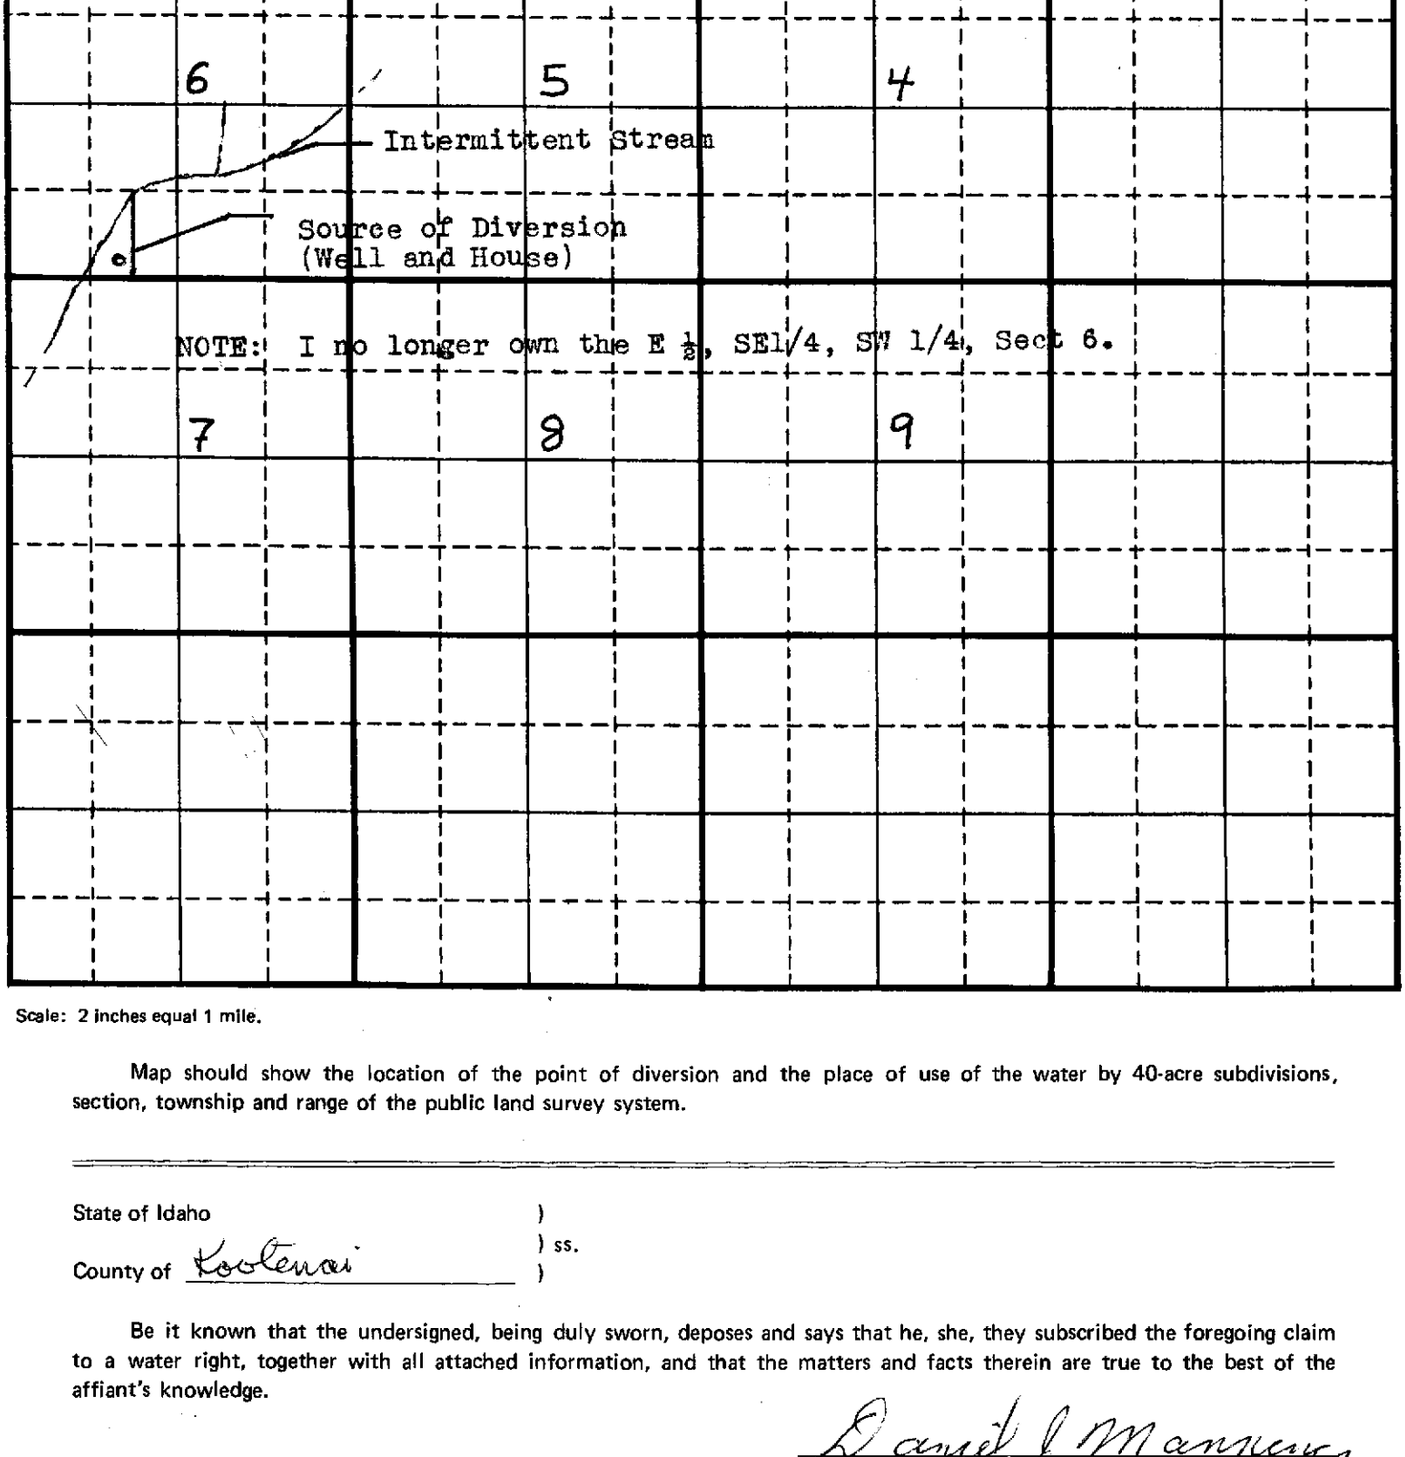
(8) Remarks I purchased the property in 1946 and have lived on it ever since. I have an abstract. An extensive water system is in place. It was built by John D. Hagge, who purchased the property Jan. 19, 1914, and sold it Aug. 19, 1922. There is an old, two-inch, gas-driven pump in place in the well that was built before 1920. A man named Oikle visited about 1950 and said that he had lived on this property as a child about 1910 and he indicated that the farmstead was in the same location as present. The property was patented as a homestead November 25, 1895, Grover Cleveland, President.



Scale: 2 inches equal 1 mile.

Map should show the location of the point of diversion and the place of use of the water by 40-acre subdivisions, section, township and range of the public land survey system.
