RE: PERMIT NO. 87-07194

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. Enclosed is an order reinstating the permit advancing the priority since proof was submitted after the proof due date.

PROOF DUE NOTICE

RE: PERMIT NO. 87-7194

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before March 01, 2001. (See last page of your approval permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

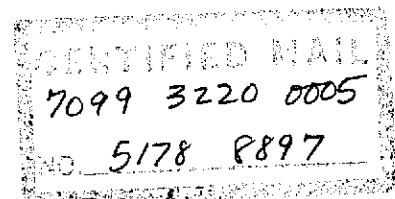

Sincerely,

Deborah J. Gibson, Administrative Assistant

I spoke with Bob concerning this filing and the PMWRC. He said that the location of this well is outside of the area which they are reviewing groundwater filings.

It should be processed without seeking their comments.

Re: Water Appropriation Application No. 87-07194

Dear Mr. Bartlett:

The Idaho Department of Water Resources hereby acknowledges receipt of the above referenced Application for Permit to appropriate the Public Waters of the State of Idaho. To assist us in providing you with prompt, accurate service, please refer to the above referenced number in all future matters concerning this water right application.

Your appropriation application is currently being prepared for advertising in the local county newspaper. This advertisement will be published for two consecutive weeks followed by a waiting period of ten days to allow for the submittal of protests. Normal processing time is approximately 3 to 4 months, if the application is not protested.

If the application is not protested, it will be forwarded to Boise to be considered for approval by the Director. State office personnel will then conduct a complete review, and you will be notified by mail of the outcome. However, if the application is protested during this waiting period, you will be sent a copy of the protest and instructions to aid you in resolving the protest without a hearing. All protests must be resolved before approval of the application can be made, so if the protestant does not voluntarily withdraw the protest, this department will conduct a conference and/or hearing on the matter.

You will receive your approved Application for Permit and instructions on filing the Proof of Beneficial Use from our State office in Boise.

If your source is groundwater, a separate well drilling permit is required for all wells constructed after July 1, 1987.

IF, FROM THAT WELL, YOU WILL BE DIVERTING WATER FOR MORE THAN ONE HOME AND AT A RATE OF MORE THAN 0.04 CFS AND MORE THAN 2500 GALLONS PER DAY, YOU WILL NEED TO OBTAIN A PERMIT FOR OTHER THAN DOMESTIC USAGE. THE TOTAL FEE FOR SUCH A PERMIT IS \$200.00. IF YOU HAVE ALREADY OBTAINED A DOMESTIC PERMIT, YOU WILL NEED TO UPGRADE YOUR PERMIT AND THE FEE FOR UPGRADING IS \$165.00.

If you have any questions or if I can be of any assistance please feel free to contact me at this office.

Sincerely,

ALLEN BEARDSLEE
Senior Water Resources Agent
