Re: Permits Nos. 18638 and 18639

Mr. Chas. E. Horning,
Attorney at Law,
Wallace, Idaho.

Dear Mr. Horning:

We have on file the reports of our field engineer on examination for completion of works and beneficial use proofs under the above numbered permits in the name of the Shoshone County Sportsmen's Association.

These reports show that in each case the works are capable of diverting and conveying to the place of intended use eight (8) second feet of water.

Therefore, upon receipt of the statutory fees, amounting to \$10.00 for each permit- being at the rate of \$5.00 for completion of works and \$5.00 for beneficial use proof- or a total of \$20.00, certificates of completion of works, and licenses, will be issued.

Very truly yours,

JAMES SPOFFORD

Commissioner of Reclamation

JLA

18638

State of Idaho

License and Certificate of Water Right

Water License No. 18639Amount 8 second feet

Water District No. _____

Priority June 27, 1938

THIS IS TO CERTIFY that SHOSHONE COUNTY SPORTSMEN'S ASSOCIATION, INC.
of Wallace, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated June 27, 19 38; that Permit No. 18639
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
8 second feet, was issued thereunder on February 16, 19 40, showing that said works
were completed on the 25th day of March, 19 39; and that on the 25th
day of March, 19 39,

SHOSHONE COUNTY SPORTSMEN'S ASSOCIATION, INC.

of Wallace, State of Idaho, made proof to the satisfaction of the
Commissioner of Reclamation of Idaho, of the right to use the waters of South Fork Coeur d'Alene River, a tributary of Coeur d'Alene River, for the purpose of operation of fish hatchery and/
rearing ponds, under Use Permit No. 18639 of the Commissioner of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 7
of Licenses, at page 3994, on the 16th day of February, 19 40;

The right hereby confirmed dates from June 27, 19 38;

The Point of Diversion is located S. 84° 45' E. 2610 ft. distant from W. 1/4 corner Sec. 32, T. 48 N., R. 6 E., B.M.
in the NE 1/4 SW 1/4, Sec. 32, Tp. 48 N., R. 6 E., B. M. Shoshone County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 8
cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			Point of use of water is in <u>NE 1/4 SW 1/4</u> of Section <u>32</u> , Township <u>48 N.</u> , Range <u>6 E.</u> , B.M.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use
herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,
this 16th day of February, 19 40

JAMES SPOEFFORD

Commissioner of Reclamation

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 25988
Permit No. 18638
District No.

1. Name of Applicant: SHOSHONE COUNTY SPORTSMEN'S ASSOCIATION, Inc.

Postoffice address Wallace County: Shoshone State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation: Incorporated Jan. 10, 1938, under laws of Idaho.

(b) Amount of capital stock: No capital stock

(c) Amount paid in:

(d) Names and addresses of directors: M. J. Bottinelli and W. C. Clark, Kellogg, Idaho; William P. Bean, Mullan, Idaho; E. L. Hale, Wallace, Idaho and Charles E. Bunnell, Burke, Idaho

II. The financial resources of the applicant are:

(a) Cash on hand: \$ 15,000.00 (Approximately)

(b) Treasury stock: None

(c) Bonds to be issued: None

(d) Other resources: 86 acres of land on which fish hatchery and rearing ponds are to be constructed.

2. Quantity of water claimed: Eight (8) cubic feet per second.

3. Source of water supply: Little North Fork of South Fork / which is a tributary of South Fork of Coeur d'Alene River.
of Coeur d'Alene River

4. Location of point of diversion: N. 80° E. 1762 feet distant from the W 1/4 corner of Section 32, T. 48 N., R. 6 E., B. M., and is in the SE 1/4 of NW 1/4 of Section 32, T. 48 N., R. 6 E., B. M., County of Shoshone

5. Water is to be used for: Operation of fish hatchery and rearing ponds

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: S. 82° 55' E. 1885 feet distant from W 1/4 corner of Section 32, T. 48 N., R. 6 E., B. M., in the NE 1/4 of SW 1/4 of Section 32, T. 48 N., R. 6 E., B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to South Fork of Coeur d'Alene River at a point S. 74° 30' E. 1870 feet distant from the W 1/4 corner of Section 32, T. 48 N., R. 6 E., B. M., in the NE 1/4 of SW 1/4 of Section 32, T. 48 N., R. 6 E., B. M.

