Mrs Hellen Roth

Dear Mrs Roth,

An Application for Permit must be filed to develop a legal water right on any water diverted from a ground water source after March 25, 1963 (excepting a well drilled for a single household). Any surface water diverted after May 20, 1971, must also be preceded by a permit from our Department. The above includes proposed new systems and enlargements of existing systems for development of larger quantities of water (Section 42-201 through Section 42-229, Idaho Code).

Existing water rights developed through diversion and application of water to a beneficial use prior to the above dates may be recorded by filing a Claim to a Water Right with our Department; however, it is not mandatory to do so (Section 42-225b, Idaho Code).

Please let us know which form you require--the Application for Permit form or the Claim to a Water Right form--and we will forward it to you. Please contact us if there are any further questions.

Sincerely,

ROBERT G. HAYNES, P.E.
