Re: Permit No. 14323.

Mr. J. P. Crawford,
Lane, Idaho.

Dear Sir:-

Referring to your communication of the 10th inst. would say that the report of the examining engineer for proof of beneficial use of water under the above permit stated "only 5 ac. in SW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 30 now irrigated". This report was made August 19th. It was for this reason that the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 25 was omitted in the license. If the water had not been used for the irrigation of this subdivision prior to the date of making proof, the land could not be included in the license. However, a second proof may be made after the water has been used on the land and a second license issued for the additional amount of water used.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

BOISE, IDAHO, September 3, 1926.

J. P. Crawford,

B. E. Nelson,
Rose Lake, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 14323

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On September 15, 1926, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Rose Lake before B. E. Nelson, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

W. G. SWENDSEN,
Commissioner of Reclamation.

DEAR SIR:

Enclosed you will find notice for publication once a week for four consecutive weeks prior to September 15, 1926, the date set for proof, the expense of the publication to be paid by the applicant, J. P. Crawford, of Lane, Idaho., to whom you should furnish proof of publication on or prior to the date set for proof.

Please acknowledge receipt of this notice and furnish this office with a copy of the first publication.

In re: Permit No. 14323.

Mr. J. P. Crawford,
Lane, Idaho.

Dear Sir:-

Referring to your letter of the 5th inst. would say that you can make the proof alone and license will be issued you for the amount of water used, regardless of who may own the land, and you can then transfer an interest in the water right to John Jensen. This would be the simplest way to handle the proof. I am, therefore, mailing the notice for publication to the Search Light, at Harrison.

Deposition blanks, one for the holder and one each for two witnesses, will be mailed to B. C. Nelson, the notary public at Rose Lake before whom proof is to be made on September 25th.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.

In re: Permit No. 14323

Mr. J. P. Crawford,
Lane, Idaho.

Dear Sir:-

We are just in receipt of notices for proof under your above numbered permit. In looking over the notice for publication, we find several corrections which should be made before the notice is mailed to the paper for publication. We have, therefore, filled out a new blank, so far as we have been able from the copy sent in by you, and will ask that you complete the notice as to the date, the name of the place at which it will be most convenient for yourself and two witnesses to appear and the name of the notary public, or other officer authorized to administer oaths in this State, before whom you can make the proof. The date for making the proof must be set far enough in advance to allow the notice to be published four full weeks, five publications. This date can be set any time from about the middle of September to October 18th, the date specified in your permit for such proof. This date can be set at a convenient time for you and your witnesses.

If there is some one else interested in the permit with you, the transfer from you to him should be sent to us for record under the permit. He may then enter into the proof as one of the holders. Otherwise the proof should be made by you alone.

The proof will be advertised for the full amount and will be cut down in the license according to the showing made in the proof and by our field engineer's report.

Please complete the blank enclosed and return to us at the earliest possible date. A copy will be mailed to the paper direct from this office.

Very truly yours,
W. G. SWENDSEN,
Commissioner of Reclamation.
