Dear Mr. and Mrs. Coyle:

Enclosed is a copy of the Proof Acknowledgment letter sent out by our Boise office. It was addressed to the Valentis, and I thought it might have been forwarded to them, rather than received by you. The text of the letter is actually addressed to you, but the wrong name was copied from your proof statement.

As explained in the letter, a field examination of your water system is necessary to confirm the extent and nature of your beneficial use. Also enclosed is a form on which you can schedule a time for this exam. Please complete the form and return it in the envelope provided.

If you have any further questions, please feel free to call our Coeur d'Alene office.

The department has modified the record to show that you own the property. The permit cannot, however, be assigned without the signature of the permit holders. The information you submitted allows the department to recognize you as having an interest in the permit and, therefore, the department will accept the proof of beneficial use form. A copy of the permit is enclosed for your information.

The next step is for the department to conduct the field inspection to confirm and determine the extent of beneficial use. Rita I. Fleck,

Having received the letter and forms from you (re permit # 95-8482, June 27, 1990) we contacted the local branch of the Department of Water Resources. We were advised to try to locate the Valentis and request that they fill out the forms transferring the water permit to us. They have moved out of state, but we were able to write to them at the last known address available to the title company through which we purchased the house. At this time they have not responded, and from what the neighbors tell us, they probably won't.

Enclosed is a copy of the letter and form we sent to them. It is our hope that in light of their lack of response that we would be able to settle this matter of the permit without the Assignment of Permit form. Enclosed also is the Proof of Beneficial Use, filled out as best we could.

Please contact us as necessary to complete this matter.

Sincerely,

Shelly Coyle

Dear Mr. and Mrs. Valenti,

Dave and I have recently received some correspondence from the State of Idaho Department of Water Resources regarding the water permit for the house on Driftwood Bay that we purchased from you. They originally tried to contact you, but finally contacted us with some forms that need to be signed by you in order to transfer the water permit to us. I have completed them as much as I can and we would greatly appreciate you finishing and returning them. The form entitled "Assignment of Permit" requires your signature to be notarized. I have enclosed a self-addressed, stamped envelope for your convenience, as time is an issue and of importance to the completion of this paperwork.

Thank you for your assistance in this matter,

Sincerely,

Dear Property Owner(s):

Re: Permit No. 95-8482

This office has sent out a copy of the enclosed letter and some forms to Daryl and Ann L. Valenti, the permit holder(s) of record. The letter was returned to the department. I contacted the County Assessor's office and found that you are either now acquiring or have acquired a portion or all of the property covered under this permit.

If you are using the water for the uses described on the permit and you wish to continue with the process of developing a water right under this permit, you may want to have the permit in your possession or have both your names on the permit. If so, I suggest you complete the enclosed assignment form, sign it before a notary public and return it to this office. At that time, the department will acknowledge the assignment, conveying the permit to you.

If this office can be of further assistance, please feel free to contact me at 327-7900.

Sincerely,

RITA I. FLECK

PROOF DUE NOTICE

RE: PERMIT NO. 95-08482

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 1990. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager
