In December 1971, I bought 160 acres of land from Ben Hegney. Included in this acreage were 21.2 acres which I sold to Mrs. Elizabeth G. Lord in 1974. A copy of the legal description of said land sold to Mrs. Lord is attached. It is part of Section 26, Township 43, Range 5.

On said land sold to Elizabeth G. Lord in 1974, there were at the time of the sale three ponds. Described in terms of relative elevation, there was an upper pond, a middle or house pond, and a lower pond by the road.

The upper pond was built by Carl Gilliland on June 23rd and 24th, 1971.

The lower pond by the road was built by Carl Gilliland in April, 1971.

The middle or house pond was in place, when I bought the land from Ben Hegney in Dec. 1971. It had been built by Mr. Wolverton at least one year earlier, that is some time in 1970.

Dear Mr. King:

Thank you for your letter of September 4th. I apologize for taking so long with my answer, but it took me a while to get things sorted out.

Claim No. 87-4147

I am enclosing the corrected and notarized version, as requested by your department (letter signed by Robert G. Haynes, P.E., dated August 21, 1986).

Permit No. 87-7096

I do not wish to sign a relinquishment, because we are talking about two different ponds and different acres irrigated than the one covered by the above "claim." The "permit" was approved and the fee paid. The number of acres irrigated was 3.

My son Richard Sands tells me that he talked to you and that Ms. Jennifer Argraves or another inspector will visit next year to remove any misunderstanding and confusion between the filings of

1. the Claim, and
2. the Permit.

After this visit, if need be, we can come and visit your office.

We do thank you for any help you can give us in this matter!

Dear Ms. Lord:

During the processing of your Permit No. 87-7096, the Department reviewed your above-referenced Claim to a Water Right and discovered an error in the legal description of your Place of Use in Item No. 6, copy enclosed.

The map you provided shows the Place of Use in the SWSE of Section 26, T43N, R5W; however, Item No. 6 indicates the Place of Use in the SESW.

We have taken the liberty of preparing an Amended Claim to Water Right to reflect the change in the legal description of the Place of Use so that now the map and Place of Use agree with each other and with the legal description of the Point of Diversion.

Please read the enclosed Amended Claim carefully checking for any errors or omissions. If it meets with your approval, please sign the claim before a notary public and return to this office at your earliest convenience. If you would prefer, you can bring the claim to our office to sign before a notary republic here. There will be no filing fee for the Amended Claim.

If you have any question, please contact me at this office.

Sincerely,

ROBERT G. HAYNES, P.E.