7. Estimated cost of works: \$ 700.00 (Exclusive of hatchery and rearing ponds.)

8. Kind of works: Dam and pipeline

9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam: Logs and earth

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet; dimensions of flume:

Diameter of pipe 10 inches; length of conduit 0.104 miles.

Average grade per mile 134.62 feet.

12. The time required for the completion of such work is two (2) years.

13. The time required for the complete application of the water to the proposed use is one (1) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? No If so, fill in (b) and (c) below.
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

SHOSHONE COUNTY SPORTSMEN'S ASSOCIATION, INC.,

Applicant

Re: Permits Nos. 18638 and 18639

Mr. Chas. E. Horning,
Attorney at Law,
Wallace, Idaho.

Dear Mr. Horning:

We are enclosing herewith License and Certificate of Water Right issued under Permit No. 18638, in the name of the Shoshone County Sportsmen's Association, Inc., of Wallace, Idaho, confirming their right to the use of eight (8) second feet of the waters of Little North Fork of South Fork of Coeur d'Alene River, a tributary of the South Fork of Coeur d'Alene River, with a date of priority of June 27, 1938, for the operation of a fish hatchery and rearing ponds, in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 32, Township 48 North, Range 6 East, B. M.

We also enclose License and Certificate of Water Right issued under Permit No. 18639, confirming the right of the Shoshone County Sportsmen's Association, Inc., of Wallace, Idaho, to the use of eight (8) second feet of the waters of the South Fork Coeur d'Alene River, a tributary of Coeur d'Alene River, with a date of priority of June 27, 1938, to be used for the same purpose.

Certificates of Completion of Works are also enclosed in connection with both these permits.

Very truly yours,

JAMES SPONFORD

Re: Permits Nos. 18638 & 18639

Mr. Chas. E. Horning,
Attorney at Law,
Coeur d'Alene, Idaho

Dear Sir:-

We are in receipt of your letter of the 9th inst. in which you inquire as to when you may expect to receive Certificates of Completion of Works and Licenses under the above numbered permits, in the name of the Shoshone County Sportsmen's Association, Inc.

In reply wish to advise that as soon as the report of our field engineer is on file, we shall write you in regard to the necessary fees, upon receipt of which Certificates and Licenses will be issued in accordance with the engineer's report.

As you no doubt understand this department has but one field engineer, who makes examinations all over the state. These examinations necessarily have to be made during the summer, and his reports are written up later in the season.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation

JLA

Re: Permits Nos. 18638 & 18639
Shoshone County Sportsmen's Ass'n.

Mr. Chas. L. Horning,
Attorney at Law,
Wallace, Idaho.

Dear Sir:-

This will acknowledge depositions of the holder, depositions of each of two witnesses, and the affidavits of proof of publication from the newspaper, all in connection with proof of completion of works and beneficial use under the above numbered permits.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made, since the department has but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination, so that you may arrange to show him over the grounds. After his report is on file in this office, you will be further notified as to fees before the issuance of certificates of completion of works, and licenses.

Very truly yours,

JAMES SPOFFORD
Commissioner of Reclamation

Shoshone County Sportsmen's Ass'n. Inc.

Helen Bircumshaw,
Notary Public,
Wallace, Idaho.

Dear Madam:-

We are in receipt of your letter of March 25th, enclosing affidavit of publication of Notice of Proof of Completion of Works and Application of Water to Beneficial Use under the above numbered permits.

You also enclose deposition of the holder and depositions of two witnesses on Proof of Application to Beneficial Use under both permits, although your letter refers to these as depositions as to Completion of Works.

Under date of March 15th, we sent you two sets of depositions for each permit, one set covering proof of Completion of Works, and the other covering proof of Beneficial Use- all of which were to be executed before you on March 25th, and all of which are necessary to complete the proofs.

No doubt both sets of depositions were taken on each of these permits, and you have probably overlooked sending us the others- or the proof of Completion of Works; and we shall appreciate receiving these at your early convenience.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10 o'clock A. M. on the 25th day of March, 1939, at Wallace, County of Shoshone, State of Idaho, before Helen Bircumshaw, Notary Public, at her office in the White & Bender Building, proof will be submitted of the completion of works for the diversion of eight (8) cubic feet per second of the waters of the Little North Fork of the South Fork of the Coeur d'Alene River and of the application to beneficial use of said water in accordance with the terms and conditions of Permit No. 18638, heretofore issued by the Commissioner of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Shoshone County Sportsmen's Association, Inc., Wallace, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of use, in accordance with the plans accompanying the application for such permit, is eight cubic feet per second.

