Dear Mr. Needham:

We are returning your Application for Permit for completion. We have also enclosed a Dam Safety brochure, a Small Dam Application and instructions for filing the Application for Permit. I have also listed below the items that must be clarified to have the application approved.

Item 4 - If the fish are to be raised commercially, please contact me so that I can aid you in providing the necessary additional information. If the fish are to be used by your household, this is considered a recreational use and the purpose should be listed as "Recreation" and Item 8.a.5. should be completed.

If the dam is to be placed in the stream bed for in-stream storage, the amounts would be in Acre/Feet per Annum for "storage for stock and recreational" purposes. If the dam is to be placed at some point other than the stream bed for off-stream storage, the amounts will be in C.F.S. for diversion to storage, and in Acre/Feet per Annum for stock and recreation from storage (See memo dated 6/1/78).

Item 5a & 5b - Total the C.F.S. for Item 5a and total the Acre/Feet per Annum for Item 5b.

Item 6a - Describe the diversion works stating whether it is off-stream storage or on-stream storage.

Item 6b - Since you state that the dam is to be 12 feet in height, I am enclosing a Safety of Dams brochure and an application for installation of a small dam.

Please complete Items 8c, 9a, 9b, 9c and 11.
