APPLICATION FOR TRANSFER OF WATER RIGHT
To Change the Point of Diversion and/or the Place of Use

1. Name of Right Holder HECLA MINING COMPANY
Post office address P. O. Box 320, Wallace, IDAHO 83873
2. Right obtained by:
a. Decree to _____ in Case of _____
(Name)
vs. _____, Dated _____ in _____
(Name of Court)
Court, County of _____
- b. License No. 27992 issued by the State of Idaho, Department of Reclamation.
3. Source of water Deadman Creek tributary to South Fork of Coeur d'Alene River
(Name of stream or source)
4. Date of Priority June 17, 1959
5. Amount of water a. 2.5 c.f.s. and/or
b. N/A acre feet/annum
6. Water is used for Mining & Milling & Fire from year around to _____
Prevention (Month, Day) (Month, Day)
7. Original location of point of diversion is SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 25,
Township 48N, Range 5E, B.M., in Shoshone County;
Additional points of diversion, if any None

B. Land presently irrigated or place of use Hecla Mining Company's Lucky Friday mine & mill facilities

TWP.	RANGE	SEC.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				TOTALS
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	

Total number of acres presently irrigated _____

9. If applicant was not the original holder of this right explain how it was acquired: Original holder
was Lucky Friday Silver-Lead Mines, Inc., which was merged with Hecla Mining
Company in 1964, Hecla being the surviving firm.