3. The use to which said water has been applied is operation of fish hatchery and rearing ponds and the amount applied to beneficial use is eight cubic feet per second.

4. The place where said water is used is S. 82° 55' E. 1885 feet distant from W 1/4 corner of Section 32, T. 48 N., R. 6 E., B. M., in the NE 1/4 of SW 1/4 of Section 32, T. 48 N., R. 6 E., B. M., Shoshone County, Idaho.

5. The date of priority which said user is prepared to establish is June 27, 1938.

JAMES SPOFFORD,
Commissioner of Reclamation.

PERMIT NO. 18638

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Ellis L. Hale, residence and P.O. Address-Wallace, Idaho.

Occupation: Hardware and foundry merchant.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. I am acting on behalf of Shoshone County Sportsmen's Association, Inc., an Idaho corporation, whose principal place of business is Wallace, Idaho. I am secretary of said corporation and have been authorized to act for said corporation in this matter.

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. No. of Permit-18638; date of Permit-July 18, 1938; 8 cu.ft.per sec Source-Little North Fork of South Fork of Coeur d'Alene River; Point of diversion-N. 80° E. 1762 ft. from the W. 1/4 corner of Sec. 32, Twp. 48 N., Rng. 6 E.B.M., in SE 1/4 of NW 1/4 of Sec. 32, Twp. 48 N., Rng. 6 EBM, Shoshone County, Idaho.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Operation of fish hatchery and rearing ponds in connection with hatchery.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Yes. It was turned in about Sept. 1, 1938, to the extent of 8 cu.ft.per second to test capacity of said works.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. Fully completed and comply in all respects with terms of Permit.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. See No. 6

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. Works consist of dam at point of diversion, with 16-inch pipeline from point of diversion to place of use. Cost about \$_____.

(Sign here.)

Ellis L. Hale

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, in Wallace,

County of Shoshone, State of Idaho, on this 25th day of March A. D. 1939.

W. B. Burrows

Notary Public.

My Commission expires August 22, 1940

18638

Permit No.

Proof of Completion of Works**DEPOSITION OF WITNESS**

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Robert H. Dunn, residence and P.O. Address: Wallace, Idaho.

Occupation: Mining Engineer.

Ques. 2. Are you acquainted with Shoshone County Sportsmen's Association, Inc., the holder of Permit No. 18638, authorizing the diversion of 8 second-feet of the waters of Little North Fork of South Fork of Coeur d'Alene River at Pottsville, Shoshone County, Idaho, for fish hatchery purposes? How long have you known him, and where does he reside?

Yes. I have been familiar with the articles of incorporation and by-laws of said corporation ever since its organization. It is incorporated under the laws of Idaho.

Ques. 3. Have you read or heard read said Permit No. 18638, and are you familiar with its terms and conditions?

Ans. Yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not for irrigation purposes, but for purpose of operating fish hatchery and rearing ponds in connection with hatchery.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. Works consist of dam built of earth, rock and logs, at point of diversion, with 16-inch pipeline from dam to place of use. I estimate the capacity of said works at 8 cubic feet per second.

Robert H. Dunn

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Wallace County of Shoshone, State of Idaho, on this 25th day of March, A. D. 1939.

Helen B. ...
Notary Public

My commission expires Aug. 22, 1940.

18638

The Depositions of Witnesses, in this form, taken separately, required in each case.

PERMIT NO. 18638...

Proof of Completion of Works

DEPOSITION OF WITNESS

In compliance with Sec. 5594, Compiled Statutes of Idaho.

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Homer B. Morris, residence and P.O. Address, Wallace, Idaho.

Occupation: Mechanical Engineer.

Ques. 2. Are you acquainted with Shoshone County Sportsmen's Association, Inc.,

holder of Permit No. 18638 authorizing the diversion of 8 second-feet of the waters of Little North Fork of South Fork of Coeur d'Alene River, at near Pottsville, Shoshone County, Idaho, for fish hatchery purposes? How long have you known him, and where does he reside?

Ans. I am a member of said Shoshone County Sportsmen's Association, Inc. and am familiar with its articles of incorporation and by-laws and have been from the date of its incorporation. Its principal place of business is Wallace, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18638, and are you familiar with its terms and conditions?

Ans. Yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not for irrigation

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use? If so, when were they so completed?

Ans. Fully completed and of sufficient capacity to convey entire amount of water specified in Permit from point of diversion to place of use. Works were completed about Sept. 1, 1938.

