

POOOF OF PUBLICATION

STATE OF IDAHO, }
County of Shoshone. } ss.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 2 o'clock P. M. (Standard Mountain Time) on the 12th day of December, 1939, at Wallace, County of Shoshone, State of Idaho, before Helen Bircumshaw, a Notary Public, at her office in the White & Bender Building, proof will be submitted of the completion of works for the diversion of two (2) cubic feet per second of the waters of a small un-named stream, which is the first stream emptying into the South Fork of the Coeur d'Alene River, from the south, above the mouth of the Little North Fork of said South Fork of said Coeur d'Alene River; and of the application to beneficial use of said water in accordance with the terms and conditions of Permit No. 18448, heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the corporation holding said permit are Shoshone County Sportsmen's Association, Inc., Wallace, Idaho.

Said works of diversion will be fully completed on the date set for such completion and, in fact, have already been fully completed, and the amount of water which said works are capable of conducting to the place of use, in accordance with the plans accompanying the application for such permit, is two (2) cubic feet per second.

The use to which said water has been applied is domestic use and fire protection at the fish hatchery owned and operated by the holder of said permit, and the amount applied to such beneficial use is two (2) cubic feet per second.

The place where said water is used is the aforesaid fish hatchery which is situated S. 82° 55' E. 1885 feet distant from the W. ¼ corner of Section 32, T. 48 N., R. 6 E. B. M., in the NE ¼ of the SW ¼ of Section 32, T. 48 N., R. 6 E. B. M., Shoshone County, Idaho.

The date of priority which said user is prepared to establish is August 17, 1939.

JAMES SPOFFORD,
Commissioner of Reclamation.
4x—Nov. 17-24, Dec. 1-8, 1939.

F. N. Shreve, being first duly sworn, deposes and says: That he is the *Manager* of the Press-Times Publishing Company, publishers of the Wallace Press-Times, a daily newspaper printed and published at Wallace, Shoshone County, Idaho, which said newspaper has a general circulation in said county, and has been continuously and uninterruptedly printed and published in said county during a period of seventy-eight consecutive weeks prior to the *17th* day of *Nov.*, 193*9*.

Pursuant to the provisions of Chapter 154 of the 1933 Session Laws of the State of Idaho, said Press-Times Publishing Company has designated Friday of each week as the day on which will be published legal notices required by law or by order of any court of competent jurisdiction within the State of Idaho.

That the *Helen Bircumshaw* of which a complete and correct copy is hereto attached, was first published in said newspaper in its Friday issue dated the *17th* day of *Nov.*, 193*9*, and was published in each successive Friday issue of said newspaper for *4* issues, the last publication thereof being in the Friday issue dated the *8th* day of *Dec.*, 193*9*.

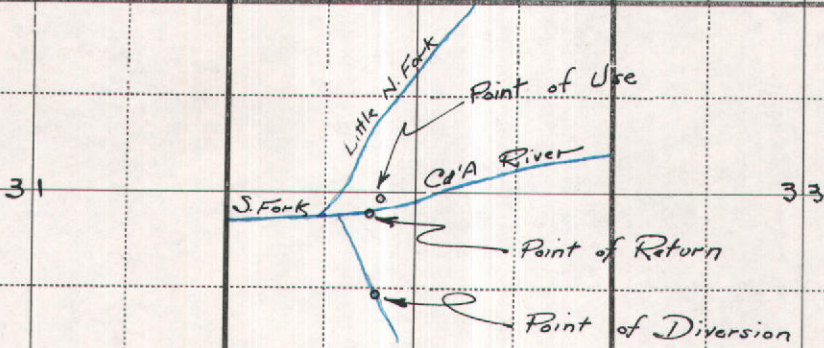

Subscribed and sworn to before me this

9th day of *Dec.*, A. D., 193*9*

Geo. W. Hauer

Notary Public for the State of Idaho,

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 26235
Permit No. 18848
District No.

