludes depreciation, payments for debt service or into reserve accounts, costs of capital additions to or replacements of the System, municipal taxes, or payments to the District in lieu of taxes.

Cost of the Project shall mean the costs the District incurs with respect of the Project, including incidental costs pertaining to the Acquisition, construction and installation of the Project, such as:

- (1) Preliminary expenses advanced by the District from funds available for the use therefor, or advanced by the federal government, or from any other source, with approval of the Board, or any combination thereof;
- (2) The costs of making surveys, audits, preliminary plans, other plans, specifications, estimates of costs and other preliminaries;
- (3) The costs of appraising, printing, estimates, advice, services of engineers, architects, financial consultants, attorneys at law, clerical help, or other agents or employees;
- (4) The costs of contingencies;
- (5) The costs of any discount on the Bonds and of any of the costs of issuance of the Bonds;

MICROFILMED
SEP 17 1992

(6) The costs of funding and short-term financing, revenue warrants, bond anticipation notes, or other temporary loans appertaining to the Project, and of the incidental expenses incurred in connection with such loans;

(7) The Acquisition costs of any properties, rights, easements, or other interest in properties, or any licenses, privileges, agreements and franchises; and

(8) All other expenses necessary or desirable and appertaining to the Project, as estimated or otherwise ascertained by the District.

Debt Service Account shall mean the "Green Ferry Water and Sewer District 1992 Water Revenue Bond Debt Service Account" created pursuant to Section 14 of this Resolution.

District shall mean the Green Ferry Water and Sewer District, of Kootenai County, Idaho, a duly existing water and sewer district organized and operating under the Constitution and laws of the State of Idaho.

Maintenance and Operation Fund shall mean the District's "Water Maintenance and Operation Fund," created by Section 2 of Resolution 2.

Maximum Annual Debt Service shall mean an amount equal to the greatest Annual Debt Service with respect to the Bonds for the calendar year such calculation is made or for any future calendar year.

Net Revenue shall mean the Revenue of the System less the Costs of Maintenance and Operation.

Outstanding, when used with reference to a Bond, as of any particular date, shall mean all Bonds which have been issued, executed, authenticated and delivered under this Resolution, except (i) Bonds cancelled because of payment prior to their stated dates of maturity, and (ii) any Bond (or portion thereof) deemed to have been defeased under Section 10 of this Resolution.

Outstanding Bonds shall mean the District's "Water Revenue Bonds of 1977, Series A" dated as of May 1, 1977, authorized to be issued pursuant to Resolution No. 2.

Project shall mean improvements to and extensions of the System, consisting generally of (1) a pump and associated improvements at the District's well site; (2) maintenance and repairs to transmission lines, including provisions to prevent backflow; and (3) the Acquisition of any sites and easements therefor and all appurtenances and machinery necessary or useful for the System, all pursuant to the preliminary maps, plans and specifications therefor which have been prepared and filed by Ruen-Yeager and Associates, Inc., the consulting engineers of the District.

Purchaser shall mean _____, of _____, Idaho, as the initial purchaser of the Bonds.

RECEIVED
SEP 17 1992

Qualified Insurer shall mean an insurance company licensed to conduct business in any state of the United States, or a service corporation acting on behalf of one or more of such insurance companies, which insurance company or service corporation is rated "Aaa" by Moody's Investors Service, Inc. and "AAA" by Standard & Poor's Corporation.

Registered Owner shall mean the person whose name and address shall appear on the Bond Register as the owner of a specific Bond.

Reserve Account shall mean the "Green Ferry Water and Sewer District 1992 Water Revenue Bond Reserve Account" created pursuant to Section 15 of this Resolution.

Reserve Account Requirement shall mean an amount equal to the lesser of (1) the Maximum Annual Debt Service, (2) 125% of the Average Annual Debt Service or (3) 10% of the net proceeds of the Bonds.

Resolution No. 2 shall mean the resolution of the District, adopted by the Board on May 4, 1977, and pursuant to which the Outstanding Bonds were authorized.

Revenue Fund shall mean the District's "Water Revenue Fund of 1977" created by Section 2 of Resolution No. 2.

Revenue of the System shall mean all earnings, revenue and money received by the District from or on account of the operation of the System, including the income from investments of money in the Revenue Fund, the Debt Service Account and the Reserve Account, or from any other investment thereof, except the income from investments irrevocably pledged to the payment of any other water revenue bonds pursuant to a plan of retirement or refunding. The words "Revenue of the System" also shall include any federal or state reimbursements of operating expenses to the extent such expenses are included as Costs of Maintenance and Operation of the System, but shall not include System capital improvement fees and ad valorem taxes collected by the District.

Secretary shall mean the de facto or de jure Secretary of the District, or other officer of the District who is the custodian of the seal of the District and of the records of the proceedings of the Board, or her successor in functions, if any.

System shall mean the water system of the District, as it now exists and as it may later be added to, extended and improved, and shall include, without limitation, reservoirs, storage facilities, water mains, conduits, aqueducts, pipelines, pumping stations, filtration plants, and all appurtenances and machinery necessary or useful for obtaining, storing, treating, purifying or transporting water for domestic uses or purposes.

Treasurer shall mean the de facto or de jure Treasurer of the District, or other officer of the District who is the custodian of the funds of the District, or her successor in functions, if any.

SEP 17 1992

Section 2: THE PROJECT

The Project shall conform to the description contained in Resolution No. 91-1 of the District, as ratified and approved by a special election held on August 23, 1991, for which proper notice was given and all votes duly canvassed; *provided*, however, the Board may make changes in the Project prior to or in the course of actual construction, provided such changes are found necessary and desirable by the Board and that such changes do not substantially affect or alter the plans or the Cost of the Project. The Costs of the Project will be approximately \$71,500, all of which shall be paid from the issuance and sale of the Bonds.

Section 3: THE BONDS

A. *Description.* Revenue bonds are hereby authorized to be issued, which shall be designated "Green Ferry Water and Sewer District Water Revenue Bonds, Series 1992" (the "Bonds"). The Bonds shall be issued as serial bonds, shall be dated as of August 1, 1992, shall be in an aggregate principal amount of \$71,500, shall be in denominations of \$5,000 each or any integral multiple thereof within a single maturity (except Bond No. 1 which shall be in the principal amount of \$1,500), shall be issued only in fully registered form, and shall be sold by public sale. The Bonds shall be substantially in the form set forth in Exhibit "A" attached hereto and hereby made a part hereof.

The Bonds shall bear interest at the rates set forth in the Bond Sale Resolution. Interest on the Bonds shall be payable commencing February 1, 1993, and semiannually thereafter on each August 1 and February 1, until their respective dates of maturity. Interest shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

The Bonds shall mature on August 1 of each year in the principal amounts set forth in the following schedule:

<u>Maturity Date</u>	<u>Principal Amount</u>
August 1, 1993	\$11,500
August 1, 1994	10,000
August 1, 1995	10,000
August 1, 1996	10,000
August 1, 1997	10,000
August 1, 1998	10,000

The annual maturities of the Bonds shall be payable in accordance with the Municipal Bond Law.

B. *Recitals.* Each Bond shall contain the following recitals:

RECORDED
SEP 17 1992

(1) "This Bond has been issued pursuant to the Water and Sewer District Revenue Bond Act (Title 42, Chapter 41, Idaho Code)."

(2) "This Bond, including the interest hereon, is payable solely from the Revenue of the System pledged to the payment hereof."

(3) "This Bond is issued in conformity with and after full compliance with the Constitution of the State of Idaho and the Municipal Bond Law and all other laws applicable thereto."

C. *Redemption; Open Market Purchase.* The Bonds shall not be subject to redemption prior to their fixed dates of maturity. The District hereby reserves the right to purchase the Bonds on the open market at any price. All Bonds so purchased shall be cancelled.

Section 4: PUBLIC SALE OF THE BONDS

The Bonds shall be sold at a public sale. Notice of such sale shall be substantially in the form set forth in Exhibit "B" attached hereto and incorporated herein by reference. Said notice shall be sent by first-class mail, postage pre-paid, to all underwriters and financial institutions deemed appropriate by the District. Such notice shall specify the place, date and time when the bids for the Bonds shall be opened. Notice of the public sale of the Bonds shall also be published in the manner set forth in Idaho Code §57-215.

Bids will be opened by the District on August __, 1992, at 5:00 p.m., P.D.T., at the office of the District. The Treasurer is authorized and directed to conduct the public sale of the Bonds in accordance with said notice. The Board shall act on the sale of the Bonds at its meeting on August __, 1992.