Ques. 6. Describe the works of diversion as they existed on the date stated in answer to Question 5, and give your estimate of their capacity on that date.

Ans. Works consisted of earth, rock and log dam at point of diversion, with 16-inch pipeline from dam to hatchery and ponds. Estimated capacity, 8 cubic feet per second.

(Sign here.)

Homer B. Morris

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Wallace, County of

Shoshone,

State of Idaho, on this 25th day of

March

A. D. 1939

Allen B. Burchard

Notary Public.

18638

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 18638

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Ellis L. Hale, Wallace, Idaho. Occupation-Hardware and Foundry merchant.
P.O. Address: Wallace, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf. I am acting on behalf of Shoshone County Sportsmen's Association, Inc., an Idaho corporation, whose principal place of business is Wallace, Idaho. I am secretary of said corporation and have been authorized to act for it in this matter

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 18638, dated July 18, 1938. Date of priority-June 27, 1938.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source-Little North Fork of South Fork of Coeur d'Alene River. Point of diversion: N. 80° E. 1762 feet from West $\frac{1}{4}$ corner of Section 32, Twp. 48 N., Rng. 6 EBM.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. Diversion works consist of dam built of earth, rocks and logs, and 16-inch pipeline from dam to hatchery.

Ans. Capable of conveying 8 cubic feet of water per second.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use. Water is used for operating fish hatchery and rearing ponds. Place of use: S. 82° 55' E. 1885 feet from West $\frac{1}{4}$ corner of Section 32, Twp. 48 N., Rng. 6 EBM.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. For operating fish hatchery and rearing ponds

18638

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Minimum requirement, 3 cubic ft. per second, but very frequently as much as 16 cu.ft. per second (under this Permit and Permit No. 18639) will be used.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am representing the corporation to which said Permit was originally issued.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used. Started using water about Sept. 1, 1938, for fish hatchery and rearing ponds. Have used only about 3 cu.ft. per sec.

Ans. thusfar, but are equipped to use entire amount specified both in Permit No. 18638 and Permit No. 18639.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder. Diversion works under Permit No. 18639 were completed about the same time the diversion works under Permit No. 18638 were completed.

Ans. Said Permit No. 18639 provides for 8 cu.ft. of water per second. Entire amount under both permits has been turned into diversion works but the amount actually used thusfar is as stated in No. 10 above. Reference to said Permit No. 18639, on file in the office of the Commissioner of Reclamation of the State of Idaho, is hereby made.

(Sign)

Ellis L. Hale

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Wallace, County of Shoshone, State of Idaho, on this 25th day of March, A. PERMIT NO. 18638

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Robert H. Dunn; age 33 years; residence and P.O. Address: Wallace, Idaho.
Occupation: Mining engineer.

Ques. 2. Are you acquainted with Shoshone County Sportsmen's Association, Inc., the holder of Permit No. 18638? How long have you known him and where does he reside?

Ans. Yes. I have been familiar with the articles of incorporation and the by-laws of said corporation ever since its organization. It is an Idaho corporation, with its principal place of business at Wallace, Idaho.

Ques. 3. Have you read or heard read said Permit No. 18638, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use. Source: Little North Fork of South Fork of Coeur d'Alene River. Point of diversion: N. 80° E. 1762 ft. from West $\frac{1}{4}$ corner of Section 32, Twp. 48 N. Rng 6 EBM. Diversion works consist of dam built of earth and logs and 16-inch pipeline from dam to hatchery.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 8 cubic feet per second.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use. For purpose of operating fish hatchery and rearing ponds. Place of use: S. 82° 55' E. 1885 feet from West $\frac{1}{4}$ corner of

Ans. Section 32, Twp. 48 N. Rng 6 EBM.

18638

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent. Used for purpose of operating fish hatchery and rearing ponds. Thusfar it has been applied to the extent of about 3 cubic feet per second,
Ans. but very frequently water will be required to full extent of that specified in Permit No. 18638 and Permit No. 18639 (16 cu.ft. per sec).

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not for irrigation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent? I have no interest in the works or in the water or in the hatchery, except that I am a member of said Shoshone County Sportsmen's Association, Inc. The organization has about 1200 members.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit. As an engineer, I have assisted in supervising the construction of the diversion works from the time the same were commenced until they were completed.

(Signed)

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Homer B. Morris, age 44 years, Wallace, Idaho, mechanical engineer,
P.O. Address: Wallace, Idaho.