Chas. E. Horning
Wallace, Idaho

1. Name of Applicant: SHOSHONE COUNTY SPORTSMEN'S ASSOCIATION, INC.

Postoffice address Wallace County: Shoshone State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation: Incorporated Jan. 10, 1938, under laws of Idaho
(b) Amount of capital stock: None
(c) Amount paid in: None (Non-profit corporation)
(d) Names and addresses of directors: M. J. Bottinelli and W. C. Clark, Kellogg, Idaho; William P. Bean, Mullan, Idaho; E. L. Hale, Wallace, Idaho, and Charles E. Bunnell, Burke, Idaho.

II. The financial resources of the applicant are:

- (a) Cash on hand: \$1,500.00
(b) Treasury stock: None
(c) Bonds to be issued: None
(d) Other resources: 86 acres of land with completed fish hatchery and rearing ponds thereon. Hatchery plant complete cost about \$35,000.00

2. Quantity of water claimed: Two (2) cubic feet per second.

3. Source of water supply: A small unnamed stream which is ~~which is situated in the~~ the first stream emptying into the South Fork of the Coeur d'Alene River, from the south, above the mouth of the Little North Fork of said South Fork of said Coeur d'Alene River.

4. Location of point of diversion: bears S. 56° E. 2480 feet distant from the West 1/4 corner of Section 32, T. 48 N., R. 6 E., B. M., and is in the Southwest Quarter of Section 32, T. 48 N., R. 6 E., B. M., County of Shoshone, Idaho

5. Water is to be used for: Domestic use at hatchery and fire protection for hatchery.

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section T. , R. , B. M., in the of Section , T. , R. , B. M.
(b) Amount of power generated: H. P., under feet head.
(c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B. M., in the of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 1,200.00

8. Kind of works: Dam and pipe line

9. Height of dam 4 feet; length of dam at top 25 feet; length of dam at bottom 20 feet; material used in dam: Logs, earth and rocks.

10. Size of headgate: Width 16 X 16 inches ~~feet~~; height 16 inches ~~feet~~--

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet; dimensions of flume:

Diameter of pipe From 12 down to 3 inches, ~~inches~~; length of conduit 1200 feet miles.

Average grade per mile feet.

12. The time required for the completion of such work is One years.

13. The time required for the complete application of the water to the proposed use is No additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? If so, fill in (b) and (c) below.
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

INSTRUCTIONS TO EXAMINERS

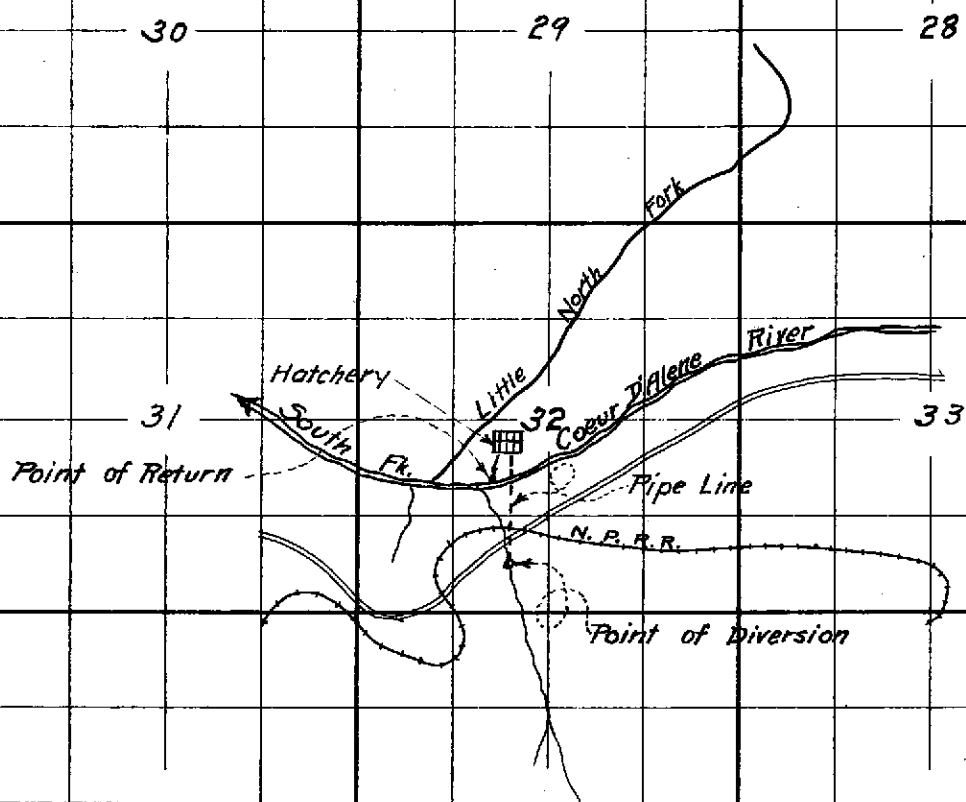

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make a plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