Section 5: PLACE AND MANNER OF PAYMENT

Both principal of and interest on the Bonds are payable in lawful money of the United States to the Registered Owners thereof.

Payment of each installment of interest shall be made to the Registered Owner whose name appears on the Bond Register at the close of business on the fifteenth day of the calendar month preceding the interest payment date. Each installment of interest shall be paid by check or draft of the District mailed to such Registered Owner on the due date at the address appearing on the Bond Register, or at such other address as may be furnished in writing by such Registered Owner to the Treasurer.

Principal of the Bonds shall be payable to the Registered Owner, upon presentation and surrender of the Bonds on or after the date of maturity, at the office of the Treasurer.

The District and the Treasurer may deem and treat the Registered Owner of each Bond as the absolute owner of such Bond for the purpose of receiving payments of

RECEIVED
SEP 17 1992

principal and interest due on such Bond and for all other purposes, and neither the District nor the Treasurer shall be affected by any notice to the contrary.

Section 6: EXECUTION OF THE BONDS

Without unreasonable delay the District shall cause definitive Bonds to be prepared, executed and delivered, which Bonds shall be lithographed or printed with steel engraved or lithographed borders. The Bonds shall be executed on behalf of the District by the manual or facsimile signature of the Chairman, shall be countersigned by the manual or facsimile signature of the Treasurer, shall be attested by the manual or facsimile signature of the Secretary, and shall have the seal of the District imprinted or impressed thereon.

The Bonds shall then be authenticated by the Treasurer, as registrar. The Bonds shall be numbered separately in the manner and with any additional designation as the Treasurer deems necessary for purposes of identification.

Until the definitive Bonds are prepared, the District may, if deemed necessary by the Secretary, utilize a temporary Bond which shall be typewritten, and which shall be delivered to the Purchaser in lieu of definitive Bonds, but subject to the same provisions, limitations and conditions as the definitive Bonds. Such temporary Bond shall be dated as of the date of the Bonds, shall be in the principal amount of \$71,500, shall be numbered T-1, shall be substantially of the tenor of the definitive Bonds, but with such omissions, insertions and variations as may be appropriate to temporary bonds, and shall be manually signed by the Chairman, the Treasurer and the Secretary.

In case any of the officers who shall have signed or attested any of the Bonds shall cease to be such officer or officers of the District before the Bonds so signed or attested shall have been authenticated or delivered by the Treasurer, or issued by the District, such Bonds may nevertheless be authenticated, delivered and issued and, upon such authentication, delivery and issue, shall be as binding upon the District as though those who signed and attested the same had continued to be such officers of the District. Any Bond may also be signed and attested on behalf of the District by such persons as at the actual date of execution of such Bond shall be the proper officers of the District although at the original date of such Bond any such person shall not have been such officer of the District.

Only such of the Bonds as shall bear thereon a Certificate of Authentication substantially in the form set forth in Exhibit "A" hereto, manually executed by the Treasurer, shall be valid or obligatory for any purpose or entitled to the benefits of this Resolution, and such Certificate of Authentication shall be conclusive evidence that the Bonds so authenticated have been duly executed, authenticated and delivered hereunder and are entitled to the benefits of this Resolution.

Section 7: REGISTRATION OF THE BONDS

The Treasurer is hereby appointed as registrar, authenticating agent, paying agent, and transfer agent with respect to the Bonds, subject to the following terms and conditions:

SEP 17 1992

A. The Treasurer shall keep, or cause to be kept, sufficient books for the registration and transfer of the Bonds, which shall at all times be open to inspection by the District.

B. The Treasurer shall be responsible for her representations contained in the Certificate of Authentication on the Bonds.

C. The District hereby specifies and adopts for purposes of the Bonds, the system of registration for the Bonds set forth in Resolution No. ____ of the District, adopted on the date hereof.

Section 8: TRANSFER OR EXCHANGE OF THE BONDS

The Bonds shall be transferable by the Registered Owners thereof in person, or by their attorney duly authorized in writing, upon surrender of the Bonds at the office of the Treasurer for cancellation and issuance of new Bonds registered in the name of the transferee, in exchange therefor.

The Bonds shall be exchangeable for other Bonds of any authorized denomination or denominations, upon surrender and cancellation of said Bonds at the office of the Treasurer.

Whenever a Bond shall be surrendered for transfer or exchange, the Treasurer shall authenticate and deliver to the transferee or exchangee, in exchange therefor, a new fully registered Bond of any authorized denomination, of the same maturity and interest rate, and for the aggregate principal amount of such Bond being surrendered.

The Treasurer shall not be required to transfer or exchange any Bond during the fifteen-day period immediately preceding any interest or principal payment date. The Treasurer shall require the payment by the Registered Owner requesting such transfer or exchange of any tax, fee or governmental charge required to be paid with respect to such transfer or exchange. The costs imposed by the Treasurer for such transfer or exchange shall be borne by the District.

Section 9: MUTILATED, DESTROYED, LOST OR STOLEN BONDS

A. If any Bond shall become mutilated, destroyed, lost or stolen, the affected Registered Owner shall be entitled to the issuance of a substitute Bond only as follows:

(1) in the case of a lost, stolen or destroyed Bond, the Registered Owner shall (a) provide notice of the loss, theft or destruction to the District and the Treasurer within a reasonable time after the Registered Owner receives notice of the loss, theft or destruction, (b) request the issuance of a substitute Bond, (c) provide evidence, satisfactory to the District and the Treasurer, of the ownership and the loss, theft or destruction of the affected Bond, and (d) file in the offices of the Treasurer and the Treasurer a written affidavit specifically alleging on oath that said

Registered Owner is the proper owner, payee or legal representative of such owner or payee of the Bond that has been lost, stolen or destroyed, giving the date the Bond was issued, the number, principal amount and series of such Bond, and stating that the Bond has been lost, stolen or destroyed, and has not been paid and has not been received by such Registered Owner;

(2) in the case of a mutilated Bond, the Registered Owner shall surrender the Bond to the Treasurer for cancellation; and

(3) in all cases, the Registered Owner shall provide indemnity against any and all claims arising out of or otherwise related to the issuance of substitute Bonds pursuant to this Section 7 satisfactory to the District and the Treasurer.

Upon compliance with the foregoing, a new Bond of like tenor and denomination, bearing the same number as the mutilated, destroyed, lost or stolen Bond, and with the word "DUPLICATE" stamped or printed plainly on its face, shall be executed by the District, authenticated by the Treasurer and delivered to the Registered Owner, all at the expense of the Registered Owner to whom the substitute Bond is delivered. Notwithstanding the foregoing, the Treasurer shall not be required to authenticate and deliver any substitute Bond for a Bond which has been called for redemption or which has matured or is about to mature and, in any such case, the principal or redemption price and interest then due or becoming due shall be paid by the Treasurer in accordance with the terms of the mutilated, destroyed, lost or stolen Bond without substitution therefor.

B. Upon the issuance and authentication of any substitute Bond under the provisions of this Section 7, the Treasurer shall enter upon the Bond Register a notation that the original Bond was cancelled and a substitute Bond was issued therefor.

C. Every substituted Bond issued pursuant to this Section 7 shall constitute an additional contractual obligation of the District and shall be entitled to all the benefits of this Resolution equally and proportionately with any and all other Bonds duly issued hereunder unless the Bond alleged to have been destroyed, lost or stolen shall be at any time enforceable by a bona fide purchaser for value without notice. In the event the Bond alleged to have been destroyed, lost or stolen shall be enforceable by anyone, the District may recover the substitute Bond from the Registered Owner to whom it was issued or from anyone taking under the Registered Owner except a bona fide purchaser for value without notice.

D. All Bonds shall be held and owned upon the express condition that the foregoing provisions are exclusive with respect to the replacement or payment of mutilated, destroyed, lost or stolen Bonds, and shall preclude any and all other rights or remedies, notwithstanding any law or statute existing or hereafter enacted to the contrary with respect to the replacement or payment of negotiable instruments or of investment or other securities without their surrender.