10. CHANGE IN POINT OF DIVERSION

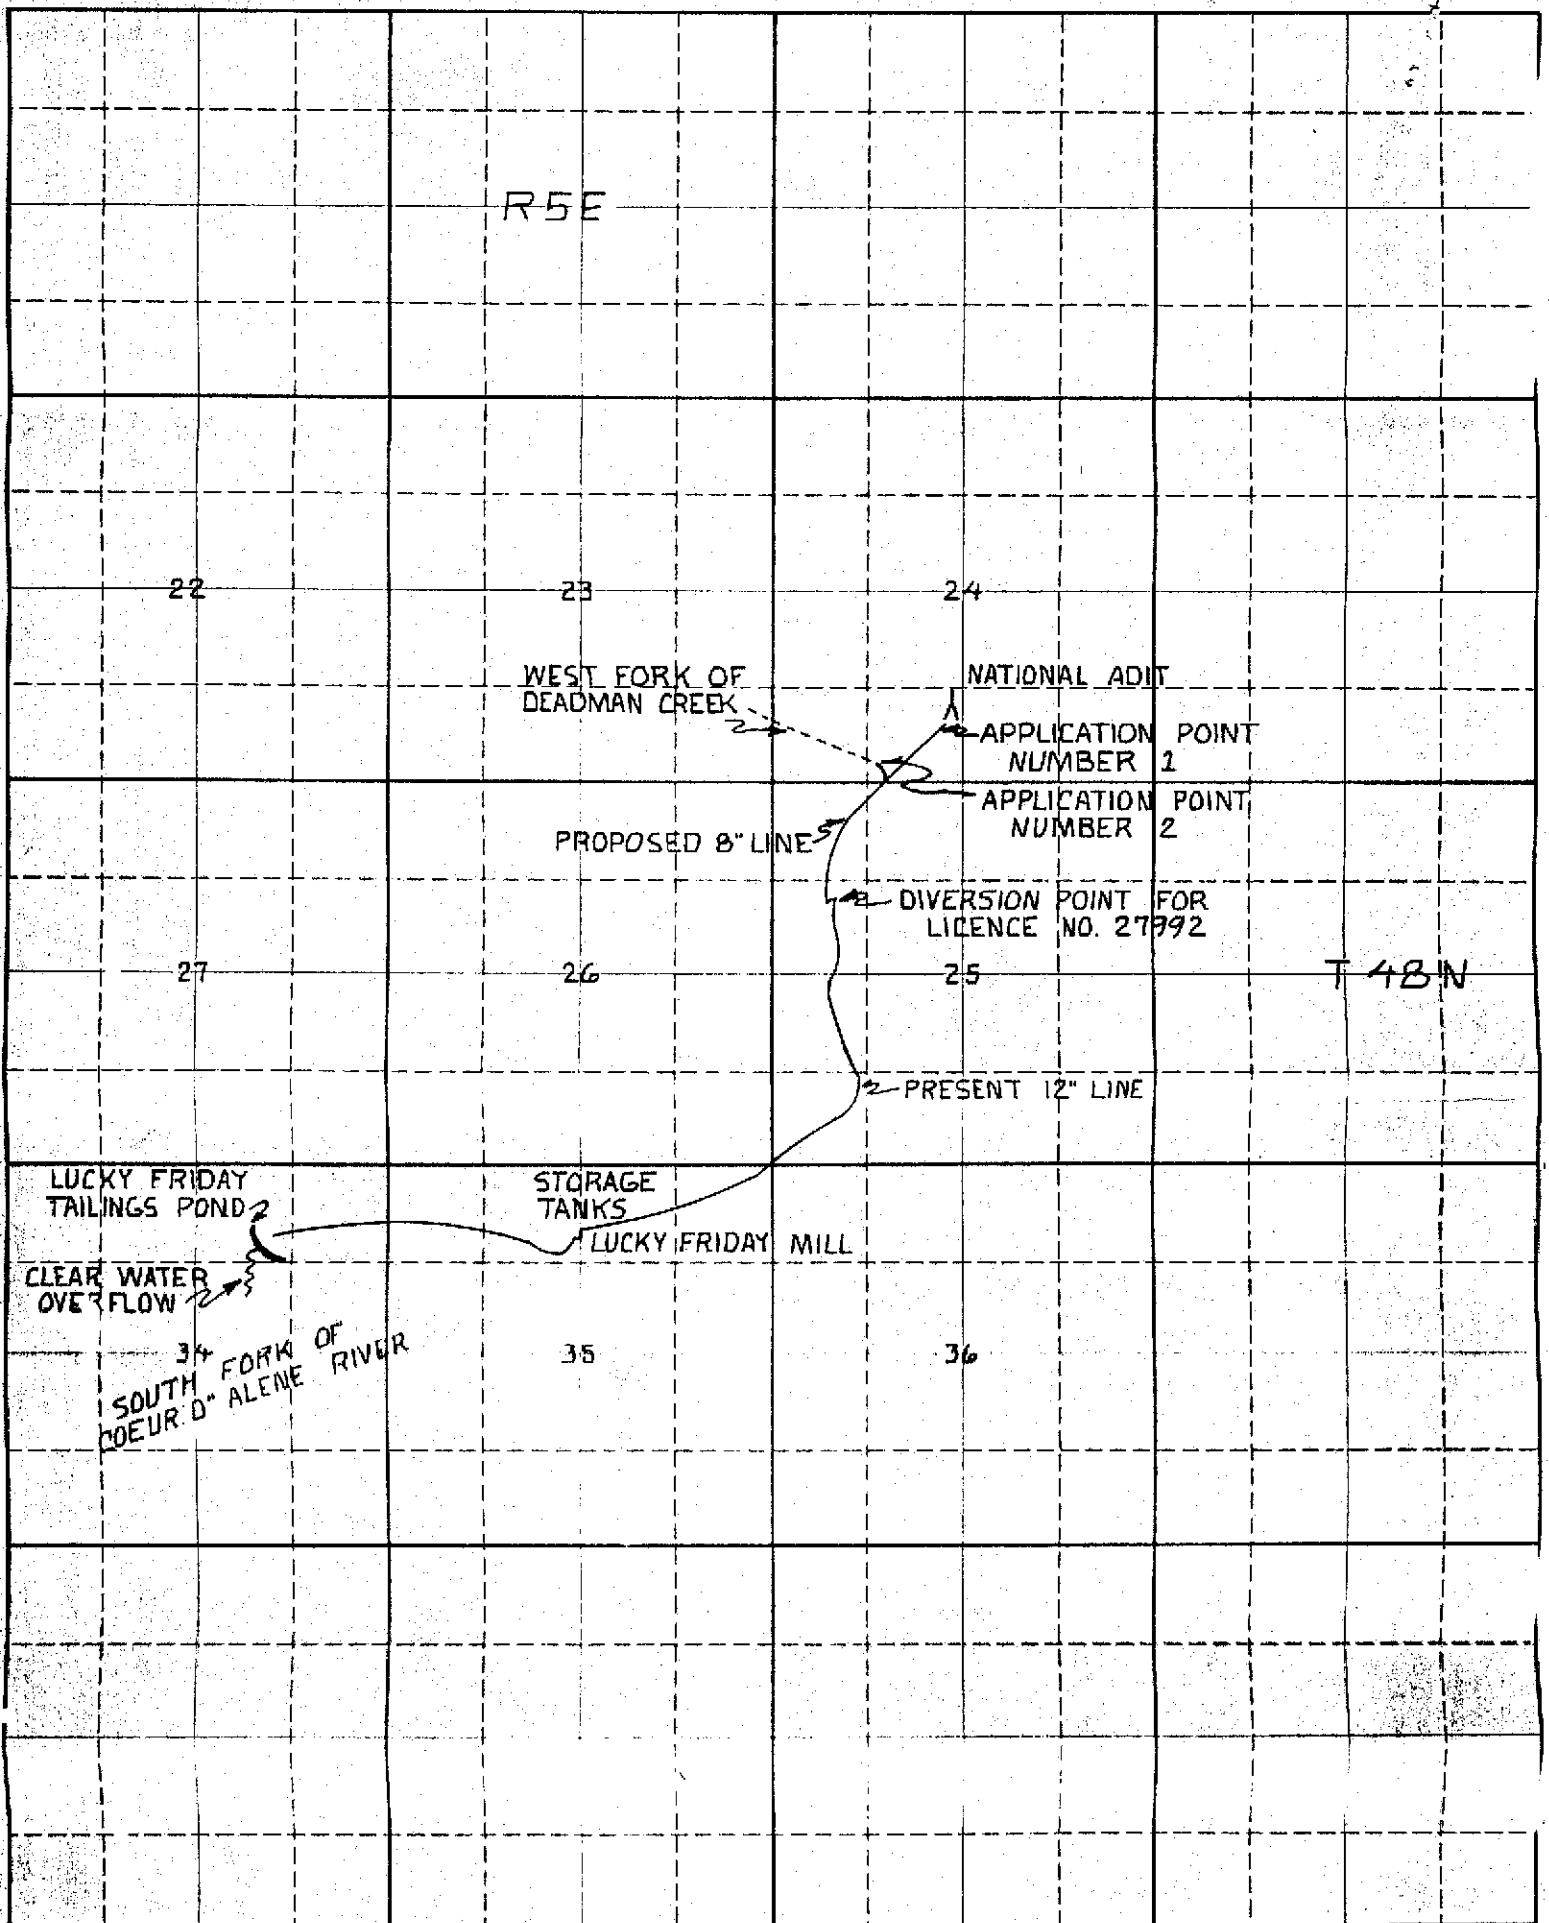

- a. Quantity to be diverted at new ^{points} ~~point~~: up to 2.5 c.f.s. and/or _____ acre feet
- b. New point of diversion: SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 24, Township 48N
_____, Range 5E, B.M. & SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 25, Twp. 48 N., Rge. 5 E., B.M.
- c. Description of method of diversion and conveyance from new points of diversion: A diversion box and control valve at the portal of the National Adit (application point 1) will divert water to an 8-inch pipeline. From this point, the water will be transported to a point on the West Fork of Deadman Creek where an additional pickup point and control box will be located (application point 2). The 8-inch line will then continue to the pickup box at the present diversion point. This system will allow diversion from any one or all three diversion points in such a manner to maintain the allowable 2.5 cfs of clear water at the Lucky Friday mine and mill facilities.
- d. Is water to be conveyed to the lands previously irrigated? Yes _____ No X
(No lands are irrigated with permit waters)
If not, the place of use should be changed below.
- e. Describe the reasons for applying for a change in the point of diversion:
During spring run off and other times of high water, the water at the present diversion point becomes extremely turbid. This condition is most prevalent in the water that flows from the east Fork of Deadman creek. By selectively drawing the water from the present diversion point and/or West Fork and/or the outflow of the National Adit clear water will be available for mining and milling purposes and fire prevention at all times. The water, when turbid, clogs the sprinkler system used for fire prevention creating an extreme hazard and fouls the mineral beneficiation circuits.
