Re: Permit No. 91-7027

In my letter to you dated July 1, 1980, I stated it was not necessary for you to get a second extension of time since you had already completed your system even though you had lent your pump to the City of Coeur d'Alene for clean up purposes. I also requested that you complete the enclosed postcard and return it.

As of this date, I haven't received that postcard. Would it be possible for you to complete the enclosed postcard and return it within twenty days to keep your permit in good standing?

Dear Mr. Moehrle:

Re: Permit No. 91-7027

Your permit cannot be extended a second time since only one extension of time is allowed by the statutes.

This should not cause you a problem since you indicate that your system was completed. Therefore, you should complete the enclosed card indicating that the project is complete.

Later this summer or possibly not until next summer, after you have your pump back, someone from our Coeur d'Alene office will visit your project and determine the amount of water you are using so that a permanent water right license can be issued to you.

We appreciate you assisting in the task of cleaning up.

If you have any questions, please let us know.

Dear Rita Fleck,

I had wrote, the Department of Water Resources, about 2 weeks ago, stating.

I had Completed the Project, as of a few days, before the eruption of Mount St. Helens. On, of the next day, I cleaned my place of all ash, & then I gave my Pump, & lines up to St. Maries for their cleanup. Since they are still using it, & I don't really know when, I will get it back. I guess I could go, & demand it, but ~~hope~~ ^{hope} heavily, I don't feel, I could, or should. I checked as of Monday June 9th, they said they were certainly happy, to be able to use it, & would not commit themselves when they would be done with it. I stated in my last letter, I certainly, don't want to ~~lose~~ ^{lose} my water rights.

I did get a extension last year, because when I had ordered my material, they kept telling me it was back ordered. I finally in April did get the material. **MICROFILMED** in. My extension was granted, but now

here I am again.

I hate to ask, but feel I should ask for a extension, to do what is the just cause, with Problems, every body has.

Would you please advise, me as soon as possible on this matter, as I certainly appreciate, this a lot

Dear Mr. Moehrle:

One of the conditions of approval of your water Permit No. 91-7027 was that evidence of the extent of development must be submitted to this office on or before July 1, 1979. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Sincerely,

Rita Fleck