MICROFILMED

SEP 17 1992

Section 10: DEFEASANCE OF THE BONDS

In the event that money and/or United States government obligations or obligations unconditionally guaranteed by the United States of America (maturing or having guaranteed redemption prices at the option of the owner at such times and bearing interest to be earned thereon in such amounts, together with any resulting cash balances) as are sufficient to redeem and retire part or all of the Bonds in accordance with their terms, are hereafter irrevocably set aside in a special account and pledged to effect such redemption and retirement, then no further payments need be made into the Debt Service Account or the Reserve Account for the payment of the principal of and interest on the certain Bonds so provided for, and such Bonds and interest accrued thereon shall no longer be deemed to be Outstanding hereunder.

If the principal or redemption price of any Bonds becoming due, either at maturity or otherwise, together with all interest accruing thereon to the due date, has been paid or provision therefor made in accordance with this Section 8, all interest on such Bonds shall cease to accrue on the due date and all liability of the District with respect to such Bonds shall likewise cease, except as hereinafter provided. Thereafter the Registered Owners of such Bonds shall be restricted exclusively to the funds so deposited for any claim of whatsoever nature with respect to such Bonds, and the Treasurer shall hold such funds in trust for such Registered Owners uninvested and without interest.

Section 11: RATES AND CHARGES

The District has established, may from time to time revise, and shall maintain and collect from the users of the System, rates and charges for furnishing the services and the facilities of the System to such users thereof. Said rates and charges are, and shall continue to be, uniform as to all persons or properties which are of the same class.

Section 12: PLEDGE OF THE REVENUE OF THE SYSTEM

The Revenue of the System is irrevocably pledged for the payment of the Outstanding Bonds, the Bonds and the Additional Bonds, as a prior first charge and lien thereon. Notwithstanding the foregoing, the Outstanding Bonds, the Bonds and the Additional Bonds are not secured by a lien on any properties, facilities or equipment of the System.

Section 13: THE REVENUE FUND

All Revenue of the System shall be deposited into the Revenue Fund as collected, and shall be held separate and apart from all other funds of the District. The Revenue of the System deposited therein shall be used only for the following purposes and in the following order of priority

First, to pay the interest on the Outstanding Bonds, the Bonds and any Additional Bonds;

RECEIVED
SEP 17 1992

Second, to pay the principal of the Outstanding Bonds, the Bonds and any Additional Bonds, and to make any mandatory sinking fund deposits required to be made for the payment of the principal of any Term Bonds;

Third, to pay the Costs of Maintenance and Operation of the System by deposits into the Maintenance and Operation Fund;

Fourth, to make all payments required to be made (1) into the "Revenue Bond Reserve Account" pursuant to Resolution No. 2, (2) into the Reserve Account pursuant to Section ___ of this Resolution, and (3) to a Qualified Insurer in connection with a surety bond issued to fund the Reserve Account;

Fifth, to pay any bond, note or other obligation that has a lien upon the Revenue of the System junior and inferior to the lien thereon for the payment of the principal of and interest on the Outstanding Bonds, the Bonds and any Additional Bonds;

Sixth, to pay any bond, note or other obligation that does not have a lien upon the Revenue of the System but that was issued to finance the Acquisition, construction, reconstruction, improvement, betterment or extension of the System;

Seventh, to provide a reserve fund for capital improvements to the System; and

Eighth, for any other lawful District purposes, including, but not limited to, payments of municipal taxes or payments to the District in lieu of taxes.

Section 14: THE DEBT SERVICE ACCOUNT

A. *Creation of the Debt Service Account.* There is hereby created and shall be maintained by the district a fund separate and distinct from all other funds and accounts of the District, which fund shall be designated the "Green Ferry Water and Sewer District 1992 Water Revenue Bond Debt Service Account" (the "Debt Service Account") solely for the purpose of paying the principal of, and interest on the Bonds.

B. *Payments from the Debt Service Account.* As long as any Bond remains Outstanding, the District hereby irrevocably obligates, pledges and binds itself to set aside and pay from the Net Revenue into the Debt Service Account, those amounts necessary, together with such other funds as are on hand and available in the Debt Service Account, to pay installments of interest, or principal and interest, next coming due on the Bonds. Such payments shall be made on or before the twentieth day of each month as follows:

(1) During the months of September, 1992, through January, 1993, an amount that, together with other money available therefor, the Debt Service Account, will be equal to at least one-fifth (1/5) of the interest to become due and payable on the Bonds on February 1, 1993;

SEP 17 1992

(2) Beginning with the month of February, 1993, and continuing for as long as any of the Bonds are Outstanding and unpaid, an amount that, together with other money available therefor in the Debt Service Account, will be equal to at least one-sixth (1/6) of the interest to become due and payable on the next interest payment date on all of the Bonds then Outstanding;

(3) During the months of September, 1992, through August, 1993, an amount that, together with other money available therefor in the Debt Service Account, will be equal to at least one-eleventh (1/11) of the principal to mature on August 1, 1993: and

(4) Beginning with the month of August, 1993, and continuing for as long as the Bonds are Outstanding and unpaid, an amount that, together with other money available therefor in the Debt Service Account, will be equal to at least one-twelfth (1/12) of the principal to mature on the next principal payment date of such Bonds.

C. *Depletion of the Debt Service Account.* Money in the Debt Service Account shall be depleted at least once annually, except for a reasonable carryover amount not to exceed the greater of (1) one year's earnings on amounts in the Revenue Bond Fund or (2) one-twelfth of the Annual Debt Service.

D. *Investments.* Money in the Debt Service Account may be invested as permitted by law. Investments of funds in the Debt Service Account shall mature prior to the date on which such money shall be needed for required interest or principal payments. All interest earned and income derived by virtue of such investments shall remain in the Debt Service Account and be used to meet the required deposits therein. Subject to the other provisions of this paragraph, money in both the Debt Service Account and the Reserve Account may be combined for the purpose of purchasing investments *provided* the records of the District shall show to which account the respective portions of any such combined investments are credited.

Section 15: THE RESERVE ACCOUNT

A. *Creation of the Reserve Account.* There is hereby created and shall be maintained by the district a fund separate and distinct from all other funds and accounts of the District, which fund shall be designated the "Green Ferry Water and Sewer District 1992 Water Revenue Bond Reserve Account" (the "Reserve Account") solely for the purpose of securing the payment of the principal of and interest on the Bonds.

B. *Funding of the Reserve Account.* Simultaneously with the issuance and delivery of the Bonds, the District shall deposit an amount into the Reserve Account that will be sufficient to equal the Reserve Account Requirement. The District hereby reserves the right to recalculate the Reserve Account Requirement from time to time. The District shall at all times maintain in the Reserve Account an amount ~~at least~~ equal to the Reserve Account Requirement. Any deficiency created in the Reserve Account by reason of a

SEP 17 1992

withdrawal therefrom shall then be made up out of Revenue of the System after making the necessary provision for the payments required to be made by subparagraphs First, Second and Third of Section 16 hereof.

C. *Payments from the Reserve Account.* In the event there are insufficient funds in the Debt Service Account to meet maturing installments of principal of and interest on the Bonds, such deficiency shall be made up from the Reserve Account by the withdrawal of money therefrom. Whenever there are sufficient amounts in the Reserve Account and the Debt Service Account to pay the principal of, premium if any, and interest on all Bonds then Outstanding, the money in the Reserve Account may be used to pay such principal, premium and interest. Money in the Reserve Account may also be withdrawn to redeem and retire, and to pay the premium, if any, and interest due to such date of redemption, on any Outstanding Bonds, Bonds or Additional Bonds, as long as the money left remaining on deposit in the Reserve Account is equal to the Reserve Account Requirement. If at any time the amount in the Reserve Account exceeds the Reserve Account Requirement, such surplus shall be deposited into the Debt Service Account.

D. *Substitution for Money in the Reserve Account.* Notwithstanding anything in this Section 17 to the contrary, the District may fund the Reserve Account through a surety bond issued by a Qualified Insurer. The amount payable by the Qualified Insurer under such surety bond shall be credited against the amounts otherwise required to be accumulated and maintained in the Reserve Account for the Outstanding Bonds, the Bonds and any Additional Bonds. The District hereby reserves the right to substitute a surety bond issued by a Qualified Insurer for money then on deposit in the Reserve Account.

E. *Investments.* Money in the Reserve Account may be invested as permitted by law. Investments of funds in the Reserve Account shall be available to pay any deficiencies that may occur in the Debt Service Account. All interest earned and income derived by virtue of such investments shall remain in the Reserve Account and be used to meet the required deposits into any account therein. Subject to the other provisions of this paragraph, money in both the Debt Service Account and the Reserve Account may be combined for the purpose of purchasing investments *provided* the records of the District shall show to which account the respective portions of any such combined investments are credited.