- f. Do you intend to make the transfer permanent? Yes
- g. Do you intend to abandon completely the old point of diversion? No
- h. Indicate on the above plat the new point of diversion and lands to be irrigated.

11. CHANGE IN PLACE OF USE

- a. Describe the new lands on which you wish to use your right.

[illegible]

Total number of acres to be irrigated _____

SCALE: 2 Inches Equal 1 Mile. Draw Plan in Ink.

b. Do you intend to make the transfer permanent? _____

c. Are you completely abandoning the lands previously irrigated by this right? If not, explain your plan:

d. Describe any other water rights that you claim for the new ground upon which you wish to transfer this right: _____

e. Indicate on the above plat the new land to be irrigated and the point of diversion.

I hereby assert that no one will be injured by such transfer and that the change will be made at my own risk. The information contained in this application is true to the best of my knowledge.

NOTICE OF PROPOSED CHANGE OF WATER RIGHT NO. 94-2215

Notice is hereby given that Hecla Mining Company of Wallace, Idaho, has applied to the Department of Water Administration for a change of point of diversion of the waters of Deadman Creek tributary to South Fork of Coeur d'Alene River. The right sought to be changed is evidenced by Water License No. 94-2215 and is recorded as follows. Amount: 2.5 c.f.s. Priority: June 17, 1959. Point of Diversion: SW 1/4 NW 1/4 Sec. 25, T. 48 N., R. 5 E., B. 1, Shoshone County. The water is used for mining, milling & fire prevention purposes at Hecla Mining Company's Lucky Friday mine & mill facilities. **TO BE CHANGED AS FOLLOWS** Amount: 2.5 cfs. Point of Diversion: SE 1/4 SW 1/4 Sec. 24; SW 1/4 NW 1/4 Sec. 25, T. 48 N., R. 5 E., B.M. The water will be used for mining, milling & fire prevention purpose.

