PROOF OF BENEFICIAL USE

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or be accompanied by a completed field examination report prepared by a certified water right examiner.

1. Permit No. 87-10024 Telephone No. (208) 443-0484
2. Name of Permit Holder(s): DANIEL MACK (RENAISSANCE PROPERTIES LLC)
3. Mailing Address: P.O. BOX 91
City COOLIN State ID Zip 83821
4. Source of Water: GROUNDWATER If GROUNDWATER (well), Date Drilled: mo. 03 yr. 2003
Well Driller: WILKENSOTT WELL DRILLERS Drilling Permit Number: D0028197

5. Use(s) (as authorized by the water right permit):

Domestic (No. of households): 15 Stockwater (No. and type of stock): _____
Irrigation (No. of acres): _____ Other: _____

6. Total rate of diversion and/or volume for which proof is submitted: 1220 cfs OR 20 acre-feet

7. Measuring Device Requirement: (refer to the approval conditions on your permit and respond accordingly)

(This question is not optional. Please check either yes or no. Proofs returned not checked accordingly, will be considered incomplete)

Measuring Device: Is a measuring device required? Yes X or No _____
Has the measuring device been installed? Yes _____ or No X

8. Fee Enclosed: \$ _____ (See Fee Schedule on back of the instructions for filing proof of beneficial use)

9. Person to contact to accompany the Department representative during field examination of the water system.

Name: DAN MACK Telephone Number: (208) 443-0484
Address: P.O. BOX 91, COOLIN, ID 83821

10. The information given on this form is my true statement of the extent to which the above numbered permit has been developed and water has been diverted. I agree to relinquish any undeveloped portion of the permit to the State of Idaho.

Signature of permit holder: [Signature] (OWNER) Date: 12/10/03

INSTRUCTIONS FOR THE IDAHO ANNUAL REPORT FORM

BLOCK 1: Entity name may not be altered through the use of this form. Pay special attention to the mailing address. If the correct mailing address is not given in Block 1, strike it out and write in the correct address. **Note:** To ensure future mailings, the corrected address **must** be inside Block 1.

BLOCK 2: To change the registered agent or office, strike the incorrect information and write in the correct information. **Note:** The office of the registered agent must be at a street address in Idaho; **not a Post Office Box or Personal Mail Box.**

BLOCK 3: Only a **new** registered agent must sign in Block 2.

BLOCK 4: Enter names and business addresses of president, secretary, and directors (for corporations only) or managers/members (for LLC's only). **Note:** Putting "same as last year" or "same as above" will not be accepted. Changes here will not affect the address in Block 1.

BLOCK 5: May not be altered through the use of this form.

BLOCK 6: The annual report must be signed by a person authorized to represent the corporation/LLC. Print or type the name and title of the signer below the signature.

**** The Image of this form will be available on the internet once it is filed. DO NOT enter Social Security Numbers.**

If the (corporation/Limited Liability Company) is no longer doing business in Idaho, you may file the appropriate form and fee. Forms are available on our website at www.idsos.state.id.us. However, if no timely annual report is filed, administrative action will be taken, at no cost to the (corporation/Limited Liability Company), to terminate the legal existence. If you have any questions contact the Commercial Division at (208) 334-2301.

POSTMARK DATES WILL NOT BE ACCEPTED

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO 87-10024

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

Thank you for sending your change of address, I have updated our database with your new address.

Be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.state.id.us.

If you have questions, please contact the **Northern** Regional Office of the department in Coeur d' Alene (208) 769-1450.

Sincerely,

Deborah J. Gibson

RE: Permit No. 87-10024

Permit Approval Notice

Dear Permit Holder:

The Department of Water Resources has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a PRELIMINARY ORDER issued by the Department pursuant to Section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Enclosed is a form entitled 'Instructions for Proof of Beneficial Use.' Please read the instructions carefully since you must take further action to develop this permit into a licensed water right. Also enclosed is a form entitled 'Proof of Beneficial Use.' If your project is already completed, you should complete and submit this form immediately.

