Dear Mr. Wilder:

We acknowledge receipt, from the Notary Public, Mr. William L. Tuson, of the depositions of the holder and two witnesses, also affidavit of publication from the Kellogg News, all in connection with beneficial use proof under the above numbered permit, in the name of the Young Men's Christian Association.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We cannot say just when this examination will be made, since the department has but one field engineer, who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will try and contact you at the time set for examination, so that you may arrange to show him over the grounds, and upon receipt of his report a license will be issued in accordance therewith.

Meanwhile, you may send at your convenience the statutory fee in connection with this final proof, which amounts to $5.00.

Boise, Idaho.

Dear Sir:- Yours of the 11th at hand. We had supposed the YMCA had written you concerning same. However, the notice for proof of beneficial use, Permit No. 18993, was duly received but did not arrive at this office in time for four weekly insertions prior to December 18. The weekly News is issued on each Friday and the first insertion on the notice was run on November 29. The 4th insertion would be December 20. Your date for proving up was set December 18.

We immediately conferred with the YMCA secretary and W. L. Tuson, before whom proof is to be made, and they changed the date to December 20 for offering proof. We therefor changed the date in the notice to read "20" instead of 18 and thereby give same four insertions according to your instructions.

We trust this will meet with your approval. Proof of publication will be furnished the YMCA and copies of the paper have been forwarded your office.

Respectfully,

PROOF OF BENEFICIAL USE OF WATER

Boise, Idaho, December 7, 1940

Re: Permit No. 18993
Y. M. C. A.

Mr. W. L. Tuson,
Notary Public,
Kellogg, Idaho

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18993

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On December 18, 1940, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Kellogg, Idaho before W. L. Tuson, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

JAMES SPOFFORD
Commissioner of Reclamation.

Re: Permit No. 18993

Mr. Raymond D. Wilder, General Secretary,
Young Men's Christian Association,
Kellogg, Idaho.

Dear Mr. Wilder:

We acknowledge receipt of your letter of November 18th, enclosing Affidavit of proof of completion of works under the above numbered permit, together with check for $10.00 in payment of completion of works and beneficial use proof fees, for which we enclose Departmental Receipts Nos.17632 and 17634.

The notice for proof of beneficial use enclosed has been sent to the Kellogg Evening News, with instructions to publish it once a week for four consecutive weeks prior to December 18, 1940, the date set for proof.

About ten days prior to that date we shall send to W. L. Tuson, Notary Public, the proper forms of depositions, consisting of one for the holder and one for each of two witnesses, so that he may have them in ample time for the proof. And on that date you should appear at his office, with two disinterested witnesses, who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

We are enclosing Certificate of Completion of works issued under this permit, for 0.25 second foot of the waters of Dudley Creek, diverted in the NW¼ NE¼ of Section 34, Township 49 North, Range 4 East, B.M., for domestic use at the Y.M.C.A. camp site in the S½SE¼ Section 27, Township 49 North, Range 4 East, B.M.

We are not quite clear on what should be inserted as the "date of priority which the user is prepared to establish". We can show use of water for domestic camp purposes at this location since July 1, 1938, but presume that for the purpose of this transaction it should not be shown earlier than the date of proof. Please correct this insertion if it should be stated differently.

Dear Sir:

Under the terms of your permits No. 18993 you are required to complete your diversion works and make proof of beneficial use on or before December 14, 1940.

I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of $5.00, a Certificate of Completion will be issued to you.

I also enclose blank notice for proof of application of water to beneficial use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is December 14, 1940, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Mr. Raymond D. Wilder,
General Secretary Y M C A
Kellogg, Idaho.

Dear Mr. Wilder:

We are enclosing herewith Permit No. 18993 issued to the Young Men's Christian Association.

BE SURE AND NOTE LIMITATIONS AND CONDITIONS OF SAME, as given under approval of the Commissioner of Reclamation on the fourth page.

Although your application stated that the works were completed, you will note that we have allowed six months time in which to make the necessary proofs. This is because four weeks publication is required prior to making the beneficial use or final proof- and this will allow ample time, although the proof may be started at once, if you so desire.

The first proof required is proof of completion of works, and this can be made by executing the Affidavit enclosed- and returning to this office, with the statutory fee of $5.00- and upon approval a Certificate of Completion of Works will be issued.

We are also enclosing duplicate forms for Notice of beneficial use proof- which should be filled out, setting time, place, and also giving the name of the Notary Public before whom proof will be made. Of course, the date should be set far enough ahead to allow for the necessary four weeks publication.

Both copies of this Notice, and also your authorization for us to have it published in any paper that you may designate in the county where the water is diverted, should be returned to this office, and upon receipt we shall send the notice to the newspaper with instructions in regard to publishing same.

The fee in connection with this proof is also $5.00- which may be paid at the time the depositions of proofare sent in.

Very truly yours,

JAMES SPOFFORD

Mr. Harry Dewey,

Dear Mr. Dewey:

This refers further to an exchange of correspondence we had two months ago about water rights on Dudley Creek.

Enclosed is our application for a permit to take water out of this Creek for domestic use exclusively on a YMCA camp site. Attached to the application are two maps showing the location of the project and the necessary application fee.

Your attention is called to the fact that the two-inch pipe specified as the "kind of work" in the application is already installed as we did this last year under the authority of Mrs. John F. Ferguson and her permit number 17437. About a thousand feet above the point of use we have erected a wooden tank holding approximately 900 gallons of water as stabilizer to the system. Our engineer advisor believes that this is not a reservoir within the meaning of the water law and therefore it has not been mentioned in the application but I mentioned it here to make it a matter of record with you and to place us entirely in the clear.

There is probability that from time to time the area now in our possession by permit from the forest service may be enlarged unless we should come into possession of the Ferguson tract HES 185. We want to be informed whether the permit we are now applying for is adequate to cover our domestic uses at any point within a probable enlargement of our camp site.

Yours very truly,

Raymond D. Wilder
