Water License No. 3647.

WHEREAS, On the 7th day of May, A.D.1908, C.S. HAWLEY, of Wallace, County of Shoshone, and State of Idaho, duly made application (No. 5159) to me for a permit to use .2 of 1 cubic foot per second of the waters of a small spring, County of Shoshone, State of Idaho, for domestic purposes; and,

WHEREAS, On the 16th day of May A.D.1908 Permit No. 3647, was issued to said applicant for the diversion of said water, and providing for the completion of the works of diversion therein described on or before the 16th day of November A.D.1908, and for the application to beneficial use of said water on or before the 16th day of November A.D.1908, and,

WHEREAS, On the 7th day of November A.D.1908, the holder of said permit duly made proof of the completion of adequate works for the diversion of .2 of 1 cubic foot per second of said waters, as evidenced by my Certificate No. 3647, dated December 29,1908, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use .2 of 1 cubic foot per second of water, with date of priority of May 7,1908, and

WHEREAS, On the 7th day of November A.D.1908, proof was duly made of the application to beneficial use of .2 of 1 cubic foot per second of said water.

NOW, THEREFORE, By virtue of the authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to C.S. HAWLEY, of Wallace, Idaho, the holder and owner of said Permit No. 3647, a perpetual right, dating from May 7,1908, to the use of .2 of 1 cubic foot per second of the waters of a small spring, in the County of Shoshone, and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at a point in the northwest quarter of northwest quarter of section 27, township 48 north, range 4 east B.M. and conducted to the northwest quarter of northwest quarter of section 27, township 48 north, range 4 east of the Boise meridian, for the purpose of domestic use, subject, however, to the laws of the State of Idaho applicable to a license for the use of the waters of the State,, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water,

WITNESS, My hand and the seal of my office at Boise, Idaho, this 29th day of December A.D. Nineteen hundred and eight.

Jas. Stephenson, Jr.

State Engineer.

(SEAL)

Recorded December 29,1908.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: C. S. Hawley.

Postoffice address: Wallace.

County: Shoshone State: Idaho.

2. The quantity of water claimed is 2/10 cubic feet per second.

3. Source of water supply: Small Spring on Hill Side in NW $\frac{1}{4}$ of NW $\frac{1}{4}$ Sec. 27 Tp. 48 N. R. 4 E. B. M.,

County of Shoshone.

4. Location of point of diversion: SE corner of NW $\frac{1}{4}$ of NW $\frac{1}{4}$ Sec. 27 T. 48 N. R. 4 E.

5. To be used for: Domestic Purposes in NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 27 T. 48 N. R. 4 E.

I. domestic use:

(a) Amount of land to be irrigated none.

6. Estimated cost of works:.....

7. Description of works for diversion:

I. Kind of works: flume 3 ~~1~~4 inches 300 ft. long.

II. Dimensions of works:

(d) Conduit Flume, width at bottom 4 inches, width at water line 4 inches, depth of water three inches. Average grade per mile is 8 feet.—Length of conduit is 300 feet, and it crosses the following quarter sections: NW $\frac{1}{4}$ of NW $\frac{1}{4}$ Sec. 27 T. 48 N. R. 4 E. to land described in 5 above which is the point of intended use.

8. Time required for the completion of the construction of such work is 60 days.

9. Time required for the complete application of the water to the proposed use is 10 days additional.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

C. S. Hawley,

Applicant.

Remarks: The above application is to secure the water from a small spring on the hill side for family use.

U. S. DEPUTY MINERAL SURVEYOR

LOCATED IN THE COEUR D'ALENE MINING
REGION SINCE 1883

SURVEYOR FOR SHOSHONE COUNTY

Wallace, Idaho, Nov. 7th 1908

Hon Jas. A. Stephenson Jr.

Idaho State Engineer.

Boise. Idaho.

Dear Sir;

In accordance with your letter dated Nov. 4th 1908, I have made a careful examination and survey of the water right of C.S. Hawley Permit No. ³⁶⁴⁷ 5159 and find the following facts. The source of supply is a small spring on the hill-side, situated 1268 feet S. 6°-09' E. of corner to secs. 21- 22- 27- & 28 T. 48 N. R. 4 E. B.M. or in the N.W. quarter of the N.W. quarter of Sec 27 T. 48 N. R. 4 E. B.M.

The water from this small spring is allowed to follow its natural channel, on a course of N. 71° E. for 180 ft. Then it flows into a flume made of half inch, dressed lumber, said flume being four inches wide and three inches deep. 300 ft. long on a fall of one quarter in. to road. Course S. 77° E. to the S.W. cor. of a dwelling. This flume is running about half full. At the west end of the flume a three quarter inch hole in side of flume allows a portion of the water to flow from the flume into a three quarter inch pipe, which has a course of N. 47° E. for 150 ft. on a fall of ten ft. in that distance, to a dwelling. Neither the Pipe or Flume were carrying to full capacity at time of survey, though taking all the water. In the wet season they might be fully supplied. At the time of this survey there was not much more than one tenth Cu. ft. per. sec. running in both flume and pipe. This is Mr. Hawley, S only source of supply for pure water.

Very Respectfully,

George R. Trask, E.M.
Co Surveyor and Licensed State Surveyor