Section 16: THE CONSTRUCTION FUND

There is hereby created and shall be maintained by the district a fund separate and distinct from all other funds and accounts of the District, which fund shall be designated the "Green Ferry Water and Sewer District 1992 Construction Fund" (the "Construction Fund"), or such other designations conforming to banking practices or good accounting practices. Other than proceeds used to pay underwriter's discount, which will be retained by the Purchaser, and proceeds representing accrued interest, which shall be deposited into the Debt Service Account, the District shall be deposit all proceeds of the Bonds into the Construction Fund.

RECEIVED
SEP 17 1992

Money in the Construction Fund shall be withdrawn to pay the Costs of the Project. The District may invest such money in legal investments of the District pending the use thereof. Any interest earnings on such investments shall be deposited into said Construction Fund. The District's share of any liquidated damages or other moneys paid by defaulting contractors or their sureties will be deposited into said Construction Fund to assure the completion of the Project. When the Project has been completed and all costs related thereto have been paid in full, any balance remaining in the Construction Fund will be deposited into the Debt Service Account.

Section 17: COVENANTS

A. *Maintenance and Repair of System.* The District shall at all times maintain, preserve and keep the properties of the System in good repair, working order and condition and will from time to time make all necessary and proper repairs, renewals, replacements, extensions and betterments thereto, so that at all times the business carried on in connection therewith will be properly and advantageously conducted, and the District will at all times operate or cause to be operated said properties of the System and the business in connection therewith in an efficient manner and at a reasonable cost.

B. *Rates and Charges.* The District shall fix, maintain and collect rates and charges for the use of the services and facilities and all commodities sold, furnished or supplied by the System, which shall be fair and nondiscriminatory and shall adjust such rates and charges from time to time so that:

(1) the Revenue of the System will at all times be sufficient (a) to pay the Costs of Maintenance and Operation, (b) to make any payments required to be made on account of the Outstanding Bonds, the Bonds and any Additional Bonds, as and when the same shall become due and payable, (c) to make adequate provision for the payment on account of any Term Bonds as and when the same shall become due and payable, (d) to make when due all payments which the District is obligated to make into the Reserve Account and all other payments which the District is obligated to make pursuant to Resolution No. 2 and this Resolution, and (e) to pay all taxes, assessments or other governmental charges lawfully imposed on the System or the revenue therefrom or payments in lieu thereof and any and all other amounts which the District may now or hereafter become obligated to pay from the Revenue of the System by law or contract; and

(2) the Net Revenue for each calendar year will equal at least 1.1 times the Average Annual Debt Service on all Outstanding Bonds, Bonds and Additional Bonds then Outstanding.

C. *Sale or Disposal of System.* The District will not sell or otherwise dispose of the System in its entirety unless simultaneously with such sale or other disposition provision is made for payment into a trust account of cash or government obligations sufficient (taking into account interest to be earned on any such government obligations) to pay the principal of and interest on all of the Outstanding Bonds, Bonds and Additional

SEP 17 1992

Bonds then Outstanding, nor will it sell or otherwise dispose of any part of the useful operating properties of the System unless such facilities are replaced or provision is made for payment into a trust account of the greatest of the following:

(1) An amount which will be in the same proportion to the net amount of the Outstanding Bonds, Bonds and Additional Bonds then Outstanding (defined as the total principal amount of Outstanding Bonds, Bonds and Additional Bonds less the amount of cash and investments in the Debt Service Account and the Reserve Account) that the revenue from the portion of the System sold or disposed of for the preceding year bears to the total Revenue of the System for such period; or

(2) An amount which will be in the same proportion to the net amount of Outstanding Bonds, Bonds and Additional Bonds then Outstanding (as defined above) that the Net Revenue from the portion of the System sold or disposed of for the preceding year bears to the total Net Revenue for such period; or

(3) An amount which will be in the same proportion to the net amount of the Outstanding Bonds, Bonds and Additional Bonds then Outstanding (as defined above) that the depreciated cost value of the facilities sold or disposed of bears to the depreciated cost value of the entire System immediately prior to such sale or disposition.

Notwithstanding any other provision of this paragraph, the District may sell or otherwise dispose of any of the works, plant, properties and facilities of the System or any real or personal property comprising a part of the same which shall have become unserviceable, inadequate, obsolete or unfit to be used in the operation of the System, or no longer necessary, material to or useful in such operation, without making any deposit into said trust account.

D *Liens and Encumbrances.* The District will not at any time create or permit to accrue or to exist any lien or other encumbrance or indebtedness upon the System or the Net Revenue, or any part thereof, prior or superior to the lien thereon for the payment of the Outstanding Bonds, the Bonds and any Additional Bonds, and will pay and discharge, or cause to be paid and discharged, any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien or charge upon the Revenue of the System, or any part thereof, prior to or superior to the lien of the Outstanding Bonds, the Bonds and any Additional Bonds, or which might impair the security of the Outstanding Bonds, the Bonds and any Additional Bonds.

E. *Insurance.* The District will keep the works, plants and facilities comprising the System insured, and will carry such other insurance, with responsible insurers, with policies payable to the District, against risks, accidents or casualties, at least to the extent that insurance is usually carried by municipal corporations operating like properties, or will implement a self-insurance program with reserves adequate, in the judgment of the Board, to protect the District and the Registered Owners of the Bonds against loss. In the event of any loss or damage, the District will promptly repair or replace the damaged portion of the

insured property and apply the proceeds of any insurance policy for that purpose; or in the event the District should determine not to repair or reconstruct such damaged portion of the properties of the System, the proceeds of such insurance shall be paid into the Reserve Account to the extent that such transfer shall be necessary to make up any deficiency in said Reserve Account and the balance, if any, shall at the option of the District be used either for repairs, renewals, replacements, or capital additions to the System, for the redemption of Bonds or Additional Bonds, or for deposit into the Reserve Account.

F. *Books of Account.* The District shall keep proper books of account which shall be kept in accordance with any applicable rules, regulations and statutes prescribed by the State of Idaho. The District shall prepare, and any Registered Owner of the Bonds may obtain copies of, balance sheets and profit and loss statements showing in reasonable detail the financial condition of the System as of the close of each year, and the income and expenses of such year, including the amounts paid into the Revenue Fund, the Debt Service Account, the Reserve Account and all special funds or accounts created pursuant to the provisions of this Resolution, and the amounts expended for maintenance, renewals, replacements and capital additions to the System.

G. *No Free Service.* The District will not furnish or supply or permit the furnishing or supplying of any service or facility furnished by or in connection with the operation of the System, free of charge to any person, firm or corporation, public or private, so long as any the Bonds are Outstanding and unpaid.

H. *Limitation on Future Improvements.* The District will not expend any of the Revenue of the System or the proceeds of any indebtedness payable therefrom for any extensions, betterments and improvements to the System which are not legally required or economically sound, and which will not properly and advantageously contribute to the conduct of the business of the System in an efficient manner.

I. *Payment by District for Services.* To the extent the District or any of its departments, boards or agencies are furnished services by the System, the District shall transfer money from its general fund to the Revenue Fund in an amount that is equal to the rates and charges for such services.

Section 18: TAX COVENANTS

A. *Compliance with Code and Tax Certificate.* The District covenants to comply with each requirement of the Code necessary to maintain the exclusion of interest on the Bonds from gross income for federal income tax purposes. In furtherance of the covenant contained in the preceding sentence, the District covenants to comply with the provisions of the Arbitrage and Tax Regulatory Certificate (the "Tax Certificate") executed by the District on the date of initial issuance and delivery of the Bonds, as such Tax Certificate may be amended from time to time.

RECORDED
SEP 17 1992

B. *Required Payments.* The District covenants to make any and all payments required to be made to the United States Department of the Treasury in connection with the Bonds pursuant to Section 148(f) of the Code.

C. *Survival of Tax Covenants.* Notwithstanding any other provision of this Resolution to the contrary, so long as necessary in order to maintain the exclusion from gross income of interest on the Bonds for federal income tax purposes, the covenants contained in this Section 18 shall survive the payment of the Bonds and the interest thereon, including any payment or defeasance thereof pursuant to Section 10 of this Resolution.

