Re: Water Permit 95-8268

Gentlemen:

On Feb 25, 1984 I received a "Proof Due" notice for the Water Permit 95-8268. The "Beneficial Use" postcard was completed and mailed to your office Mar 6, 1984. On July 27, 1984 I received a letter from Tom D. King, Senior Water Resource Agent (Northern Region) asking for specific information on the installed water system. This form was completed and returned to Mr. King on Aug 6, 1984. On Sept 8, 1984, I called Mr. King and he stated he had received all the information requested and had sent the approval to you in Boise.

In checking my records recently, I find I have not received an approved water permit or any other communication from the Boise office. Could you please review your file and furnish me with the appropriate document establishing the water right. If you need further information, please let me know.

Thank you

Dear Mr. King:

Here is the information on the water system as you requested. Please excuse the delayed response as I was unable to get to our lake place to obtain the motor and pump detailed information until this week-end. We are having construction done on our home in Pullman this summer so have been able to be at Lake Coeur d'Alene on week-ends. The bay we are in, La Deleardo Bay, is accessible only by boat. We would be glad to make an arrangement to pick you up at a convenient location (City Dock 3rd St. CPA?) and on a work day and time that would be mutually agreeable.

Sincerely Yours,
