ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 91-7080, and said application is hereby APPROVED

1. Approval of said application is subject to the following limitations and conditions:

a. SUBJECT TO ALL PRIOR WATER RIGHTS.

b. Proof of construction of works and application of water to beneficial use shall be submitted on or before August 1, 1988.

c. The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land.

d. Other:

Permit holder shall commence the excavation or construction of diverting works within one year of the date this permit is issued and shall proceed diligently until the project is complete.
The issuance of this permit in no way grants any right-of-way or easement across the land of another.

Witness my hand this 25th day of August, 1983.

D. Newboston
Chief, Operations Bureau

ATTACHMENT A.

SEWAGE DISPOSAL AND
WATER SERVICE AGREEMENT

The undersigned, COTTONWOOD POINT WATER AND SEWER ASSOCIATION, INC., St. Maries, Idaho, hereinafter called the "Association", and Mr. & Mrs. Ben Miller

hereinafter called the "User", agree as follows:

In consideration of the payment of charges hereinafter prescribed and mutual covenants herein contained, the Association agrees to furnish to the User such potable water for domestic purposes, not including irrigation, as the User shall reasonably require, subject to terms and conditions hereinafter set forth; such service to continue for so long as the User shall continue to satisfy such terms and conditions.

The User shall be required to connect his domestic sewage disposal system into the Association's trunk line and lagoon system, in order to satisfy State and local sewage disposal requirements. In consideration for sewage disposal service, the User shall pay to the Association a service charge of \$3.50 each month, within fifteen days after receipt of the Association's statement therefor.

The User shall pay to the Association, in regular monthly payments within fifteen (15) days after receipt of the Association's statement therefor, charges for such water services in accordance with the following schedule:

66¢ per thousand gallons per month for the first 50,000 gallons of water consumed from each hook-up;

30¢ per thousand gallons per month for all over 50,000 gallons consumed from each hook-up;

subject to a minimum charge of \$6.00 per month.

MICROFILMED

In addition to the gallonage charges above specified, the User will pay to the Association, before connecting his domestic water supply system into the Association's water mains, a hook-up charge of \$600.00. Each such connection shall serve only one residence and appurtenant buildings.

The Association will furnish to the User such water for domestic usage as the User shall require, insofar as the Association's available water supply is sufficient to do so. In the event of a shortage in such supply, the Association reserves the right to restrict the volume of water supplied to the User; provided, however, that any such restriction or curtailment of usage shall be applied and enforced against all water users connected to the Association's supply system on an equitable basis.

Before the User shall be permitted to connect his domestic water system into the Association's supply line, the User shall obtain and install at User's expense, a water meter of a type and design acceptable to the Association.

The User's rights and obligations under this agreement may be assigned and transferred to any subsequent owner of the User's property served hereunder; and the Association shall have a lien against such property for any unpaid water charges, which lien may be enforced against any assignee or transferee of the User.

IN WITNESS WHEREOF, the parties hereto have executed this agreement this _____ day of _____, 197_____.

Re: 91-7080

Dear Permitholder:

We acknowledge receipt of your statement of completion of water development use for the above-referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We do not know at this time when he will be able to conduct the examination; however, the examiner will try to contact you at the time he makes the examination so that you may show him the system. If you will not be available to show the system, please provide this office with the name and address of someone who will be able to do so. Your permit will remain valid until the examination is made.

If you have any questions concerning the field examination, please contact this office. Please be sure to use the above-referenced permit number in all future correspondence concerning this examination.

Sincerely,

/s/

RE: Permit No. 91-7080

Dear Ms. Fleck,

Department of Water Resources

Enclosed is a copy of the well drillers report on the main well supplying Cottonwood Point Water Association, Inc. We have no information on the secondary well, which is connected to our system. The secondary well belonged to the old farm house which was located near our pumphouse, the developer of the system, had it connected to our system as a backup well. We would like to obtain the information such as when the well was drilled, volume, casing type, etc. If you could give me some ideas on how to research this information, I will make an attempt to do so.

Please contact me if more information is needed.

Thank You.

RE: Permit No. 91-7080

Dear Permit Holder:

The department received your Proof of Beneficial Use form, however, before completing processing, additional information is needed.

If you have a well driller's report, please send a copy to the department. If you do not have one, please let me know who drilled the well and when it was drilled. If more than one well has been drilled, the pertinent information for each well is required.

Please remit the requested information by September 29, 1988 to keep your permit from losing priority.

If you have any questions, feel free to call me.

Sincerely,

RITA FLECK
Secretary/Records Manager

PROOF DUE NOTICE

RE: Permit No. 91-7080

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 1988. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this Department on or before the above described proof due date, or the permit will no longer be of any force nor effect.

Sincerely,

RITA FLECK
Secretary/Records Manager

RE: PERMIT NO. 91-7080

DEAR PERMIT HOLDER:

ENCLOSED IS A COPY OF YOUR APPROVED APPLICATION FOR PERMIT. WE DIRECT YOUR ATTENTION TO THE CONDITIONS OF APPROVAL ON THE FOURTH PAGE.

THE 1982 IDAHO LEGISLATURE ADDED A REQUIREMENT THAT AS A PERMIT HOLDER YOU MUST COMMENCE THE EXCAVATION OR CONSTRUCTION OF DIVERTING WORKS WITHIN ONE YEAR OF THE DATE THE PERMIT WAS ISSUED, AND YOU MUST PROCEED DILIGENTLY UNTIL THE PROJECT IS COMPLETED. THE ENCLOSED BLUE CARD MUST BE COMPLETED AND RETURNED TO THIS OFFICE AS SOON AS YOU COMMENCE CONSTRUCTION, NO LATER THAN ONE YEAR FROM THE DATE THE PERMIT WAS APPROVED.

WE HAVE ENCLOSED INSTRUCTIONS ENTITLED "MAKING PROOF OF BENEFICIAL USE". PLEASE READ THE INSTRUCTIONS CAREFULLY SINCE YOU MUST TAKE FURTHER ACTION TO DEVELOP THIS PERMIT INTO A LICENSE.

SINCERELY,

DAVID R. TUTHILL, JR., P.E.
SUPERVISOR, WATER ALLOCATION SECTION