REPORT OF ENGINEER

PERMIT NO. 18848

Completion of Works and
REPORT ON PROOF OF Beneficial use

December 15, 1939

Re: Permit No. 18848

Mr. Chas. E. Horning,
Attorney at Law,
Wallace, Idaho.

Dear Sir:-

We acknowledge receipt of the depositions of the holder, depositions of two witnesses, and the affidavit of publication from the Wallace Press-Times, all in connection with completion of works and beneficial use proofs under the above numbered permit in the name of the Shoshone County Sportsmen's Association, Inc.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We cannot say just when this examination will be made, since the department has but one field engineer, who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for the examination, so that arrangements may be made to show him over the grounds.

After his report is on file in this office, you will be further notified as to fees before the issuance of a license.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation

Boise, Idaho.

Dear Sir:

Re: Permit No. 18848,
Sportsmen's Association, Inc.

I am enclosing herein the depositions of Ellis L. Hale, Homer B. Morris and Harry W. Marsh as proof of the completion of works under the above-numbered permit.

I am also enclosing the depositions of the same witnesses as proof of the application of water to a beneficial use.

I am also enclosing proof of publication of the notice of time and place for the taking of the enclosed depositions.

Very truly yours,

Notary Public

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 2 o'clock P. M. (Standard Mountain Time) on the 12th day of December, 1939, at Wallace, County of Shoshone, State of Idaho, before Helen Bircumshaw, a Notary Public, at her office in the White & Bender Building, proof will be submitted of the completion of works for the diversion of two (2) cubic feet per second of the waters of a small un-named stream, which is the first stream emptying into the South Fork of the Coeur d'Alene River, from the south, above the mouth of the Little North Fork of said South Fork of said Coeur d'Alene River; and of the application to beneficial use of said water in accordance with the terms and conditions of Permit No. 13443, heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the corporation holding said permit are Shoshone County Sportsmen's Association, Inc., Wallace, Idaho.

Said works of diversion will be fully completed on the date set for such completion and, in fact, have already been fully completed, and the amount of water which said works are capable of conducting to the place of use, in accordance with the plans accompanying the application for such permit, is two (2) cubic feet per second.

The use to which said water has been applied is domestic use and fire protection at the fish hatchery owned and operated by the holder of said permit, and the amount applied to such beneficial use is two (2) cubic feet per second.

The place where said water is used is the aforesaid fish hatchery which is situated S. 82° 55' E. 1885 feet distant from the W. 1/4 corner of Section 32, T. 48 N., R. 6 E. B. M., in the NE 1/4 of the SW 1/4 of Section 32, T. 48 N., R. 6 E. B. M., Shoshone County, Idaho.

The date of priority which said user is prepared to establish is August 17, 1939.

JAMES SPOFFORD,

Commissioner of Reclamation.

PERMIT NO. 18848

Proof of Completion of Works

DEPOSITION OF HOLDER

✓ Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Ellis L. Hale, Wallace, Idaho. Hardware & Foundry business.
Postoffice address: Wallace, Idaho.

✓ Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. I am acting on behalf of SHOSHONE COUNTY SPORTSMEN'S ASSOCIATION, INC whose principal place of business is Wallace, Idaho. I am secretary-treasurer of said corporation and have authority to act for it in this matter. I am also a director of said corporation.

✓ Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. No. of Permit 18848. Date August 19, 1939. 2 cubic feet per second. Source—unnamed stream emptying into S. Fork of Coeur d'Alene River, as set out in said Permit. Point of diversion: bears S. 56° E. 2480 ft. from W. 1/4 corner of Sec. 32, T. 48 N. R. 6 E. B.M.

