Dear Sir:

As per our phone conversation last month, I am submitting the forms necessary in order to file water rights on the spring serving our lake home.

I know that this is an exempted filing, since it is for a single family domestic use only, however since second tier development is contemplated in the near future in our area, it seemed wise to have this claim on file in case a problem arose.

Our spring could be diverted by excavation or contaminated by septic tank placement so it seemed prudent to protect our only source of domestic water in this manner.

Kindest regards,

Dean L. Gehrett
