In researching our records, we could find no recorded water rights under the names you provided. I would like to reiterate my statement that even though the Department has no record of these rights, these persons may have developed a valid water right.

I hope I have answered your questions fully and have provided you enough information to enable you to file without too much difficulty. Feel free to contact us if we may be of any further assistance.

Very truly yours,

Dear Mr Fletcher

The Department of Water Resources has completed the processing of your claim to a water right, and no further action is authorized under Section 42-225a and 42-225b, Idaho Code. Your claim will be retained in our files and will be available at any time for use by you or the court.

As you are aware, the filing of a claim does not, in itself, guarantee you a water right; it only records and preserves the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included in your claim file, you may have that information or evidence added at any time. Please refer to your claim number when corresponding with our office.