D. *Remedies.* Notwithstanding any other provision of this Resolution to the contrary, (1) upon the District's failure to observe or refusal to comply with the above covenants, the Registered Owners, or any trustee acting on their behalf, shall be entitled to the rights and remedies provided to the Registered Owners under this Resolution, other than the right to declare the principal of all Bonds then Outstanding, and the interest accrued thereon, to be due and payable and (2) neither the holder or registered owner of bonds of any series other than the Bonds, nor any trustee acting on their behalf, shall be entitled to exercise any right or remedy provided to the Registered Owners under this Resolution based upon the District's failure to observe, or refusal to comply with, the above covenants.

Section 19: ISSUANCE OF ADDITIONAL BONDS

The District hereby covenants and agrees with the Registered Owners, for as long as any of the Bonds remain Outstanding, that the District will not issue any bonds having a greater priority of lien upon the Revenues of the System to pay and secure the payment of the principal of and interest on such bonds than the priority of lien created on such Revenues of the System to pay and secure the payment of the principal of and interest on the Outstanding Bonds, the Bonds and any Additional Bonds. The District shall not issue any bonds having an equal priority of lien upon the Revenues of the System to pay and secure the payment of the principal of and interest on such bonds than the priority of lien created on such Revenues of the System to pay and secure the payment of the principal of and interest on the Outstanding Bonds, the Bonds and any Additional Bonds except as provided in Section 8 of Resolution No. 2.

Section 20: AMENDMENTS TO BOND RESOLUTION

A. The Board may adopt at any time resolutions supplemental hereto, which resolutions thereafter shall become a part of this Resolution, for any one or more of all of the following purposes:

(1) To add to or delete from the covenants and agreements of the District in this Resolution, *provided* such amendment shall not adversely affect the interests of the Registered Owners of any Bonds, or to surrender any right or power herein reserved.

SEP 17 1992

(2) To cure, correct or supplement any ambiguous or defective provision contained in this Resolution or any resolution authorizing future bonds with respect to matters or questions arising under such resolutions as the Board may deem necessary or desirable and not inconsistent with such resolutions and which shall not adversely affect, in any material respect, the interests of the Registered Owners of the Bonds.

Any such supplemental resolution may be adopted without the consent of the Registered Owners of any Bonds at any time Outstanding, notwithstanding any of the provisions of subsection B of this Section 21, provided the District receives an opinion of a nationally recognized bond counsel that such amendment will not cause interest on the Bonds to be subject to taxation under the Code or under the laws of the State of Idaho.

B. With the consent of the Registered Owners of not less than sixty-five percent (65%) in aggregate principal amount of the Bonds at the time Outstanding, the Board may adopt an resolution supplemental hereto for the purpose of adding any provisions to, or changing in any manner, or eliminating any of the provisions of this Resolution or of any supplemental resolution, provided the District receives an opinion of a nationally recognized bond counsel that such amendment will not cause interest on the Bonds to be subject to taxation under the Code or under the laws of the State of Idaho, and provided further, that no such supplemental resolution shall:

(1) Extend the fixed maturity of any Bonds, or reduce the rate of interest thereon, or extend the time of payments of interest from their due date, or reduce the amount of the principal thereof, or reduce any premium payable on the redemption thereof, without the consent of the Registered Owner of each Bond so affected; or

(2) Reduce the aforesaid percentage of Registered Owners of Bonds required to approve any such supplemental resolution, without the consent of the Registered Owners of all of the Bonds then Outstanding.

It shall not be necessary for the consent of Registered Owners of Bonds under this subsection B to approve the particular form of any proposed supplemental resolution, but it shall be sufficient if such consent shall approve the substance thereof.

C. Upon the adoption of any supplemental resolution pursuant to the provisions of this Section 21, this Resolution shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations of the District under this Resolution and all Registered Owners of Bonds Outstanding hereunder shall thereafter be determined, exercised and enforced thereunder, subject in all respects to such modification and amendments, and all terms and conditions of any such supplemental resolution shall be deemed to be part of the terms and conditions of this Resolution for any and all purposes.

SEP 17 1992

D. Bonds executed and delivered after the execution of any supplemental resolution adopted pursuant to the provisions of this Section 21 may have a notation as to any matter provided for in such supplemental resolution, and if such supplemental resolution shall so provide, new Bonds so modified as to conform in the opinion of the Board to any modification of this Resolution contained in any such supplemental resolution, may be prepared and delivered without cost to the Registered Owners of any affected Bonds then Outstanding, upon surrender for cancellation of such Bonds in equal aggregate principal amounts.

Section 21: EVENTS OF DEFAULT

A. *Events Of Default Defined.* Each of the following shall be an "Event of Default" hereunder:

(1) Payment of the principal of any Bond is not made when it becomes due and payable at maturity; or

(2) Payment of any interest on any Bond is not made when it becomes due and payable; or

(3) The District fails or refuses to comply with any of its covenants hereunder, other than the timely payment of the principal of or interest on the Bonds (to which no cure period shall apply), and such failure or refusal shall continue for a period of ninety (90) days after written notice thereof has been given to the District by the Treasurer.

B. *No Acceleration.* If an Event of Default shall happen and shall not have been remedied, the Bonds shall not be subject to acceleration of payment, and each installment of principal of and interest on the Bonds shall be payable when due.

C. *Proceedings Brought by Registered Owners.* If an Event of Default happens and is not remedied, then the Registered Owners of not less than twenty-five percent (25%) in principal amount of Bonds Outstanding may proceed, by their agents and attorneys, to protect and enforce their rights under this Resolution forthwith by a suit in equity or at law, whether for the specific performance of any covenant herein contained, or in aid of the execution of any power herein granted, or for an accounting against the District as if the District were the trustee of an express trust, or in the enforcement of any other legal or equitable right as the legal representative of the Registered Owners shall deem most effectual to enforce any of their rights, and such Registered Owners may appoint a default trustee (the "Default Trustee") to represent their interests.

All rights of action under this Resolution may be enforced by any Default Trustee without the possession of any of the Bonds or the production thereof on the trial or other proceedings, and any such suit or proceedings instituted by the Default Trustee shall be brought in its name.

The Registered Owners of not less than a majority in principal amount of the Bonds then Outstanding may direct the time, method and place of conducting any proceeding for any remedy available to them provided that the Default Trustee shall have the right to decline to follow any such direction if the Default Trustee shall be advised by counsel that the action or proceeding so directed may not lawfully be taken, or if the Default Trustee in good faith shall determine that the action or proceeding so directed would involve the Default Trustee in personal liability or be unjustly prejudicial to the Registered Owners who are not parties to such direction.

Regardless of the happening of an Event of Default, the Default Trustee shall have power to institute and maintain such suits and proceedings as it may be advised shall be necessary or expedient to prevent any impairment of the security under this Resolution by any acts which may be unlawful or in violation of this Resolution, and such suits and proceedings as the Default Trustee may be advised shall be necessary or expedient to preserve or protect the interests of the Registered Owners.

D. *Receivership of System.* In the event that an Event of Default occurs and is not remedied within ninety (90) days thereafter, the Registered Owners of not less than twenty-five percent (25%) of the principal amount of the Outstanding Bonds, or the Default Trustee (if appointed pursuant to subsection C above), shall be entitled to the appointment of a receiver of the System (the "Receiver"). The Receiver shall have the authority hereunder to:

- (1) enter and take possession of the System;
- (2) operate and maintain the System;
- (3) prescribe rates, fees, tolls or charges that are sufficient to generate Revenue of the System that is no greater than the amount of such revenue that the District has covenanted to generate pursuant to Section 17, subsection B, of this Resolution; and
- (4) receive and apply all Revenue of the System in the same manner as the District itself might do.

The Receiver shall relinquish possession of the System and all powers granted to the Receiver hereunder if, during any calendar year after the Receiver has been appointed, the Net Revenue equals at least 1.1 times the Average Annual Debt Service on all Outstanding Bonds, Bonds and Additional Bonds then Outstanding. Nothing hereunder shall be construed as transferring title to the System to the Receiver upon the occurrence of an Event of Default.

E. *Restriction on Action of Registered Owners.* Except as otherwise provided above, no Registered Owner shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of any provision of this Resolution or for any remedy under this Resolution, unless such Registered Owner shall have previously given to the District written notice of the happening of an Event of Default and shall have offered

it reasonable opportunity, either to exercise the powers granted in this Resolution or by the laws of the State of Idaho, or to institute such action, suit or proceeding in its own name, it being understood and intended that no one or more Registered Owners shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the pledge created by this Resolution, or to enforce any right under this Resolution, except in the manner herein provided; and that all proceedings at law or in equity to enforce any provision of this Resolution shall be instituted, had and maintained in the manner provided in this Resolution and for the equal benefit of all Registered Owners.

