re: Application for Permit
Cataldo Water District

Dear Mr. McEldowney:

This is in reply to your letter of March 27, 1968, concerning the description of the point of diversion. The map submitted under Item 11 shows the point of diversion correctly.

Mr. Charles A. Eastman is a member of the Board of Directors of the Cataldo Water District. He is an elected officer.

Concerning Item no. 5, we hereby request that you make the change on the application describing the use as "multiple domestic use".

I hope this is the information you desire. Thank you for your cooperation.

Very truly yours,

William F. Boyd

Re: Permit No.'s 94-7000 & 94-7019

Gentlemen:

On May 2, 1973, the Department requested that you amend the above referenced permits to change the points of diversion from the (Permit #94-7000) NE $\frac{1}{4}$ SW $\frac{1}{4}$, and (Permit #94-7019) SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 34, as listed under the permits to that location actually found by the field examiner. You were advised that when such amendments were approved, the Department could issue water licenses.

The Department has failed to receive said amendments and, as a result, is unable to issue water licenses. Therefore, you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permits are hereby held for cancellation for failure to complete the permits as required, and you are required to show cause before the Director of the Department of Water Administration on or before September 1, 1973, why said permits should not be cancelled.

Permit 94-7000 claims the use of 0.4 cubic feet per second of water from a ground water source and was approved June 20, 1968. Permit 94-7019 claims 1.11 cubic feet per second of water from a ground water source and was approved July 13, 1971.

A. KENNETH DUNN
Deputy Director

94 7000

May 2, 1973

Kootenai-Shoshone Water Association, Inc.
P. O. Box 870
Kellogg, Idaho 83837

Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 94-7000 and has found the following:

Quantity of water diverted: 0.42 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.40 cfs

Beneficial use: Domestic purposes within the (see enclosed application for amendment)

Point of diversion: NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 34, Twp. 49N, Rge. 1E, B.M.

Priority date established: March 26, 1968.

The place of use found by our examiner differs from that listed under your permit, therefore, it will be necessary to amend the permit before a water license can be issued. We have enclosed a partially completed application for amendment for your use in this matter.

Please sign the application for amendment and return it to this office with a \$10.00 filing fee within 10 days of the date of this letter in order that we may issue your license as set forth above. If you do not concur with these findings or have any questions, please contact us within the 10-day period.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

Gentlemen:

We acknowledge receipt of your affidavit submitted as proof of beneficial use on ~~application~~ for permit 94-7000.

Before a license can be issued a field examination must be made by a representative from this department.

We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system. If someone other than you should be contacted by the examiner, please advise.

Very truly yours,

Donald W. McEldowney

Gentlemen:

One of the conditions of the approval of your permit
94-7000 was that proof of application of the water to
beneficial use be submitted to this office on or before _____
July 1, 19 69.

Enclosed is an affidavit form which must be used to submit
this proof. You may request an extension of time provided the
delay is for reasonable cause as indicated in Section 42-204, ICA.

Either the proof or a request for extension must be received
by this department on or before the above mentioned date, otherwise
the permit will lapse and be of no further force or effect.

Re: Application No. 94-7000
Cataldo Water District

William F. Boyd
Brown, Peacock & Keane
Attorney at Law
311 Main Street
Kellogg, Idaho 83837

Dear Mr. Boyd:

Thank you for your letter of May 29, 1968. We regret to inform you that there has been an error in the advertising of the application for the Cataldo Water District and that the department is required to re-publish the notice.

At the time the application was filed, the point of diversion was listed as being in the SE¹/₄ sec. 33, T. 49 N, R. 1 E, B.M., Kootenai County. There was some discrepancy between the point of diversion listed on the application and the map submitted with the application. The point of diversion was changed to read the NE¹/₄ sec. 34, T. 49 N, R. 1 E, B.M.; however the county was still listed as Kootenai County.

In reviewing the County maps, we found that the NE¹/₄ sec. 34, T. 49 N, R. 1 E, B.M. is located in Shoshone County. By law, the department is required to advertise the application in the county in which the point of diversion is located; therefore, the notice is now being published in the Kellogg Evening News, Kellogg, Idaho and the last date of protest will be June 24, 1968.

We are sorry for this delay and the inconvenience. Please contact us if we may be of further assistance.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner

Dear Mr. McEldowney:

I talked to you by telephone some time ago concerning Cataldo Water District's Application for water permit. You advised that notice had been published in the Coeur d'Alene newspaper and I believe you told me the permit to construct would be issued about May 22 or 23. I lost my notes in this regard, so I am not sure as to the date. At any rate, as yet we have received no word from your office concerning action on our application. May I please hear from you.

Very truly yours,

William F. Boyd

The Kellogg Evening News
Kellogg, Idaho 83837

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you can not publish the notice on the proposed dates please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation, along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of same has been paid.

c/o Brown, Peacock, & Keane
Attorneys At Law
311 Main Street
Kellogg, Idaho 83837

Dear Mr. Boyd:

Thank you for your letter of March 22, 1968, on the above referenced application. We have received the application and we are holding it without action until clarification of the following issues:

Item 3a of the application requires the point of diversion to be listed by 40-acre subdivisions. You have listed the NW~~1~~SW~~1~~, Sec. 34; whereas, the map submitted under Item 11 of the application shows the point of diversion in the NE~~1~~SW~~1~~, Sec. 34. Please advise by return mail as to which description is correct. Also in this correspondence we are requesting that you direct the Department to change the use of the water listed under No. 5 of the application to multiple domestic use as this term more nearly describes the use proposed by the district.

We must also have verification as to the position that Charles A. Eastman holds with the Cataldo Water District, as in order for the application to be acceptable, it must be signed by an elected official of the District.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner
