Permit No. 94-7021

Mr. & Mrs. William A. Phillips
P. O. Box 428
Bridgeport, CA 93517

Dear Mr. & Mrs. Phillips:

After talking with you by telephone today, I have enclosed a copy of Application No. 94-7101 for groundwater use with a Proof of Application of Water to Beneficial Use form which we have partially typed for you, and a set of instructions to help you complete the proof form and to explain failure to submit it. Please review the proof of beneficial use form, make any corrections or additions, fill in Items 5c and 7a, sign the form before a notary public, and return it to our office as soon as possible. This will place your application in active status again. A field exam will then be done on your permit and a license will be issued based upon the field exam.

In regards to Permit No. 94-7021, a copy enclosed, for water from Clark Creek, the field examiner found upon doing a field exam that the point of diversion and place of use were not as indicated on the amendment of Roy G. Magnus. We have typed an Application for Amendment as our field examiner found the point of diversion and place of use for your signature. We have typed the amendment in your name so all future reference and the license will be issued in your name. To legally do this, you must have Vladimer and Valerie Kalina sign the Assignment for Permit form before a notary public to assign all the right, title, and interest in the water over to you. We have enclosed a typed assignment form for this purpose. To put Permit No. 94-7021 in good standing and ready to be licensed, you must review the amendment, make any corrections or additions filling in Items 4a, 4b, and 4c, sign the amendment, and return it along with the Assignment for Permit form and a check for \$20.00.

The Application for Amendment and Assignment for Permit forms for Permit No. 94-7021 must be returned to our office before September 10, 1978 to be valid, and the Proof of Beneficial Use form should be returned immediately. If you have any questions or need further assistance, please feel free to contact this office.

Dear Mr. & Mrs. Phillips:

One of the conditions of approval of the above referenced water right permit was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1978. The enclosed affidavit form is the document you must complete and submit as the proof of application of water to beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. and Mrs. Phillips:

In your letter of July 16, 1977, you indicated that Permit No. 94-7101 should now be in your name rather than Vladimir and Valarie E. Kalina.

In order for our records to change, an assignment of permit form must be submitted whereby Mr. and Mrs. Kalina assigns the permit to you. Enclosed is an assignment form for your use in this matter.

If you have any questions, do not hesitate to contact us.