The right to drill a well is not a part of this permit to appropriate water. Beginning in July of 1987, a statute was enacted which requires a drilling permit for new well construction and deepening of existing wells. If the well(s) proposed for use under this water right permit were drilled or deepened after July 1, 1987, a separate drilling permit must be obtained from this Department. Please contact the Ground Water Protection Section located here at this office or our regional office nearest you.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

JUN 16 2004

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Re: Application for Permit No. 87-10024

Dear Mr. Mack:

We received an assignment of the above referenced application for permit last week and find we need to return it to you for additional information. The assignment form needs to have an address inserted on it, that we can use to send correspondence to, rather than the legal description of their location. I have included another blank form for your use if you wish. We also need something to show that Renaissance Park is qualified to do business in Idaho. We looked at the Secretary of State's listing of businesses qualified and Renaissance Park was not on the list. Attached is a portion of Section 42-202B which describes the need for this documentation.

TITLE 42
IRRIGATION AND DRAINAGE -- WATER
RIGHTS AND RECLAMATION
CHAPTER 2

APPROPRIATION OF WATER -- PERMITS,
CERTIFICATES, AND LICENSES -- SURVEY

42-202B. DEFINITIONS. Whenever used in this title, the term:

(4) "Municipality" means a city incorporated under section 50-102, Idaho Code, a county, or the state of Idaho acting through a department or institution.

(5) "Municipal provider" means:

(a) A municipality that provides water for municipal purposes to its residents and other users within its service area;

(b) **Any corporation or association holding a franchise to supply water for municipal purposes, or a political subdivision of the state of Idaho authorized to supply water for municipal purposes, and which does supply water, for municipal purposes to users within its service area; or**

(c) **A corporation or association which supplies water for municipal purposes through a water system regulated by the state of Idaho as a "public water supply" as described in section 39-103(10), Idaho Code.**

(6) "Municipal purposes" refers to water for residential, commercial, industrial, irrigation of parks and open space, and related purposes, excluding use of water from geothermal sources for heating, which a municipal provider is entitled or obligated to supply to all those users within a service area, including those located outside the boundaries of a municipality served by a municipal provider.

MICROFILMED
JUN 16 2004

Please return the assignment form with a copy of the document showing that Renaissance Park is qualified to do business in this state within 30 days of the date of this letter and we will process your application for permit. If we don't hear from you within the 30-day period, we will take action to clear this application from our records.

If you have any questions in regard to this matter, please feel free to contact me at (208)327-7944 or our office in Coeur d'Alene.

Sincerely,

KAY WALKER
Sr. Water Resource Agent

Re: Water Right Application No. 87-10024 - Mack

Dear Mr. and Mrs. Mack:

This is to notify you that we received a letter from Dianne French of the Palouse Water Conservation Network dated June 10, 2003, withdrawing their protest of your application for water right.

We will now proceed with the processing of your application.

Sincerely,

A handwritten signature in cursive script that reads "Robert G. Haynes".

Dear Mr. Haynes:

This email is to notify IDWR that the Palouse Water Conservation Network (address above) is withdrawing the protest of Water Right No. 87-10024 application.

After discussions with Dan and Terene Mack, yourself, residents of the mobile home park, and our board of directors, we are satisfied that Dan Mack understands our concerns about groundwater withdrawals within the Palouse Basin. He indicates that he will seek reasonable landscaping designs and will consider using water in a reasonable and prudent manner.

Thank you for your phone call on June 9 to answer questions and help clarify matters. I do hope IDWR will consider working to help educate water right applicants, and others, to use Idaho's water resource in an efficient and sustainable manner.

Sincerely,

Dianne French

Application to Permit No. 87-10024

Dear Applicant(s):

Enclosed is a copy of a protest filed against approval of the above referenced application. The Department suggests that you contact the protestant(s) directly to determine the nature of the protest and, if possible, to resolve the matter without action by the Department. In our experience, informal discussion between the parties prior to initiation of formal proceedings often leads to resolution of the protest.

If the protest cannot be resolved informally, the matter will be scheduled for conference and/or hearing. The following are criteria the Department must consider in either approving or denying the application (Section 42-203A, Idaho Code).

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purpose intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?
5. Will the proposed use conflict with the local public interest?
6. Will the proposed use be contrary to the conservation of water resources within the State of Idaho?

You will be notified at a later date of the time and place of the conference and/or hearing. Please contact this office if you have any questions regarding this procedure.