Nothing in this Resolution or in the Bonds shall affect or impair the obligation of the District, which is absolute and unconditional, to pay from the sources provided in this Resolution at the respective dates of maturity and places therein expressed the principal of, premium, if any, and interest on the Bonds to the respective Registered Owners thereof, or affect or impair the right of action, which is also absolute and unconditional, of any Registered Owner to enforce such payment of his Bond.

F. *Remedies Not Exclusive.* No remedy herein conferred is intended to be exclusive of any other remedy or remedies, and each remedy is in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute.

G. *Delays and Omissions Not to Impair Rights.* No delays or omissions in respect of exercising any right or power accruing upon any default shall impair such right or power or be a waiver of such default, and every remedy given by this Section 22 may be exercised from time to time and as often as may be deemed expedient.

Section 22: BONDS NOT DEBT

The Bonds are payable solely from amounts deposited into the Debt Service Account and the Reserve Account, and shall not constitute debt of the District, and accordingly, the District shall not be liable for the payment of the principal of and interest on the Bonds. The Bonds shall not be payable out of any funds or accounts other than from the Revenue of the System, as set forth in this Resolution.

Section 23: QUALIFIED TAX-EXEMPT OBLIGATIONS

The District hereby designates the Bonds as "qualified tax-exempt obligations" pursuant to and as defined in Section 265(b) of the Code. The District covenants that it shall not designate more than \$10,000,000 of tax-exempt obligations during the calendar year 1992. The District does not reasonably anticipate that it will issue in the aggregate more than \$10,000,000 principal amount of tax-exempt obligations during the calendar year 1992. In applying this \$10,000,000 limitation, the District has taken into account (1) tax-exempt obligations that it has issued and anticipates issuing, (2) tax-exempt obligations that any "subordinate entity" has issued or anticipates issuing, (3) tax-exempt obligations that any entity that issues obligations on behalf of the District has issued or anticipates issuing, and (4) tax-exempt obligations that an entity formed to avoid this \$10,000,000 limitation has issued or anticipates issuing. However, in applying this \$10,000,000

limitation, the District has not taken into account any private activity bond (other than qualified 501(c)(3) bonds) or any obligation issued to refund (other than in an advance refunding) another obligation to the extent that the amount of the refunding obligation does not exceed the amount of the refunded obligation.

Section 24: RATIFICATION

All actions not inconsistent with the provisions of this Resolution heretofore taken by the Board and its employees with respect to the early redemption of the Refunded Bonds and the issuance, sale and delivery of the Bonds, are hereby in all respects ratified, approved and confirmed.

Section 25: CONTRACT; SEVERABILITY

The covenants contained in this Resolution and in the Bonds shall constitute a contract between the District and the Registered Owner of each and every Bond. All the covenants promises and agreements in this Resolution contained by or on behalf of the District shall bind and inure to the benefit of their respective successors and assigns, whether so expressed or not.

If any one or more of the covenants or agreements provided in this Resolution to be performed on the part of the District shall be declared by any court of competent jurisdiction to be contrary to law, then such covenants or agreements, shall be null and void and shall be deemed separable from the remaining covenants and agreements in this Resolution and shall in no way affect the validity of the other provisions of this Resolution or of any Bonds.

Section 26: REPEALER

All resolutions or resolutions or parts thereof in conflict herewith are, to the extent of such conflict, hereby repealed, and shall have no further force or effect.

Section 27: EFFECTIVE DATE

This Resolution shall take effect immediately upon its adoption by the Board.

APPROVED
SEP 17 1992

PASSED and ADOPTED by the Board of Commissioners of the Green Ferry Water and Sewer District, of Kootenai County, Idaho, at a regular meeting thereof, held on August __, 1992.

GREEN FERRY WATER AND SEWER DISTRICT
WATER REVENUE BOND, SERIES 1992

(The Bonds of this series have been designated "Qualified Tax-Exempt Obligations")

Number

Dollars

See Reverse Side For Additional Provisions

INTEREST RATE:

MATURITY DATE: August 1, ____

The GREEN FERRY WATER AND SEWER DISTRICT, of Kootenai County, Idaho (the "District"), a duly existing water and sewer district organized and operating under the Constitution and laws of the State of Idaho now in force, hereby acknowledges itself to owe and for value received, promises to pay from the "Green Ferry Water And Sewer District 1992 Water Revenue Bond Debt Service Account" (the "Debt Service Account"), pursuant to Resolution No. ____, adopted on August __, 1992 (the "Bond Resolution"), to

or registered assigns, on the maturity date specified above, the principal sum of

DOLLARS

and to pay interest thereon from the aforesaid Revenue Bond Fund from August 1, 1992, or the most recent date to which interest has been paid or duly provided for, at the rate per annum specified above, payable semiannually commencing February 1, 1993, and on each August 1 and February 1 thereafter, to the date of maturity of this Bond. Interest shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

Both principal of and interest on this Bond are payable in lawful money of the United States of America to the Registered Owner hereof, whose name and address shall appear on the registration books of the District (the "Bond Register") maintained by the District's Treasurer. Interest shall be paid to the Registered Owner whose name appears on the Bond Register at the close of business on the fifteenth day of the calendar month preceding the interest payment date, and shall be paid by check or draft of the District mailed to such Registered Owner on the due date at the address appearing on the Bond Register, or such other address as may be furnished in writing by such Registered Owner to the Treasurer. Principal shall be paid to the Registered Owner upon presentation and surrender of this Bond on or after the stated date of maturity, at the office of the Treasurer.

Exhibit "A"

Page 1

SEP 17 1992

This Bond has been issued pursuant to the Water and Sewer District Revenue Bond Act (Title 42, Chapter 41, Idaho Code). This Bond, including the interest hereon, is payable solely from the Revenue of the System pledged to the payment hereof.

Reference is hereby made to the Additional Provisions of this Bond set forth on the reverse side hereof, and such Additional Provisions shall for all purposes have the same effect as if set forth in this space.

This Bond shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Bond Resolution until the Certificate of Authentication hereon shall have been manually signed by the Treasurer, as registrar.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that this Bond and the series of which it is one, are issued pursuant to and in strict compliance with the Constitution and the laws of the State of Idaho now in force, and the resolutions and resolutions of the District, specifically the Bond Resolution, and that all acts, conditions and things required to be done precedent to and in the issuance of this Bond have happened, been done and performed.

IN WITNESS WHEREOF, the District has caused this Bond to be executed by the facsimile signature of the Chairman, countersigned by the facsimile signature of the Treasurer, attested by the facsimile signature of the District Secretary and imprinted with a facsimile of the official seal of the District, as of the first day of August, 1992.

[Reverse Side of Bond]

ADDITIONAL PROVISIONS

This Bond is one of a duly authorized series of Bonds of like date, tenor and effect, except for variations required to state denominations, numbers, interest rates, and dates of maturity, aggregating the principal sum of \$71,500. The Bonds are issued as serial Bonds, in fully registered form in denominations of \$5,000 each or any integral multiple thereof within a single maturity (except Bond No. 1 which shall be in the principal amount of \$1,500), mature over the years 1993 through 1999, inclusive, and are special obligations of the District payable solely from the Debt Service Account. For a more particular description of said Debt Service Account, the revenues to be deposited therein, and the nature and extent of the security afforded thereby, reference is made to the provisions of the Bond Resolution. Capitalized terms used herein shall have the meanings given them by the Bond Resolution.

The Bonds constitute a prior lien and charge upon the Revenue of the System superior to all other charges of any kind or nature, and are equal to the charges necessary to pay the principal of and interest on the Outstanding Bonds and any Additional Bonds. This Bond, including the interest hereon, is payable solely from the revenues pledged under the Bond Resolution for the payment hereof. Notwithstanding the foregoing, the Bonds are not secured by a lien on any properties, facilities or equipment of the System.

The Bonds are issued by the District to pay a portion of the Costs of the Project pursuant to and in full compliance with the Constitution and laws of the State of Idaho now in force, particularly Title 42, Chapter 41, Idaho Code, and proceedings duly adopted and authorized by the Board, more particularly the Bond Resolution, for the purpose of paying

the costs of acquiring, constructing and installing improvements to the System, as specified in the Bond Resolution.

This Bond is not subject to redemption prior to its stated date of maturity.