✓ Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Water is used for domestic purposes and fire protection for fish hatchery of permittee.

✓ Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. The water was turned into works about November 1, 1939, to the extent of about 2 cubic feet per second, or to the full extent of the capacity of the stream.

✓ Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. Fully completed and comply in all respects with terms of permit.

✓ Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. The works fully comply with the terms of the permit.

✓ Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same. Diversion dam: storage capacity, 8500 gallons; height, about

Ans. 7 feet; length at top, about 25 feet; length at bottom, about 20 feet; width of headgate, 16 inches; height of headgate, 16 inches. Pipeline: 233 ft. of 18-inch steel pipe; 596-1/3 ft. of 14-inch steel pipe; 120 ft. of 5-inch steel pipe; 200 ft. of 4-inch steel pipe; 75 ft. of 2-inch steel pipe. Storage capacity of pipeline, 7462 gallons. Cost, approximately \$3,000.00. (Said 2-inch pipe is inside hatchery building) (Sign here.) Ellis L. Hale

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, in Wallace,

County of Shoshone, State of Idaho, on this 12th day of December, A. D. 1939.

John Bircumshaw
Notary Public.

My Commission expires Aug. 22, 1940. for the State of Idaho, residing at Wallace, Idaho.

18848

OK AD

The Depositions of two Witnesses, in this form, taken separately, required in each case.

Permit No. 18848**Proof of Completion of Works****DEPOSITION OF WITNESS**

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Harry W. Marsh, Wallace, Idaho. Occupation-Mining Engineer.

P.O. Address - Wallace, Idaho.

Ques. 2. Are you acquainted with SHOSHONE COUNTY SPORTSMEN'S ASSN. INC the holder of Permit No. 18848, authorizing the diversion of two second-feet of the a small un-named stream, being the first stream emptying into the South waters of/ Fork of Coeur d'Alene River from the south above the mouth of the Little North Fork of said South Fork of said Coeur d'Alene River for domestic purposes? How long have you known him, and where does he reside?

Ans. I have been familiar with said association and have been a member of it from the time of its incorporation. Its principal place of business is at Wallace, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18848, and are you familiar with its terms and conditions?

Ans. Yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not for irrigation.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity. Works consist of a storage dam-capacity about 8500 gallons.

The pipeline consists of steel pipe as follows: 233 ft. of 16-inch; 596-1/3 ft. of 14 inch; 120 ft. of 5-inch; 200 ft. of 4-inch, terminating at the building; and 75 ft. of 2-inch pipe installed inside the hatchery building. The capacity of the pipeline is approximately 7462 gallons, making the total storage capacity of the dam and pipeline, about 15,962 gallons.

OK H.D.

The Depositions of two Witnesses, in this form, taken separately, required in each case.

Permit No. 18848

Proof of Completion of Works

DEPOSITION OF WITNESS

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Homer B. Morris, Wallace, Idaho. Occupation-Mechanical Engineer.

P.O. Address- Wallace, Idaho.

Ques. 2. Are you acquainted with Shoshone County Sportsmen's Ass'n. Inc. the holder of Permit No. 18848, authorizing the diversion of two second-feet of the a small un-named stream which is the first stream emptying into the South waters of Fork of Coeur d'Alene River from the South above the mouth of the Little North Fork of said S. Fork of said Coeur d'Alene River for domestic purposes? How long have you known him, and where does he reside?

Ans. I have been a member of said Shoshone County Sportsmen's Assn. Inc. from the time of its incorporation. It is an Idaho corporation, with its principal place of business at Wallace, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18848, and are you familiar with its terms and conditions?

Ans. Yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not for irrigation purposes.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity. Diversion dam: storage capacity, 8500 gallons; height, about 7 feet; length at top, about 25 feet; length at bottom,

Ans. about 20 feet; width of headgate, 16 inches; height of headgate, 16 inches. Pipeline: 233 ft. of 16-inch steel pipe; 596-1/3 ft. of 14-inch steel pipe; 120 ft. of 5-inch steel pipe; 200 ft. of 4-inch steel pipe; 75 ft. of 2-inch steel pipe. Storage capacity of pipeline, 7462 gallons. Cost, approximately \$3,000.00. (Said 2-inch pipe is inside hatchery building)

(Sign here.) *Homer B. Morris*

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Wallace

County of Shoshone, State of Idaho, on this 18th day of December, A. D. 1939.