Any protests against approval of the proposed change of water right application must be filed with the Department of Water Administration on or before September 7, 1970.

WATER LICENSE

Water License No. 27992 Priority June 17, 1959 Amount 2.5 c.f.s.

THIS IS TO CERTIFY, that Lucky Friday Silver-Lead Mines Company
of Wallace, Idaho, made application for a permit to appropriate the public waters of
the State of Idaho, dated June 17, 1959; that Permit 27992 was issued pursuant
to said application; that the proposed works were completed on or about February 1960,
with a storage/or carrying capacity of 2.5 c.f.s., said works consisting of concrete dam,
spillway, head box and steel reservoirs at millsite; and that on June 8, 1966,
proof was made to the satisfaction of the State Reclamation Engineer, of the beneficial use of 1789
acre feet per season, with a maximum rate of diversion of 2.5 c.f.s. cubic feet per second of the waters
of Deadman Creek, tributary of S. Fork of Coeur d'Alene River,
for the purpose of mining & milling from January 1 to December 31;
and for _____ from _____ to _____; and for
_____ from _____ to _____; and that the use
of said waters has been made in accordance with the laws of Idaho, and is hereby confirmed by the State Recla-
mation Engineer and entered in the records of the Idaho Department of Reclamation: the point of diversion is
located in SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 25, T. 48 N., R. 5 E., B.M., and
other additional points _____, in the County of
Shoshone; and that the amount of water to which such right is
entitled and which is hereby confirmed, for the purposes aforesaid, is limited to an amount actually beneficially
used for said purposes and shall not exceed 1789 acre feet per year.