The District has covenanted and agreed with the Registered Owners of the Bonds that it will keep and perform all of the covenants of this Bond and of the Bond Resolution to be by it kept and performed. The District has further covenanted to maintain the System in good repair, working order and condition, to operate the same in an efficient manner and at a reasonable cost, and to fix, maintain and collect rates and charges for service furnished by or through the System, sufficient in amount, for as long as any of the Bonds of this series are Outstanding, to make available from Revenue of the System all amounts required to be paid into the Debt Service Account in any year hereafter to pay the principal of and interest on the Bonds.

This Bond is transferable or exchangeable by the Registered Owner hereof in person or by his attorney duly authorized in writing upon presentation and surrender of this Bond at the office of the Treasurer. Upon such transfer or exchange, a new Bond of an authorized denomination, of the same maturity and interest rate, and for the same aggregate principal amount will be issued to the transferee or exchangee, in exchange therefor. Notwithstanding the foregoing, the Treasurer is not required to transfer or exchange any Bond during the fifteen-day period immediately preceding any interest or principal payment date.

The District and the Treasurer may deem and treat the Registered Owner hereof as the absolute owner hereof for the purpose of receiving payments of principal hereof and interest due hereon and for all other purposes, and neither the District nor the Treasurer shall be affected by any notice to the contrary.

The covenants contained herein and in the Bond Resolution, as such pertain to this Bond, may be discharged by making provision, at any time, for the payment of the principal of and interest on this Bond in the manner provided in the Bond Resolution.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things essential to the validity of this Bond and the Bonds of this series do exist, have happened, and have been done and that every requirement of the Constitution and laws of the State of Idaho now in force, and the resolutions and resolutions of the District affecting the issue hereof has been duly complied with; that the Net Revenue to be derived from the operation of the System, including any future improvements, additions or extensions thereto, have been pledged and will be set aside into the Revenue Bond Fund to be used for the payment of principal of and interest on this Bond in the order of priority provided in the Bond Resolution.

NOTICE OF BOND SALE

GREEN FERRY WATER AND SEWER DISTRICT
KOOTENAI COUNTY, IDAHO

\$71,500 WATER REVENUE BONDS, SERIES 1992

NOTICE IS HEREBY GIVEN that sealed bids will be received by the Green Ferry Water and Sewer District, Kootenai County, Idaho (the "District"), at the offices of the District:

Green Ferry Water and Sewer District
P.O.Box 1105
Post Falls, Idaho 83854

until 5:00 p.m., Pacific Daylight Time, on

August __, 1992

at which time all bids will be opened publicly and read for the purchase of \$71,500 principal amount of Green Ferry Water and Sewer District Water Revenue Bonds, Series 1992 (the "Bonds"). The bids will be considered and acted upon by the Board of Commissioners of the District at a special meeting on the same date.

Bond Details - The Bonds shall be issued as serial bonds, shall be dated as of August 1, 1992, shall be in an aggregate principal amount of \$71,500, and shall be in denominations of \$5,000 each or any integral multiple thereof within a single maturity (except Bond No. 1, which shall be in the principal amount of \$6,500). The Bonds shall be issued in fully registered form. Interest on the Bonds shall be payable commencing February 1, 1993, and semiannually thereafter on each August 1 and February 1, until their respective dates of maturity. Interest shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

The Bonds shall mature on August 1 of each year in the principal amounts set forth in the following schedule:

<u>Maturity Date</u>	<u>Principal Amount</u>
August 1, 1993	\$11,500
August 1, 1994	10,000
August 1, 1995	10,000
August 1, 1996	10,000
August 1, 1997	10,000
August 1, 1998	10,000

MICROFILMED
SEP 17 1992

Redemption - The Bonds are not subject to call or redemption prior to their stated date of maturity.

Payment - The principal of and interest on the Bonds are payable by the District and interest on the Bonds will be payable in lawful money of the United States of America. Interest on the Bonds shall be paid by check or draft mailed (on the date such interest is due) to the registered owners or nominees of such owners at the addresses appearing on the Bond Register as of the fifteenth day of the calendar month preceding the interest payment date. Principal of the Bonds shall be payable upon presentation and surrender of the Bonds by the registered owners or assigns of such owners at the office of the District.

Security - The Bonds, including interest thereon, are payable solely from the net revenue of the water system of the District pledged to the payment thereof. The Bonds are not a debt of the District and the District shall not be liable thereon, nor shall the Bonds be payable out of any other funds of the District.

Authority - The Bonds have been authorized by Resolution No. ____ of the District, adopted on August __, 1992.

Tax Exemption - Interest on the Bonds is exempt from taxation by the State of Idaho, except for estate and gift tax.

The Internal Revenue Code of 1986 (the "Code") sets forth certain requirements which must be met subsequent to the issuance and delivery of the Bonds for interest thereon to be and remain excluded from gross income for federal income tax purposes. Noncompliance with these requirements could cause the interest on the Bonds to be included in gross income retroactive to the date of the issue of the Bonds. The District has covenanted in the Bond Resolution to maintain the exclusion of the interest on the Bonds from gross income for federal income tax purposes pursuant to Section 103(a) of the Code.

In the opinion of Perkins Coie, under existing law and assuming compliance with the aforementioned covenant, interest of the Bonds is excluded from gross income for federal income tax purposes. The Bonds are not "specified private activity bonds" within the meaning of Section 57(a)(5) of the Code and, therefore, the interest on the Bonds will not be treated as a preference item for purposes of computing the alternative minimum tax imposed by Section 55 of the Code. However, we note that a portion of the interest on Bonds owned by corporations may be subject to the federal alternative minimum tax, which is based in part on adjusted current earnings.

Except as stated in the preceding three paragraphs, no opinion is expressed as to any other federal or state tax consequences of the ownership or disposition of the Bonds.

Qualified Tax-Exempt Obligations - The District has designated the Bonds as Qualified Tax Exempt Obligations for banks, thrift institutions and other financial institutions so that such financial institutions will not be denied a deduction of 100% of

SEP 17 1992

their interest expenses allocable to the Bonds. However, corporate tax preference rules reduce by 20% the amount that may be deducted by such financial institutions for interest on funds allocable to tax exempt obligations such as the Bonds.

Interest Rate and Bidding Details - Bidders shall submit their proposals on forms furnished by the District. Each bid for purchase of the Bonds must specify the true interest cost, calculated as hereinafter provided. In addition, each bid must specify:

(a) The rate or rates of interest at which the bidder will purchase the Bonds at the stated price above par; or

(b) The rate or rates of interest at which the bidder will purchase the Bonds at par.

No bid offering to purchase the Bonds at a price of less than one hundred percent (100%) of par, plus accrued interest, or offering to purchase less than the entire issue will be considered. In all cases, the purchaser must pay accrued interest to the date of delivery.

Interest must be in multiples of one- twentieth (1/20) of one percent (1%). No more than one rate of interest may be fixed for any one maturity.

For the purpose of comparing the bids only, each bid must state the total interest cost over the life of the Bonds and the true interest cost ("T.I.C."), taking into account the premium, if any, bid.

Award - The District reserves the right to reject any and all bids and to waive any irregularity or informality in any bid or in the bidding process, but any bid presented after the time specified by the receipt of bids will not be considered, and any bid not accompanied by the required bid deposit at the time of opening will not be read or considered. No bid may be withdrawn after the same is filed with the District unless permission is first obtained by resolution of the Board of Commissioners of the District. Unless all proposals are rejected, the District will award the Bonds at a special meeting by the Board of Commissioners of the District no later than 8:30 p.m., P.D.T., on August __, 1992.

The Bonds will be sold to the bidder making the best bid based on the lowest T.I.C. to the District, such lowest T.I.C. to be determined in accordance with the effective interest cost method of calculation by doubling the semiannual interest rate (compounded semiannually) necessary to discount the debt service payments from the payment dates to the date of the Bonds and to the price bid, without regard to interest accrued to the date of delivery. If there are two or more equal bids and such bids are the best bids received by the District, the District shall determine by lot which bid shall be recommended for approval by the Board of Commissioners of the District.

RECEIVED
SEP 17 1992

Reoffering Price - Upon award of the Bonds, the successful bidder shall advise the District and Bond Counsel of the initial reoffering prices to the public of each maturity of the Bonds (the "Initial Reoffering Prices"). Simultaneously with or before delivery of the Bonds, the successful bidder shall furnish to the District and Bond Counsel a certificate in form and substance acceptable to Bond Counsel (a) confirming the Initial Reoffering Prices, (b) certifying that a bona fide offering of the Bonds has been made to the public (excluding bond houses, brokers, and other intermediaries), and (c) stating the prices at which a substantial amount of each maturity of the Bonds was sold to the public (excluding bond houses, brokers, and other intermediaries).

