Dear Mr. Hyde:

There are no recorded water rights within the sections defined on your two claims. However, both claims are incomplete, so I am returning them along with your Check No. 92-55 in the amount of \$60.00.

To complete the claim on Canyon Creek, you must file separately the cfs used for each of the uses listed in Item No. 3. In this same item, you must list the period of use in days and months. You must show the locations of the places of use in Item No. 6a, and explain in Item No. 6b how the water is used for mining and for industrial uses. For instance, water used for mining could be used in a sluice box and the water for industrial could be for washing crushed rock.

The claim on Bell Gulch can be completed by adding in Item nos. 6a and 6b the information outlined above and by defining the point of diversion by 40-acre tract in Item No. 5a. Both claims must be signed before a notary public.

If I can be of any assistance, please contact me at this office.

Sincerely,

TOM D. KING