My commission expires Aug. 22, 1940.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 18848

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Ellis L. Hale, Wallace, Idaho. Hardware and foundry business.

P.O. Address: Wallace, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. I am acting on behalf of SHOSHONE COUNTY SPORTSMEN'S ASSN. INC, an Idaho corporation, of which I am secretary-treasurer. I am authorized to act for it in this matter. I am also a director. Principal place of business, Wallace, Idaho.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. of Permit 18848; date of Permit Aug. 19, 1939; date of priority sought to be established: August 17, 1939.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. A small un-named stream which is the first stream emptying into the South Fork of the Coeur d'Alene River from the south above the mouth of the Little North Fork of said South Fork of said Coeur d'Alene River. Point of diversion bears S. 56° E. 2480 ft. from the W 1/4 corner of Sec. 32, Twp. 48 N. R. 6 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. Diversion dam: storage capacity, 8500

Ans. gallons; height, about 7 feet; length at top, about 25 feet; length at bottom, about 20 feet; width of headgate, 16 inches; height of headgate, 16 inches. Pipeline: 233 ft. of 16-inch steel pipe; 596-1/3 ft. of 14-inch steel pipe; 120 ft. of 5-inch steel pipe; 200 ft. of 4-inch steel pipe; 75 ft. of 2-inch steel pipe. Storage capacity of pipeline, 7462 gallons. Cost, approximately \$3,000.00. (Said 2-inch pipe is inside hatchery building)

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for domestic purposes and for fire protection at the fish hatchery of said Shoshone County Sportsmen's Assn. Inc. which is situated in the NE 1/4 of the SW 1/4 of Sec. 32, Twp. 48 N., R. 6 E. B. M., near Pottsville, Shoshone County, Idaho.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc. The water is being used for domestic and fire protection purposes.

Ans. The storage capacity of the dam is about 8500 gallons. The pipeline also serves as a storage reservoir, its capacity being about 7462 gallons.

18848

✓ Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. The full capacity of the stream in low water. In high water, 2 cubic feet per second.

✓ Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. The permit was originally issued to said Shoshone County Sportsmen's Association, Inc.

✓ Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. It has been used continuously to the extent of about 2 cubic feet per second since the completion of said works, that is to say, since about November 1, 1939. It is being used at least to the full extent of the flow of the stream since the completion of said works.

✓ Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Shoshone County Sportsmen's Association, Inc. holds two other Permits, numbered, respectively, 18638 and 18639, reference to which said Permits is made for answer to this question. The water under those other Permits is not used, however, for domestic or fire protection purposes.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 18848

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

✓ Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Harry W. Marsh; age - 50 years; residence, Wallace, Idaho;

Occupation, Mining Engineer; P.O. Address: Wallace, Idaho.

✓ Ques. 2. Are you acquainted with Shoshone County Sportsmen's Assn. Inc., the holder of Permit No. 18848? How long have you known him and where does he reside?

I have been a member of said association since the date of its incorporation.

Ans. It is an Idaho corporation, with its principal place of business at Wallace, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18848, and are you familiar with its provisions and conditions?

✓ Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use. Source of water supply: A small un-named stream, which is the first stream emptying into the South Fork of the Coeur d'Alene River.

Ans. Alene River, from the south, above the mouth of the Little North Fork of said South Fork of said Coeur d'Alene River. The point of diversion bears S. 56° E. 2480 ft. from the N $\frac{1}{2}$ corner of Sec. 32, Twp. 48 N., R. 6 E. B.M. Water is conveyed by steel pipeline consisting of: 233 ft. of 16-inch pipe; 598-1/2 ft. of 14-inch pipe; 120 ft. of 5-inch pipe; 200 ft. of 4-inch pipe; and (inside hatchery building) 75 ft. of 2-inch pipe.

