Dear Mr. Satchwell:

The Department of Water Administration has completed the processing of your claims to a water right, and no further action is authorized under Section 42-225a and 42-225b, Idaho Code. Your claims will be retained in our files and will be available at any time for use by you or the court.

As you are aware, the filing of a claim does not, in itself, guarantee you a water right; it only records and preserves the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included in your claim files, you may have that information or evidence added at any time. Please refer to your claim numbers when corresponding with this office.

We are enclosing, for your records, copies of your claims. If you have any questions, or if we may be of any further assistance, feel free to contact us.

Very truly yours,

FRED EISENBARTH