Deposit - Each bid must be without condition, and must be sealed and be accompanied by a deposit of three thousand five hundred seventy-five dollars (\$3,575). The deposit must be either by certified or cashier's check made payable to the Green Ferry Water and Sewer District and will be returned promptly if the bid is not accepted. The District reserves the right to invest the good faith deposit of the purchaser pending the payment for the Bonds. The purchaser will not be credited for earnings on such investment. If the Bonds are ready for delivery and the successful bidder fails or neglects to complete the purchase of the Bonds on or before August __, 1992, the amount of its deposit will be forfeited to the District and in that event the District may accept the bid of the bidder making the next best bid.

CUSIP Numbers - CUSIP numbers will not be printed on the Bonds.

Delivery - It is understood that if, prior to the delivery of the Bonds, the interest receivable by the owners thereof shall become taxable, directly or indirectly, by the terms of any federal income tax law, the successful bidder may at its option be relieved of its obligation to purchase the Bonds, and in such case the deposit accompanying its bid will be returned, without interest. In addition, if the District is unable to deliver the Bonds on or before September __, 1992, for any other reason other than reasons mentioned above, the good faith deposit shall be returned without interest.

The District will deliver the Bonds to the Purchaser the date of Closing. Closing shall occur on or before September __, 1992, in Post Falls, Idaho. At closing, the successful bidder shall pay the purchase price of the Bonds plus accrued interest to the date of delivery, less the amount of the good faith deposit. Settlement must be made in federal funds immediately available at closing. A no-litigation certificate in the usual form will be included in the closing documents.

The District will cause the Bonds to be printed, typed or lithographed, and will furnish the approving legal opinion of Perkins Coie without cost to the purchaser. Bond Counsel has not been retained for the purpose of and will not be required to express any opinion concerning the completeness or accuracy of any official statement, offering circular or other sales material issued or used in connecting with the Bonds, and Bond Counsel's opinion will so state.

MINOR REVISIONS
SEP 17 1992

Further Information - Further information concerning the Bonds and the Resolution fixing the purpose of their issuance and covenants and terms thereof may be received upon request made to the District's Secretary at Green Ferry Water and Sewer District, P.O.Box 1105, Post Falls, Idaho 83854.

Post Falls, ID 83854

Re: Revenue Bonds, Series 1992
Principle Amount of \$71,500.00
Parity Certificate

Dear Mrs. Parks:

We have acted as Consulting Engineer to the Green Ferry Water and Sewer District (the "District") in connection with the District's issuance and sale of a series of bonds designated "Green Ferry Water and Sewer District Water Revenue Bonds, Series 1992" (the "Bonds"), authorized to be issued pursuant to Resolution No. 92-1, to be adopted by the Board of Commissioners. The Bonds will be issued as additional parity bonds pursuant to Section 8 of Resolution No. 2, adopted by the Board of Commissioners on May 4, 1977.

We have examined, among other things, Resolution No. 2, Resolution No. 92-1, and such financial records and reports of the District as we have deemed relevant and necessary as a basis for the statements hereafter set forth. Further, we have participated in meetings with representatives of the District and bond counsel with respect to the District's water system and the Bonds.

Based upon the foregoing, I am of the opinion that the net revenue (gross revenues less the costs of maintenance and operation) of the District's water system for the twelve consecutive months immediately preceding the issuance of the Bonds is at least equal to 1.2 times the average annual amount required to pay the principal of and interest on the Bonds and the District's "Water Revenue Bonds of 1977, Series A." Pursuant to Section 8 of Resolution No. 2, I have adjusted the historical operating figures of the District to reflect (a) the annual gross revenues of the water system that will be derived from the operation of the additions, extensions and betterments to be financed from the proceeds of the Bonds, and (b) my estimate of any increased cost to operate and maintain the water system that is allocable to such additions, extensions and betterments.

**Re: Green Ferry Water and Sewer District Water Revenue Bonds, Series
1992, Principal Amount of \$71,500, Dated as of August 1, 1992**

Dear Mrs. Parks:

We have received from the Green Ferry Water and Sewer District (the "District"), a draft resolution authorizing its Water Revenue Bonds, Series 1992, and a certificate of Ruen-Yeager & Associates, Inc., showing that the proposed Water Revenue Bonds, Series 1992, will be issued in compliance with Section 8 of the District's Resolution No. 2.

General Electric Capital Corporation ("GECC") purchased the District's Water Revenue Bonds of 1977, Series A, from the United States Department of Agriculture, Farmers Home Administration. Such bonds were issued under Resolution No. 2, adopted by the District's Board of Directors on May 4, 1977. Section 8 of Resolution No. 2 sets forth the requirements the District must satisfy before issuing additional revenue bonds on a parity of lien with the Water Revenue Bonds of 1977, Series A. In addition, Section 12 of Resolution No. 2 specifies that the District shall not borrow money to extend or improve its water system without obtaining the prior written consent of Farmers Home Administration.

As a duly authorized representative of GECC, assignee of Farmers Home Administration's rights under Resolution No. 2, I hereby consent to the District's issuance of Water Revenue Bonds, Series 1992.

Re: Permit No. 95-08613

Dear Permit Holder:

The Department is receipt of the Request for Extension of Time you submitted in connection with the above referenced permit. However, before I can proceed with the analysis, further information is necessary.

You indicate difficulty obtaining the issuance of new bonds from GE Capital and the sale of the revenue bond by FHA to GE Capital. Please provide the Department with copies of any correspondence concerning this matter.

The Department has already issued one extension of time based on due diligence. Section 42-204, Idaho Code, only authorizes one extension of time based on due diligence, and therefore, we could not grant another extension for this reason. In order to grant the extension, it would have to be due to governmental delay (i.e. FHA).

In order to meet all of the required dates, you will need to submit this information on or before August 1, 1992.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

Karen L. Gustafson
Secretary/Records Manager

PROOF DUE NOTICE

RE: PERMIT NO. 95-08613

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 1992. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Karen L. Gustafson
Secretary/Records Manager

Gentlemen:

Re: Permit No. 95-8613

Enclosed is a copy of the approved request for extension of time. The time within which to submit proof of beneficial use is extended to August 1, 1992.

Note that the department has granted this extension based on due diligence. It is important that you work diligently toward the completion of this project during the construction period allowed. The department may not be able to grant additional requests.

Sincerely,

RITA I. FLECK

RE: PERMIT NO. 95-08613

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

Section 42-235, Idaho Code, requires that a "drilling permit" must be obtained from the department for all wells constructed after July 1, 1987. A drilling permit is a separate permit that must be issued in addition to your permit to appropriate water. Commencement of well construction or diversion of water under your permit to appropriate water is prohibited unless a drilling permit is obtained.

Be sure to note the special condition requiring you to install a measuring device, or a flow measurement port to provide for the installation of measuring equipment by the Department. Enclosed please find a list of measuring device options, and specifications for the installation of the flow measurement port.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed for your convenience is a form entitled "Proof of

MICROFILMED

SEP 23 1989

Beneficial Use" that must be submitted to the Department when your project is completed. If development is complete, you may submit proof of beneficial use immediately.

Gentlemen:

We have received your application for permit, for domestic and irrigation purposes, from our Northern Regional Office for final review. However, prior to final action being taken on the application we need to have a list of the names and addresses of all members of your district who are entitled to take action in regard to this water right. This is a requirement of the Department's Water Appropriation Rules and Regulations.

Please submit this information within the next thirty (30) days so we can continue processing your application.

RE: Green Ferry Water and Sewer District
Water Right Application #9508613

Dear Tom:

On behalf of the Green Ferry Water and Sewer District, we would like to modify the above-referenced Water Right Application to show the point of diversion to be a portion of Lots 1 and 2 of Green Ferry Terrace and Tax Number 5700 in Government Lot 5, Section 12, Township 50 North, Range 5 West, Boise Meridian.

Kootenai County denied the conditional use permit for the original site due to impacts on adjoining properties.

We have enclosed a site plan of the new well site and a vicinity map showing the locations of both the original site and the new well site.

Please call me if you have any questions or if you need any additional information to revise the Water Right Application.

Sincerely,
