Re: 19077

Mr. Grover Dancer
Box 404
Wallace, Idaho

Dear Mr. Dancer:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses, and the affidavit of proof of publication from the Wallace Miner, all in connection with Beneficial Use proof under the above numbered permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made, since this department has but one field engineer, who makes examinations all over the State.

However, Mr. Tolman, field engineer for the Department, will try and contact you at the time set for examination, so that you may arrange to show him over the grounds.

When the engineer's report is filed, you will be notified of the amount due for Beneficial Use proof. Upon receipt of your check for same, a license will be issued.

Very truly yours,

Re: 19077

Mr. Grover Dancer
Box 404
Wallace, Idaho

Dear Mr. Dancer:

On your notice for publication for Beneficial Use proof, we changed the time of proof to June 21, 1941 as your proof was due June 2nd, and July 26th would alter your priority date six weeks. We changed your priority date from 1929 to its correct date of Nov. 13, 1940.

Depositions will be mailed to Mr. Walker ten days before proof is to be made so that he will have the papers in plenty of time. On the 21st, appear before him with two witnesses, who are familiar with your works, and have them sign the depositions.

Very truly yours,

E. V. BERG.
Commissioner of Reclamation.

Grover Dancer
Box 404
Wallace, Idaho

Dear Sir:-

Under the terms of your permits No. 19077 you are required to complete your diversion works and make proof of beneficial use on or before June 2, 1941.

I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

I also enclose blank notice for proof of application of water to beneficial use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is June 2, 1941, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Yours truly

E. V. BERG.

Commissioner of Reclamation

Re: Permit No. 19077

Mr. Grover Dancer,
Box No. 404,
Wallace, Idaho.

Dear Sir:-

In connection with the enclosed permit, you will note that, although you state that the works are finished and the water in use, we have allowed six months, or until June 2, 1941, within which to make the necessary proofs of completion of works, and beneficial use, in order to allow time for all the proofs to clear.

We are enclosing a form of Affidavit for Proof of Completion of Works, which may be executed before a Notary Public, and returned to us at any time prior to June 2, 1941, together with the fee of \$5.00 required in connection with this proof.

Beneficial use proof requires publication for four weeks prior to submitting the proof, in a newspaper published in the county where the water is located. We are enclosing Form No. 10, which should be made out in duplicate, setting a time and place, and also the name of a Notary Public before whom the proofs will be submitted; Also Form No. 11, being your authorization for us to have the notice published in a newspaper that you may designate. All three forms-- two notices and the authorization-- should be returned to us in ample time to allow for the four weeks publication prior to the date set--and we shall send the notice to the newspaper with instructions in regard to publishing same.

The proof of completion of works may be made at once, if you so desire, and publication on beneficial use proof may start at once. But in any event both proofs must be submitted not later than June 2, 1941.

Very truly yours,

JAMES SPOFFORD