Application For Permit To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 35949
PERMIT No. 27992
DISTRICT No.

1. Name of Applicant: Lucky Friday Silver-Lead Mines Co.

Postoffice address: Wallace

County: Shoshone

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation: 1939 - Idaho

(b) Amount of capital stock: \$150,000

(c) Amount paid in: \$150,000

(d) Names and addresses of directors: L. J. Randall, W. H. Love, George W. Zeller,
H. F. Magnuson, all of Wallace, Idaho; and John E. D. Grunow,
300 Park Avenue, New York 22, N. Y.

II. The financial resources of the applicant are:

(a) Cash on hand: Over \$250,000.00

(b) Treasury stock: 193,521

(c) Bond to be issued: none

(d) Other resources: Mining
properties

2. Quantity of water claimed: 5

cubic feet per second.

3. Source of water supply: Deadman Creek

which is a tributary of

South Fork of Coeur d'Alene River

4. Location of point of diversion: 1750' approx.

feet distant from the N.W.

corner of Section 25, T. 48 N., R. 5 E., B.M., and is in the SW $\frac{1}{4}$ of NW $\frac{1}{4}$

of section 25, T. 48 N., R. 5 E., B. M., County of Shoshone

5. Water is to be used for Mining and Milling

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: 2500' and 3000' feet distant from N.W. corner of Section 35

T. 48 N., R. 5 E., B.M., in the NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section of 35, T. 48 N., R. 5 E., B.M.

(b) Amount of power generated: None H.P., under none feet head.

(c) Water is to be returned to S. Fork of Coeur d'Alene R. at a point below ASARCO Dam in Mullan approx. 1900' feet
distant from the N.E. corner of Section 34, T. 48 N., R. 5 E., B.M., in the NW $\frac{1}{4}$ of NE $\frac{1}{4}$

of Section 34, T. 48 N., R. 5 E., B.M.

Overflow from Lucky Friday storage tanks carried by 8" and 12" wood stave pipe to the Gold
Hunter Mill for Fire Protection. Gold Hunter overflow returned to Gold Hunter Creek.

7. Estimated cost of works: \$ 35,000

8. Kind of works: Dam, pipe, two 50,000 Gal. Tanks

9. Height of dam 5 feet; length of dam at top 35 feet; length of dam at bottom 35

feet; material used in dam: Reinforced concrete

10. Size of headgate: Width 12" circular feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;
dimensions of flume:

Diameter of pipe 12" & 8" inches; length of conduit 7400' miles.

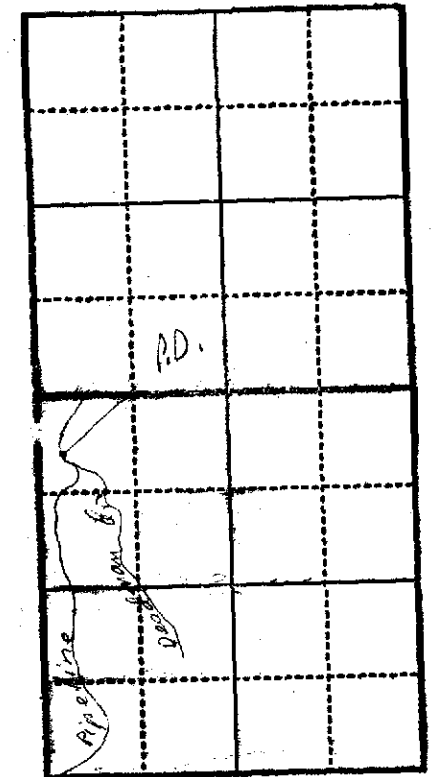

Average grade per mile 68.5' feet.