✓ Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed? The works would conduct more than 2 cubic feet per second. I have seen the entire flow of the

Ans. stream being so conveyed. In low water the capacity of the stream is less than 2 cubic feet per second.

✓ Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.)

State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. The water is being used for fire protection and domestic purposes, at the fish hatchery owned by said association near Pottsville, Shoshone County, Idaho.

18848

OK
HD

✓ Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. The water is used at said fish hatchery for fire protection and for domestic purposes. The use of said water for domestic purposes is continuous. It will be available for fire protection if and when needed. The works will handle at least two cubic feet per second.

✓ Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not for irrigation.

✓ Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest, except that I, along with several hundred others, am a member of said association.

✓ Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have visited and inspected said works on numerous occasions from the time the construction of said works was commenced, up to the present time.

(Signed) Henry Marsh

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Wallace, County of Shoshone, State of Idaho, on this 12th day of December, A. D. 1939.

My commission expires Aug. 22, 1940.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 18848

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

✓ Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Homer B. Morris; age 44 years; residence, Wallace, Idaho;
Occupation, Mechanical Engineer; Postoffice address: Wallace, Idaho.

✓ Ques. 2. Are you acquainted with Shoshone County Sportsmen's Ass'n., Inc., the holder of Permit No. 18848? How long have you known him and where does he reside?
Said association is an Idaho corporation, whose principal place of business is
Ans. at Wallace, Idaho. I have been a member of said association since the time of its incorporation and am familiar with its affairs.

Ques. 3. Have you read or heard read said Permit No. 18848, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use. Source: Small un-named creek, which is the first creek emptying into the South Fork of the Coeur d'Alene River, from the south, above the mouth of the Little North Fork of said South Fork of said Coeur d'Alene River. Point of diversion bears S. 56° E. 2480 ft. from NW corner of Sec. 32, Twp. 48 N., R. 6 EBM. Pipeline consists of steel pipe of the following dimensions: 233 ft. of 16-inch pipe; 595-1/3 ft. of 14-inch pipe; 120 ft. of 5-inch pipe; 200 ft. of 4-inch pipe; 75 ft. of 2-inch pipe. The 4-inch pipe terminates at the building and the 2-inch pipe is installed inside the hatchery building and in the living quarters therein.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed? Would convey more than 2 cubic feet per second. I have seen the full capacity of said stream so conveyed. In low water the capacity of the stream is less than 2 cubic feet per second.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Water is being used for domestic purposes and for fire protection at fish hatchery of permittee, near Pottsville, Shoshone County, Idaho.

18848

✓ Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. The water is being used for domestic and fire protection purposes at permittee's fish hatchery- to the extent of about two cubic feet per second, or at least to the extent of the full capacity of the stream. The water is being used continuously for domestic purposes and is continuously available for fire protection.

✓ Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not used for irrigation

✓ Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in said works nor in said water, except that I am a member of said Shoshone County Sportsmen's Association, Inc.

✓ Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have assisted in the construction of said works from the very beginning, and after the completion of said works I have frequently inspected the same and have observed the flow of water through said works and have tested the pressure of said water for the purpose of determining the efficiency of said works from the standpoint of fire protection. I have also measured the capacity of the dam and of the pipeline, from the standpoint of water storage.

(Signed) *Homer B. Morris*

INSTRUCTIONS

Re: Permit No. 18848

PROOF OF COMPLETION OF WORKS
and Beneficial Use

Helen Bircumshaw,
White & Bender Bldg.,
Wallace, Idaho

Boise, Idaho, December 2, 1939

Dear Sir: Madam:

I enclose herewith the following forms to be used in connection with proof of completion of ~~and beneficial use~~ works, under Permit No. 18848, in the name of the Shoshone Co. Spentenn's Ass'n., Inc.

Deposition of Permit Holder, (2)

Depositions of Two Witnesses. (2 each)

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On December 12, 1939, the date set for proof of completion of works, the enclosed deposition forms (one for permit holder and one each ^{for each proof} for two witnesses) should be filled out and sworn to, at Wallace, Idaho, before Helen Bircumshaw, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

JAMES SPONFORD

Commissioner of Reclamation

Gentlemen:

in your weekly issue

Enclosed you will find notice for publication once a week/for four consecutive weeks prior to December 12, 1939 , the date set for beginning with your issue of Nov. 17th proof,/the expense of the publication to be paid by the applicant,

Shoshone County Sportsmen's Association, Inc., E. L. Hale, Sec'y.
to whom you should furnish proof of publication on or prior to the date for proof.