Ques. 2. Are you acquainted with Shoshone County Sportsmen's Association Inc. the holder of Permit No. 18638? How long have you known him and where does he reside?

Ans. Yes. I have been familiar with the articles of incorporation and by-laws of said corporation ever since its organization. Its principal place of business is Wallace, Idaho. It was organized under the laws of Idaho.

Ques. 3. Have you read or heard read said Permit No. 18638, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source - Little North Fork of the South Fork of Coeur d'Alene River;
Point of Diversion - N. 80° East 1762 feet from the West $\frac{1}{4}$ Corner of Section
32, Twp. 48 N. Range 6 E.B.M.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 8 cubic feet per second

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. For operation of fish hatchery and rearing ponds in connection
with hatchery. Cost of hatchery and ponds about \$40,000.00. Location of
hatchery: S. 82°55' E. 1885 ft. from W $\frac{1}{4}$ corner of Sec. 32, Twp. 48 N.,
Rng. 6 E.B.M.

18638

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. Water is used for purpose of operating fish hatchery and rearing ponds. Thusfar it has been applied to the extent of about 3 cubic feet per second, but at many times water will be required to the full extent of that specified in Permit No. 18638 and Permit No. 18639. (16 Cu. ft.)

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not for irrigation

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the works or in the water or in the fish hatchery, except that I am a member of said Shoshone County Sportsmen's Association, Inc. The organization has about 1200 members.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. As an engineer, I have assisted in supervising the construction of the diversion works from the time said works were commenced until they were completed.

Shoshone Co. Sportsmen's Ass'n. Inc.

Boise, Idaho, **March 15, 1939**

Helen Bircumshaw,
Notary Public,
Wallace, Idaho

Dear Sir: ~~Madam~~:-

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 13638

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On March 25, 1939, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Wallace, Idaho before Helen Bircumshaw, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

3 encls.

Re: Permits Nos. 18638 and 18639
Shoshone County Sportsmen's Ass'n. Inc.

Mr. Chas. E. Horning,
Attorney at Law,
Wallace, Idaho.

Dear Sir:-

This will acknowledge receipt of Notices in duplicate for publication, in connection with Proof of Completion of Works and Application of Water to Beneficial Use, also authorization to have the notices published in the Wallace Press-Times, Wallace, Idaho- all in connection with the above numbered permits.

You are correct, and the date of priority is June 27, 1938, or the date when the application was filed in this department.

A copy of the notices will be mailed to the newspaper with instructions to publish it once a week for four consecutive weeks prior to March 25th. About ten days prior to this date depositions, consisting of one for the holder and one for each of two witnesses, for each proof, will be mailed to Helen Bircumshaw, Notary Public, White & Bender Bldg., Wallace, Idaho so that she will have them in ample time for the proof.

On the date designated your clients should appear at Helen Bircumshaw's office with two disinterested witnesses who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

Dear Sir:

Re: Permits Nos. 18638 and 18639
Shoshone County Sportsmen's Association,
Inc.

I am enclosing herein letter on your Form No. 11 authorizing publication of notice of completion of works and I am enclosing also completed Form No. 36 in duplicate for publication in the Wallace Press-Times of this city.

I would call your attention to paragraph numbered "5" on Form 36. I have inserted June 27, 1938, as the date of priority which the applicant is prepared to establish. That is the date on which each application was filed in your office and I presume it is the date which should be inserted in this blank.

These forms will, of course, reach you more than forty days before the date upon which our proofs are to be submitted and also in ample time to permit the publication of the notice as required by law.

Very truly yours,

By Ellis L Hale
Secretary.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

18638

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 o'clock A.M. on the 25th
day of March, 1939, at Wallace, County of _____
Shoshone, State of Idaho, before Helen Bircumshaw, Notary Public, at her office
in the White & Bender Building
~~proof will be~~ submitted of the completion of works for the diversion of eight (8)
Fork of the Coeur d'Alene River
cubic feet per second of the waters of the Little North Fork of the South/ and of
the application to beneficial use of said water in accordance with the terms and
conditions of Permit No. 18638, heretofore issued by the Commissioner of Reclamation
of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Shoshone County Sportsmen's Association, Inc., Wallace, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of use, in accordance with the plans accompanying the application for such permit, is eight cubic feet per second.

3. The use to which said water has been applied is operation of fish hatchery
~~irrigation and~~
domestic and rearing ponds purposes and the amount applied to beneficial use is eight cubic feet per second.