12. The time required for the completion of such work is one year years.

13. The time required for the complete application of the water to the proposed use is 6 additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? ^{no} If so, fill in (b) and (c) below:
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

Lucky Friday Silver-Lead Mines Company ^{Applicant.}

NOTICE OF PROPOSED CHANGE OF WATER RIGHT NO. 94-2215

Notice is hereby given that Hecla Mining Company of Wallace, Idaho, has applied to the Department of Water Administration for a change of point of diversion of the waters of Deadman Creek tributary to South Fork of Coeur d'Alene River. The right sought to be changed is evidenced by Water License No. 94-2215 and is recorded as follows: Amount: 2.5 c.f.s. Priority: June 17, 1959 Point of Diversion: SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 25, T. 48 N., R. 5 E., B.M., Shoshone County. The water is used for mining, milling & fire prevention purposes at Hecla Mining Company's Lucky Friday mine & mill facilities.

TO BE CHANGED AS FOLLOWS

Amount: 2.5 cfs. Point of Diversion: SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 24; SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 25, T. 48 N., R. 5 E., B.M. The water will be used for mining, milling & fire prevention purposes.

Any protests against approval of the proposed change of water right application must be filed with the Department of Water Administration on or before September 7, 1970.

R. KEITH HIGGINSON
Director

Published in the North Idaho Press, Wallace, Idaho on August 20 and August 27, 1970.

PROOF OF PUBLICATION

R. J. Bruning

, being first duly

sworn, deposes and says: That he is the Publisher of the North Idaho Publishing Co., publishers of the North Idaho Press, a daily newspaper printed and published at Wallace, Shoshone County, Idaho, which said newspaper has a general circulation in said county, and has been continuously and uninterruptedly printed and published in said county during

a period of seventy-eight consecutive weeks prior to the 20th

day of August, 19 70.

Pursuant to the provisions of Chapter 154 of the 1933 Session Laws of the State of Idaho, said North Idaho Publishing Company has designated Friday of each week as the day on which will be published legal notices required by law or by order of any court of competent jurisdiction within the State of Idaho.

No. 94-2215

That the Notice of Proposed Change of Water Right of which a complete and correct copy is hereto attached, was first published in said

newspaper in its ~~#####~~ issue dated the 20th day of August,

19 70, and was published in each successive ~~#####~~ issue of said newspaper

for two (2) issues, the last publication thereof being the ~~#####~~ issue

dated the 27th day of August, 19 70.

NOTICE OF PROPOSED CHANGE OF WATER RIGHT NO. 94-2215

Notice is hereby given that Hecla Mining Company of Wallace, Idaho, has applied to the Department of Water Administration for a change of point of diversion of the waters of Deadman Creek tributary to South Fork of Coeur d'Alene River. The right sought to be changed is evidenced by Water License No. 94-2215 and is recorded as follows, Amount: 2.5 cfs. Priority: June 17, 1959 Point of Diversion: SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 25, T. 48 N., R. 5 E., B.M., Shoshone County. The water is used for mining, milling & fire prevention purposes at Hecla Mining Company's Lucky Friday mine & mill facilities.

TO BE CHANGED AS FOLLOWS
Amount: 2.5 cfs. Point of Diversion: SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 24; SW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 25, T. 48 N., R. 5 E., B.M. The water will be used for mining, milling & fire prevention purposes.

Any protests against approval of the proposed change of water right application must be filed with the Department of Water Administration on or before September 7, 1970.

Re: Water Licenses
Hecla Mining Company

Dear Sir:

We have received a notification sometime ago from Lucky Friday Silver Lead Mines of Wallace, Idaho, that they were making an application for a change of diversion point regarding their water license 27992. At that time they were requesting an easement for this purpose across property belonging to this company. The matter of granting an easement for this purpose has not yet been determined, and we would appreciate a copy of the application submitted by them and their proposed description, etc.

Thanking you, I remain

Very truly yours,

HIBERNIA SILVER MINES, INC.

