Section 42-225a, Idaho Code

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. The filing of this claim does not confirm the water right but will serve for information purposes only. It may, however, become the basis for future adjudication of the water right by the Court.

Notice is hereby given that Floyd L. Blackman
(name of claimant)
of Route 1, Box 8, Worley, Idaho, claims a right to the diversion and beneficial use of

A hand-drawn map on a grid background. The map features a solid line representing a road or boundary. A dashed line, labeled "T-47N", branches off from the solid line and points towards a small circle. The circle is labeled "34". Below the solid line, the text "P.D. & PLACE OF USE" is written. To the right of the solid line, the text "R-4W" is written.

Map should show the location of the point of diversion and the place of use of the water by 40-acre subdivisions, section, township and range of the public land survey system.