4. The place where said water is used is S. 82°55' E. 1885 feet distant
from W $\frac{1}{4}$ corner of Section 32, T 48 N., R. 6 E., B.M., in the NE $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 32,
T. 48 N., R 6 E., B.M., Shoshone County, Idaho.

5. The date of priority which said user is prepared to establish is
June 27, 1938.

Re: Permits Nos. 18638 & 18639
Shoshone County Sportsmen's
Association, Inc.

Mr. Chas. E. Horning,
Wallace, Idaho.

Dear Sir:-

We acknowledge receipt of your letter of January 28th, and in compliance therewith we enclose herewith blank notices for proof of completion of works and application of water to beneficial use under the above numbered permits, which should be filled out and returned to this office at least forty (40) days before the date upon which it is desired to make proof.

The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

Upon checking Permit No. 18639 it is found that a log and earth dam will be sufficient for the five-foot head shown on the application; subject, of course, to the Engineer's report on proof of completion of works and beneficial use.

JLA

18638

CHAS. E. HORNING
ATTORNEY AT LAW
WALLACE, IDAHO

January 28, 1939.

Mr. James Spofford,
Commissioner of Reclamation,
Boise, Idaho.

Dear Sir:

Re: Permits numbered 18638 and 18639,
Shoshone County Sportsmen's As-
sociation, Inc.

The above numbered permits were approved by your office
on July 18, 1938.

Although the permittee was allowed two years for the comple-
tion of its diversion works under each permit, and an additional year
within which to complete its application of the water to the proposed
use, the diversion works under each permit has been completed and the
application of the water to the proposed use has likewise been completed.
We would like, therefore, to submit the usual proofs and I am requesting
that you forward to me as soon as possible the customary blanks for
use in this connection.

The application upon which Permit No. 18639 is based specified
concrete as the material to be used in the dam. The fact is that this
dam has been constructed of logs and earth rather than of concrete.
Otherwise, the works that have been completed under this permit corres-
pond with the specifications found in the application. I would like to
inquire at this time as to whether any question will be raised by your
office or by the State Engineer as to the sufficiency of the works by
reason of this variation from the specifications contained in the appli-
cation. I would like to be advised as to this before proof is made
under this particular permit.

Very truly yours,

Chas. E. Horning
1939.

18638

CHAS. E. HORNING
ATTORNEY AT LAW
WALLACE, IDAHO

June 24, 1938.

Mr. R. W. Faris,
Commissioner of Reclamation,
Boise, Idaho.

Dear Sir:

On behalf of Shoshone County Sportsmen's Association, Inc., I am herewith forwarding to you application, in duplicate, for a permit to appropriate certain waters of the South Fork of the Coeur d'Alene River, Shoshone County, Idaho, for fish hatchery purposes.

I am also handing you another application, in duplicate, to appropriate for the same purposes certain waters from the Little North Fork, a tributary of the South Fork of the Coeur d'Alene River. From the data which you recently sent me it would appear that there is only one outstanding permit or license on the Little North Fork of the South Fork of the Coeur d'Alene River which could possibly be in effect at the present time, this being held by Richard Worthington. It will be noted in this connection that Mr. Worthington's license covers only a very small quantity of water and that his point of diversion is far up-stream from the point of diversion specified by the present applicant.

It would further appear that several permits or licenses were issued many years ago to various parties covering waters of the South Fork of the Coeur d'Alene River. My information is, however, that these licenses or permits have long since been abandoned through non-user and that in any event our diversion of the water applied for will in nowise interfere with any of the previously granted licenses.

Shoshone County Sportsmen's Association, Inc., has commenced the construction of a hatchery plant, the cost of which will run from \$15,000.00 to \$20,000.00. You will note from our enclosed applications that the construction of the plant has been fully financed. The association owns its land, has approximately \$15,000.00 cash on hand and is receiving donations in labor and materials which will cover the entire balance of the cost of the project. While we have specified two years for the completion of our diversion works and one additional year within which to complete the application of these waters to the proposed use, we fully expect to complete the works during the present summer and fall and to have the plant in operation next year.

18638

Mr. R. W. Faris

Page 2.

June 24, 1938.

I am enclosing a check for \$13.50 which I believe will cover the filing fees for both applications.

We shall appreciate it very much if you will pass upon these applications and issue the usual permits at your earliest convenience since we do not wish to proceed further with the construction work until we can be assured that our applications are going to be granted.

Very truly yours,

Chas E. Hornung