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE

DEPOSITION OF HOLDER

Ques. 1. State your name, residence occupation and postoffice address: Wallace
E. Crandall, Box 320, Wallace, Idaho, Chief Engineer of Hecla Mining Company

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf:
Hecla Mining Company, Box 320, Wallace, Idaho; Chief Engineer, authority is based on being Chief Engineer of Hecla Mining Company

Ques. 3. State number, approval date of permit, and date of priority: _____
Permit No. 27992, Approval Date 6-26-59, Date of Priority 6-17-59

Ques. 4. State source of water supply: Deadman Creek, a tributary of the South Fork of the Coeur d'Alene River
Give location of point of diversion, showing subdivision, section, township and range
SW $\frac{1}{4}$, NW $\frac{1}{4}$, Section 25, T 48 N, R 5 E, B.M.

Ques. 5. Describe your works of diversion: Concrete dam 5 ft. high and 35 ft. long.
_____; state amount of water they are capable of conveying from point of diversion to place of use: 2.5 cu.ft./sec; Give name of canal or ditch or other works by which water is conducted to such place of use: Lucky Friday
Flume (12" & 8" cir.); if a well, state depth of well _____; depth and size of casing _____; depth to water _____; if pump is used, state discharge of pump: _____; tell how it was measured or determined by _____ formula calculation _____; if sprinkler irrigation, give number and size of nozzles and operating pressure: _____

Ques. 6. State for what purpose water is used: Mining and Milling
(If for irrigation, name each subdivision in which used and number of acres in each subdivision that have actually been irrigated with said water:

State nature of all improvements which have been made as a direct result of said use:
Two 50,000 gallon storage tanks, chlorination plant, 700 ton/day concentrator, surface
~~plant bldg., sand backfill plant, hoist air conditioning system, fire protection system.~~

Ques. 6-a: If this is a ground water permit, give name and address of person that drilled
the well: _____

Ques. 7. If for other than irrigation purposes, show full legal description of place
of use and state purpose for which water is used: use of water is to supply a complete
700 ton/day mine and mill facility - the Lucky Friday mine & mill located in NE $\frac{1}{4}$, NW $\frac{1}{4}$ and
NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 35, T 48 N, R 5 E, B.M. pursuant to an agreement with Day Mines Inc.,
this water right also supplies the fire protection needs and possible future mill re-
quirements for the Gold Hunter Mill which adjoins Lucky Friday on the west.

Ques. 8: If you are not the person or representative of the corporation to whom above
mentioned permit was originally issued, please state how ownership was acquired by
present holder: A 38% stock interest in Lucky Friday Silver-Lead Mines was purchased
by Hecla Mining Co. in 1959. Lucky Friday was then merged into Hecla at 1 $\frac{1}{2}$ shares of Hecla
to 1 share Lucky Friday in 1964. Resulting in 100% ownership of the Lucky Friday mine
by Hecla Mining Co.

Quest. 9: State when and in what amount the water diverted under above mentioned permit
has been first used: 2.5 Cfs, Ft./Sec., Feb. 1960 Time used since first use:

Continuous use since mill and surface plant construction was completed in February
1960 - 6 years, 3 months.

Ques. 10. Describe all other water rights appurtenant to same place of use: None

(sign) W. E. Crandall
W.E. Crandall

I hereby certify that the foregoing testimony was read to the above
subscribed, before its signing, that I believe him to be the person he represents him-
self to be, and that said testimony was subscribed and sworn to before me, at my office in

Wallace, County of Shoshone

State of Idaho, on this 8th day of June, A. D. 1967.

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Rollin Farmin, 62, 117 Cedar Street, Wallace, Idaho, 83873

Mining Engineer

Ques. 2. Are you acquainted with Hecla Mining Company, the holder of Permit No. 27992? How long have you known him and where does he reside?

Ans. Yes; 20 years; a corporation active in Shoshone County

Ques. 3. Have you read or heard read said Permit No. 27992, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source: Deadman Creek, a tributary of the South Fork of the Coeur d'Alene River. Place of Diversion: SW $\frac{1}{4}$, NW $\frac{1}{4}$, Section 25, T 48 N, R 5 E, B.M.