Please acknowledge receipt of this notice, and furnish this office with a copy of the first publication.

Very truly yours,

JAMES SPOFFORD

Commissioner of Reclamation

18848

November 10, 1939

Re: Permit No. 18848

Mr. Charles E. Morning,
Attorney at Law,
Wallace, Idaho.

Dear Sir:-

This will acknowledge receipt of your letter of November 8th, enclosing notice in duplicate for publication in connection with proof of completion of works and beneficial use, and also authorization to have the notice published in the Wallace-Press-Times, all in connection with Permit No. 18848 of the Shoshone County Sportsmen's Association, Inc.

We find the form of notice to be correct, and we have filled in the date for making these proofs on December 12th.

We are mailing a copy of the notice to the newspaper today, with instructions to publish it once a week, in their weekly edition, for four weeks, commencing with their issue of November 17th.

About ten days prior to December 12th depositions, consisting of one for the holder and one for each of two witnesses, will be sent to Helen Bircumshaw, Notary Public, so that she may have them in ample time for the proofs.

On the date designated, an authorized representative of the holder should appear at Miss Bircumshaw's office, together with two disinterested witnesses who are familiar with the permit and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

JAMES SPOFFORD

Commissioner of Reclamation

TO THE COMMISSIONER OF RECLAMATION:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Wallace Press-Times of Wallace, Idaho, published in
the county in which the works are situated.

SHOSHONE COUNTY SPORTSMEN'S ASSOCIATION, INC.

By- Ellis L. Hale
Secretary

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water
per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

.....
Engineer.

18848

NOTICE OF PROOF OF COMPLETION OF WORKS
AND APPLICATION OF WATER TO BENEFICIAL
USE.

NOTICE IS HEREBY GIVEN that at 2 o'clock P.M. (Standard Mountain Time) on the 12th day of December, 1939, at Wallace, County of Shoshone, State of Idaho, before Helen Bircumshaw, a Notary Public, at her office in the White & Bender Building, proof will be submitted of the completion of works for the diversion of two (2) cubic feet per second of the waters of a small un-named stream, which is the first stream emptying into the South Fork of the Coeur d'Alene River, from the south, above the mouth of the Little North Fork of said South Fork of said Coeur d'Alene River; and of the application to beneficial use of said water in accordance with the terms and conditions of Permit No. 18848, heretofore issued by the Commissioner of Reclamation of the State of Idaho.

address
The name and postoffice/of the corporation holding said permit are Shoshone County Sportsmen's Association, Inc., Wallace, Idaho.

Said works of diversion will be fully completed on the date set for such completion and, in fact, have already been fully completed, and the amount of water which said works are capable of conducting to the place of use, in accordance with the plans accompanying the application for such permit, is two (2) cubic feet per second.

The use to which said water has been applied is domestic use and fire protection at the fish hatchery owned and operated by the holder of said permit, and the amount applied to such beneficial use is two (2) cubic feet per second.

The place where said water is used is the aforesaid fish hatchery which is situated S. 82° 55' E. 1885 feet distant from the W. $\frac{1}{4}$ corner of Section 32, T. 48 N., R. 6 E.B.M., in the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 32, T. 48 N., R. 6 E.B.M., Shoshone County, Idaho.

The date of priority which said user is prepared to establish is August 17, 1939.

APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 26235

Permit No. 18848

District No.

1. Name of applicant: SHOSHONE COUNTY SPORTSMEN'S ASSOCIATION, INC.

Post office address Wallace County Shoshone State Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation: Incorporated Jan. 10, 1938, under laws of Idaho.

(b) Amount of capital stock: \$ None (c) Amount paid in: \$ None
(Non-profit corporation)

(d) Names and addresses of directors:

M. J. Bottinelli and W. C. Clark, Kellogg, Idaho; William P. Bean, Mullan, Idaho; E. L. Hale, Wallace, Idaho, and Charles E. Bunnell, Burke, Idaho.

