INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

STATE OF IDAHO,
County of Shoshone, ss.

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 2:00 P. M. on the 18th day of October, 1957, at Boise, County of Ada, State of Idaho, before Gordon M. Hawkes, Notary Public, State Hwy. Bldg., proof will be submitted of the application to beneficial use of .011 cubic feet per second of the waters of Bitter Root Spring in accordance with the terms and conditions of Permit No. 25977 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the department holding said permit is State of Idaho, Department of Highways, Box 879, Boise, Idaho.

The use to which said water has been applied is public.

The amount applied to beneficial use is .011 Cubic feet per second.

The place where said water is used At a rubble masonry fountain—2030 feet distant from the NE corner of Section 32, T 48 N R 6 E, B. M., County of Shoshone.

The name of the canal or ditch or other works by which said water is conducted to such place of use is.....

The right to take water from such works is based upon Permit No. 25977.

The source of supply from which such water is diverted is Bitter Root Spring.

The date of priority which said user is prepared to establish is June 17, 1955.

MARK R. KULP,
State Reclamation Engineer.

Q = .011 cfs amt of filing

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 25977

This proof is for Beneficial Use In Water District No.

1. Name of applicant State Dep't of Highways, G. Bryce Bennett, Engineer

2. Source of water supply: Bitter Root Spring

3. Location of point of diversion: Is in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 5

T. 47 N. R. 6 E., B. M. County of Shoshone pws

4. Describe works as they exist, giving dimensions and capacities of same: P.D. is approx. 60 feet above the road. There is a dam of logs and rocks with 2" pipe line extending into pool. At outlet there is a masonry rock bowl about 5' d. x 2' high. T. made of pipes extends up for drinking fountain.

5. Water is used for: Public domestic use.

6. State whether or not water has been turned into works of diversion: yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 32., Twp 48 N., Rge. 6 E., B. M.

There is a wide parking place on the Highway about 50' deep made on about 150' radius. This is a drinking fountain for public use.

filed 6/7/55

Due 10/4/57

C/W 9/16/57

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

There was no means of determining with absolute accuracy regarding the location of the P.D. According to the highway map it appears to be correct.

This examination was made on the 17 day of Sept, 1958

Re: Permit # 25977

Mr. G. Bryce Bennett
State Department of Highways
P. O. Box 879
Blaine, Idaho

Dear Mr. Bennett

Statutes requires a field inspection in connection with the proofs on Permit # 25977 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Thursday

September 18, 1958.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

RE: Permits Nos. 25977 and G-25976

State Department of Highways
P. O. Box 879
Boise, Idaho

ATTENTION: Mr. G. Bryce Bennett
State Highway Engineer.

Dear Mr. Bennett:

We acknowledge receipt of the Depositions of the Holder and the two witnesses, also affidavit of publication in the Wallace Miner submitted in proof of beneficial use on Permit 25977 and also the affidavit of publication in The Challis Messenger submitted in proof of completion of works and beneficial use on Permit No. G-25976.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination on either one of the above mentioned Permits so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Chief Clerk

STATE OF IDAHO,
County of Shoshone,

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 2:00 P. M. on the 18th day of October, 1957, at Boise, County of Ada, State of Idaho, before Gordon M. Hawkes, Notary Public, State Hwy. Bldg., proof will be submitted of the application to beneficial use of .011 cubic feet per second of the waters of Bitter Root Spring in accordance with the terms and conditions of Permit No. 25977 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the department holding said permit is State of Idaho, Department of Highways, Box 879, Boise, Idaho.

The use to which said water has been applied is public.

The amount applied to beneficial use is .011 Cubic feet per second.

The place where said water is used is At a rubble masonry fountain—2030 feet distant from the NE corner of Section 32, T 48 N R 6 E, B. M., County of Shoshone.

The name of the canal or ditch or other works by which said water is conducted to such place of use is.....

The right to take water from such works is based upon Permit No. 25977.

The source of supply from which such water is diverted is Bitter Root Spring.

The date of priority which said user is prepared to establish is June 17, 1955.

MARK R. KULP,
State Reclamation Engineer.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
OCT 18 1957

Department of Reclamation

Permit No. 25977

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. G. Bryce Bennett, 603 Main St., Boise, Idaho
State Highway Engineer, Box 879, Boise, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. State of Idaho, Department of Highways

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 25977, June 17, 1955 - Date of Priority is July 1, 1955

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Bitter Root Spring, 2030 feet distant from the Southwest corner
of Sec. 32, Twp. 48 N., R. 6 E., B.M. and in Sec. 32, Twp. 48 N., R. 6 E., B.M.
340' West of the No. quarter corner of Section 5, in NE 1/4 Sec. 5, 47N 6.E

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. A 1/2" pipe carrying water .015 miles from the point of diversion
to the place of use and capable of carrying .011 cubic feet per second.
The amount of discharge was measured by the maximum capacity of the
pump.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Public domestic use. Used to supply water to a rubble masonry
fountain in Sec. 32, Twp. 48 N., R. 6 E., B.M.
350' West of the North quarter corner of Section 5, and in the SE 1/4 Section
32 Twp. 48 N. Range 6 E

25977

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Fountain

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. .011 cubic feet per second

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The diverted water has been used for domestic purposes since
July 1, 1935

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other waters have been used

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 25977

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. J. H. Cairns, 59 years old, 1811 Sunrise Rim, Boise, Idaho

Assistant State Highway Engineer, Box 879, Boise, Idaho

Ques. 2. Are you acquainted with G. Bryce Bennett, the holder of Permit No. 25977? How long have you known him and where does he reside?

Ans. Yes, I have known him for 10 years and he resides at 603 Main Street

Ques. 3. Have you read or heard read said Permit No. 25977, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Bitter Root Spring. 2030-feet-distant-from-the-Southwest-corner
--of-Sec.-32, Twp. 48 N, R 6 E, B.M. and in Sec. 32, Twp. 48 N, R 6 E, B.M.
340' West, of the No. Quarter corner of Section 5, and in NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 5,
A $\frac{1}{2}$ " pipe carries the water to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. .011 cubic feet per second.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Public domestic use. Used to supply water to a rubble masonry fountain. 350' West of No. Quarter corner of Sec. 5, and in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 32, Twp. 48.N Range 6.E.

25977

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Fountain.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. _____

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have from time to time observed the diverted waters being used for domestic purposes during the last 10 years.

BOISE

August 1, 1957

State of Idaho- Department of Hiways
P.O.Box 879
Boise, Idaho

Dear Sir:

ATT: Bryce G. Bennett

Under the terms of your permit No. 25977 you are required to complete your diversion works and make proof of beneficial use on or before October 4, 1957.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is October 4, 1957, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Very truly yours,

MARK R. KULP