Works: A concrete dam, 5 ft. high and 35 ft. long, 7400 ft. of 12" and 8" wood stave pipe, two 50,000 gallon wood stave storage tank.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 2.5 second ft.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Mining and Milling at the Lucky Friday mine and concentrator located in NE $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 35, T 48 N, R 5 E, B.M.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Supplies entire needs for mining, milling, domestic use and fire protection for 700 ton/day mine, mill and surface plant. Pursuant to an agreement between Lucky Friday Silver-Lead Mine Co. and Day Mines, Inc. This water supplies the fire protection and possible future milling needs for the Gold Hunter Mill which adjoins Lucky Friday on the West.

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. None

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent? per agreement No. 178776, recorded in Book K, page 288 in the Shoshone County Courthouse. A portion of this water right is to

Ans. supply fire protection and possible future milling requirements for the Gold Hunter Mill and surface plant owned by Day Mines, Inc. and adjoining the Lucky Friday Mine.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I frequently inspect this activity because of the inter-relation of Gold Hunter and Lucky Friday Mines and in the amount as answered in question 5 above.

Rollin Parmin

Re: Permit No. 27992

W. E. Grandall, Chief Engineer
Hecla Mining Company
Box 320
Wallace, Idaho

This acknowledges the Notice of ~~Permit Completion of Work~~ and Application of water to Beneficial Use under Permit No. ~~27992~~. The proofs are to be made at ~~8 o'clock~~ on the 8th day of June, 1966, before L. B. Edinger, Wallace, Idaho Notary Public.

As of this date, we have mailed the Notice to the Wallace Miner, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

CARL E. TAPPAN

I hereby certify that the facts set forth in the attached
notice are true.

Engineer

27992

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

Re: Permit No. 27992

Date:

April 4, 1966

Lucky Friday Silver Lead Mines Co.
Wallace, Idaho

Dear Sir:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 27992 is due not later than **June 26, 1966**. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date, the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated -- by legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public, as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by field inspection to have been irrigated at the time of proof.

Very truly yours,

CARL E. TAPPAN
State Reclamation Engineer

Permit No.
Re: 27992

Lucky Friday Silver Lead Mine Co.
Wallace, Idaho

Dear Sir:

Under the terms of your permit No. 27992 you are required to complete your diversion works on or before June 26, 1960. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

GEO. N. CARTER

RECEIVED
JUN 17 1959
Department of Reclamation

Mr. Ralph W. Thomas
Office Engineer
Department of Reclamation
Boise, Idaho

Dear Mr. Thomas:

I am enclosing herein the application of Lucky Friday Silver-Lead Mines Company for a water right to Deadman Creek, a tributary of the South Fork of the Coeur d'Alene River, easterly from the Village of Mullan, Shoshone County, Idaho. I have recently had some correspondence with you regarding the water rights which have heretofore been issued on this stream and your office has very kindly furnished me an abstract of all water rights which have heretofore been issued by your office. While it is probably not known to your office, it is a matter of common knowledge here that, without exception, these old water rights have been in non-use for many years.

Under separate cover I am sending you a map showing the proposed point of diversion, the course of the pipeline and the point of use of the water. I know, of course, that this is a much more elaborate map than you would require, but since the applicant's engineers have prepared this map, without an understanding of your requirements, I am sending it on to you.

I am enclosing my check for \$6 which I believe will cover your fees, but if this is not a sufficient amount, will you please so advise me and I shall promptly remit any balance which may be owing.

I might add that the Lucky Friday Silver-Lead Mines Company is right now in the process of constructing a concentration mill which will have a capacity of between 400 and 600 tons of ore per day. They expect to have this mill completed by the end of the current year.

If you have any questions concerning this application, I shall be very glad to have you write me or to have you telephone me collect.

Very truly yours,

Chas E Horning