II. The financial resources of the applicant are: (a) Cash on hand: \$ 1,500.00

(b) Treasury stock: None (c) Bonds to be issued: None

(d) Other resources: 86 acres of land with completed fish hatchery and rearing ponds thereon. Hatchery plant complete cost about \$ 35,000.00

2. Quantity of water claimed: two (2) cubic feet per second.

3. Source of water supply: a small unnamed stream which is the first stream emptying into the South Fork of the Coeur d'Alene River, from the south, above the mouth of the Little North Fork of said South Fork of said Coeur d'Alene River.

4. Location of point of diversion: bears S. 56° E. 2480 feet distant from the West 1/4 corner of Section 32, T. 48 N., R. 6 E., B. M., and is in the SE 1/4 of Section 32, T. 48 N., R. 6 E., B. M., County of Shoshone, Idaho

5. Water is to be used for: Domestic use at hatchery and fire protection for hatchery.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section T., R., B. M., in the of Section, T., R., B. M.

(b) Amount of power generated: H. P., under feet head

(c) Water is to be returned to at a point feet distant from the corner of Section, T., R., B. M., in the of Section, T., R., B. M.

7. Estimated cost of works: \$ 1,200.00

8. Kinds of works: Dam and pipe-line.
(Reservoir, dam, ditch, flume, pipe, etc.)

9. Height of dam 4 feet; length of dam at top 25 feet; length of dam at bottom 20
(If height of dam will exceed 10 feet, send to Department of Reclamation for Regulations)

feet; material used in dam logs, earth and rocks.

10. Size of headgate: Width 16 x 16 inches Height 16 inches feet

11. Ditch. Width at bottom feet; Width at water line feet; Depth of water from 12 down to 3 inches
Dimensions of flume Diameter of pipe inches

Length of conduit 1200 feet miles. Average grade per mile feet.

18848

OK NO

15. (a) Is reservoir to be used?.....(If so, fill in (b) and (c) below.)
(b) Name of reservoir and number of Storage Permit:.....
(c) Date of filing of Application for Storage Permit and Name of Applicant:.....

Remarks: The applicant herein is the holder of Permit No.18638 and Permit No.18639. The water diverted under said permits is being used in the operation of a fish hatchery and rearing ponds near Pottsville, in Shoshone County, Idaho. The water to be diverted under the permit herein applied for will be used for domestic purposes and for fire protection at said hatchery. The applicant has made inquiry from the U.S.Forest Service and others as to the name of the small stream from which said water is to be diverted, but is informed that said stream bears no name.

BE IT KNOWN That the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 2 o'clock P. M. (Standard Mountain Time) on the 12th day of December, 1939, at Wallace, County of Shoshone, State of Idaho, before Helen Bircumshaw, a Notary Public, at her office in the White & Bender Building, proof will be submitted of the completion of works for the diversion of two (2) cubic feet per second of the waters of a small un-named stream, which is the first stream emptying into the South Fork of the Coeur d'Alene River, from the south, above the mouth of the Little North Fork of said South Fork of said Coeur d'Alene River; and of the application to beneficial use of said water in accordance with the terms and conditions of Permit No. 188848, heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the corporation holding said permit are Shoshone County Sportsmen's Association, Inc., Wallace, Idaho.

Said works of diversion will be fully completed on the date set for such completion and, in fact, have already been fully completed, and the amount of water which said works are capable of conducting to the place of use, in accordance with the plans accompanying the application for such permit, is two (2) cubic feet per second.

The use to which said water has been applied is domestic use and fire protection at the fish hatchery owned and operated by the holder of said permit, and the amount applied to such beneficial use is two (2) cubic feet per second.

The place where said water is used is the aforesaid fish hatchery which is situated S. 82° 55' E. 1885 feet distant from the W. $\frac{1}{4}$ corner of Section 32, T. 48 N., R. 6 E. B. M., in the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 32, T. 48 N., R. 6 E. B. M., Shoshone County, Idaho.

The date of priority which said user is prepared to establish is August 17, 1939.

JAMES SPOFFORD,
Commissioner of Reclamation.