Sincerely,

Robert G. Haynes, P.E.
Regional Manager

MICROFILMED

JUN 18 2004

Receipt NO15677

Attachment for NOTICE OF PROTEST

In the matter of Water Right No. 87-10024

RECEIVED
JUN 02 2003
IDWR/North

This application for a water right is being protested on the basis that groundwater mining is already occurring in this basin. Aquifer levels have been dropping for decades and additional pumping will only exacerbate the problem. IDWR must consider sustainable preservation of the aquifers as well as enforcing State water laws.

The water supply itself is insufficient for the purpose for which it is sought and this appropriation will conflict with the local public interest, where the local public interest is defined as the affairs of the people in the area directly affected by the proposed use (Section 42-203A).

Idaho Code Section 42-237a, paragraph g states, in part: [the director may] prohibit or limit the withdrawal of water from any well during any period that he determines that water to fill any water right in said well is not there available... Water in a well shall not be deemed available to fill a water right therein if withdrawal therefrom of the amount called for by such right would affect, contrary to the declared policy of this act, the present or future use of any prior surface or ground water right or result in the withdrawing of the ground water supply at a rate beyond the reasonably anticipated average rate of future natural recharge.

No additional appropriations should be made in Basin 87 and withdrawal of Water Right No. 87-10024 is requested.

RE: Application for Permit No 87-10024

Dear Applicant(s):

The Department of Water Resources acknowledges receipt of your water right application. Please refer to the above referenced number in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the Moscow Pullman Daily News on May 15 and 22, 2003. Submittal of protests to this application will be allowed for a period ending ten days after the second publication.

If the application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an unprotested application is about eight to twelve weeks.

Please feel free to contact this office if you have any questions.

Sincerely,

Allen Beardslee

RE: Record #1960.09: Renaissance Park Water System Phase I

Dear Mr. Mack:

The plans for the subject project appear to meet State of Idaho standards and are approved based on the conditions listed below.

STANDARD CONDITIONS:

1. The standard conditions on the Department of Environmental Quality (DEQ) review stamp are part of this approval. This approval will expire March 18, 2004. If construction is not completed by this expiration date, plans and related documents must be resubmitted to DEQ for review and approval before further construction may proceed.
2. This approval may be rescinded if the subject project is improperly constructed, operated, or maintained; or if it fails to function as designed.
3. Any major changes or changes which would result in violations of Idaho regulations must be reviewed by this office prior to construction.
4. Construction must be done under the supervision of an Idaho registered professional engineer. Within thirty days after construction, this engineer must provide either as-built plans to DEQ, or a letter of certification to DEQ stating that the project was installed substantially according to the approved plans.

SPECIFIC CONDITIONS

1. Per our discussion of March 17, the three-inch main tying the new well to the existing system is considered temporary. The four-inch main and subsequent services to be located in the existing street are required.

MICROFILMED

JUN 15 2004

2. The main must be disinfected to AWWA C651 standard and a subsequent analysis must show an absence of total coliform prior to putting the main into service.
3. This approval does not include well completion. A separate submittal for approval of completion design must be provided after completing an aquifer test.
4. Subsequent Phases must be approved prior to construction.

Please don't hesitate to contact me if you have questions or comments. My phone number is 208-799-4370 and e-mail address is tmoore@deq.state.id.us.

Sincerely,

Thomas J. Moore, P.E.

ACTION OF THE DEPARTMENT OF WATER RESOURCES

This Permit is _____ Date _____

If approved, this permit authorizes the construction or modification of a well subject to the following conditions.
READ CAREFULLY!

GENERAL CONDITIONS:

1. This drilling permit is valid for two (2) months from the above approval date for the start of construction and is valid for one (1) year from the approval date for completion of the well unless an extension has been granted.
2. This permit does not constitute an approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well. All wells must be drilled a minimum distance of 100 feet from a drain field. Domestic and Public Water Supply wells must be drilled a minimum of 50 feet and 100 feet respectively from a septic tank.
3. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
4. Approval of this drilling permit does not authorize trespass on the land of another party.
5. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
6. This drilling permit does not represent a right to divert and use the water of the State of Idaho.
7. If a bottom hole temperature of 85° or greater is encountered, well construction shall cease and the well driller and the well owner shall contact the Department immediately.
