Re: Permit No. 17722

MR. GEORGE BADUKE
Potlatch,
Idaho

Dear Sir:

This is to inform you that the engineer's report covering his examination of your works, which was made on the 14th day of July, 1933, is now on file in this office. The report shows that you are applying the full amount of water claimed under your permit (.6 of 1 second foot) to beneficial use.

We will, therefore, upon receipt of a fee in the amount of \$5.00 issue a license to you for this amount.

This fee is statutory and is levied for the purpose of partially covering the cost of the field examinations.

MR. GEORGE BADUKE
Potlatch, Idaho

Dear Sir:

We are in receipt of the depositions which were executed in connection with proof of application of water to beneficial use under the above permit, and we find that they contain sufficient information to comply with the law.

The affidavit of proof of publication did not accompany the depositions. At the time when notice for publication is mailed to the newspaper from this department, the order which accompanies the notice requests the newspaper to furnish the permit holder with an affidavit of proof of publication. If you have this affidavit, will you please forward it to us at your earliest convenience?

These papers will be held in abeyance until such time as an examination can be made by the field engineer of this department. After the field examination has been made and the engineer's report is on file, you will be further notified as to fees due in connection with this proof before your license is issued.

MR. H. H. HANSEN
Notary Public
Pottlatch, Idaho

Dear Sir:

Under date of March 11, 1933, we received the depositions which were executed in connection with proof of application of water to Beneficial Use under the above permit. The depositions were accompanied by an affidavit of proof of publication from a newspaper in Moscow. The newspaper inadvertently published the notice only once, whereas it must be published once a week for four successive weeks.

Due to this error the publication must be run again, and consequently new depositions must be executed; after the publication has been completed. We are enclosing a new set of depositions, and are returning the ones which were previously executed.

In order to avoid causing the permit holder any unnecessary expense, we think it would be permissible to make up the new depositions from the data supplied on the old ones, making the date they are executed as April 8 instead of March 4. The last insertion of the notice will appear on April 7.

The newspaper no doubt will be willing to make a reasonable adjustment so that this second publication in addition to the first publication will not cost the permit holder any more than the amount would have been had the notice been advertised for four weeks in the first place.

Will you please communicate with Mr. Baduke and inform him of the situation?

Very truly yours,

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 4th day of March 1933, at Gold Hill, County of Latah, State of Idaho, before H. H. Hanson, notary public, proof will be submitted of the application to beneficial use of 0.6 cubic feet per second of the waters of East fork of Gold Creek in accordance with the terms and conditions of Permit No. 17722 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are George Baduke, Potlatch, Idaho.

The use to which said water has been applied is placer mining.

The amount applied to beneficial use is 0.6 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) East Fork Gold Creek, Latah County, Idaho.

The right to take water from such works is based upon Permit No. 17722.

The source of supply from which such water is diverted is East Fork Gold Creek.

The date of the priority which said user is prepared to establish is August 31, 1932.

Dear Sir:

Under date of February 1, 1933, a letter was mailed from this department to you accompanied by a notice which was to be published once a week for four successive weeks prior to February 25, 1933. On February 3 we received a communication from you saying that it would be impossible to make four publications of the notice prior to February 25. On February 7 we replied to your letter requesting that you change the date on the notice on which proof was to have been made from February 25 to March 4. We further stated that it would then be permissible to insert the notice in four successive issues prior to March 4.

On March 11 we received the depositions which were executed in this proof, and also the affidavit of proof of publication from your newspaper. The affidavit was signed by Hazel Borgen and it states that "the notice of which the one hereunto attached is a true copy" was published in said paper one time, being published in the issue of the 10th day of February.

We are now in doubt as to whether the notice was published the required number of times or whether the affidavit is in error. In the event that this publication was made only once, then of course the publication must be made over, since the law is quite specific that these notices shall be published for four successive weeks.

Will you please communicate with this department at once and inform us as to what happened? In the event that the affidavit is in error, we would appreciate being sent a new affidavit with the correct dates.

Very truly yours,

To guard against mistakes or delays, the sender of a telegram should order it REPEATED; that is, telegraphed back to the originating office for comparison. For this, one-half the repeated telegram rate is charged in addition. Unless otherwise indicated on its face, THIS IS AN UN-REPEATED TELEGRAM AND PAID FOR AS SUCH, in consideration whereof it is agreed between the sender of the telegram and this Company as follows:

1. The Company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any telegram received for transmission at the UNREPEATED-MESSAGE rate, whether caused by the negligence of its servants or otherwise, beyond the sum of FIVE THOUSAND DOLLARS (FIVE THOUSAND DOLLARS) for non-delivery, or for mistakes or delays in the transmission or delivery, of any message received for transmission at the REPEATED-MESSAGE rate, beyond the sum of FIVE THOUSAND DOLLARS; not for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the SPECIALTY VALUED MESSAGE rate, beyond the sum at which such of the amount be valued, in writing, by the sender if tendered for transmission and for which payment is made or agreed to be made of the amount of the repeated-message rate and an additional charge equal to one-tenth of one per cent of the amount by which such written valuation shall exceed five thousand dollars; not in any case for delays arising from unavoidable interruption in the working of its lines, or for errors in cipher or obscure messages.
2. The Company is hereby made the agent of the sender, without liability, to forward this telegram over the lines of any other company when necessary to reach its destination.
3. Messages will be delivered free within one-half mile of the Company's office in towns of 5,000 population or less, without liability, at the sender's office in other cities or towns. Beyond these limits the Company does not undertake to make delivery, but will, without liability, at the sender's request, as his agent and at his expense, endeavor to contract for such delivery at a reasonable price.
4. No responsibility attaching to this company concerning messages until the same are accepted at one of its transmitting offices; and if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the agent of the sender.
5. The Company shall not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the telegram is filed with the Company for transmission.
6. It is agreed that prompt and correct transmission and delivery of this message shall be presumed in any action for recovery of tolls therefor, subject however, to rebuttal by competent evidence.
7. Special terms governing the transmission of messages under the classes enumerated below shall apply to messages in each of such respective classes in addition to all foregoing terms.

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,
February 16, 1933

H. H. HANSON
Notary Public
Potlatch, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 17722.

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On March 4, 1933, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Potlatch, Idaho before H. H. Hanson, Notary Public.

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

R. W. FARIS

Commissioner of Reclamation.

MR. GEORGE RADUKE
Potlatch, Idaho

Dear Sir:

Under recent date you submitted notice of your intention to offer proof of BENEFICIAL USE under this permit. When the notice was received we changed the date when proof was to be offered from February 15 to February 25 in order to provide sufficient time for the necessary four weeks' publication.

However, our letter to the newspaper arrived the day after the paper had gone to press. Therefore it will be impossible for this notice to appear once a week in four successive issues prior to February 25.

We have instructed the newspaper to change the date on which proof will be offered to March 4, as the last insertion will appear in the issue of March 3.

Will you please communicate with Mr. H. H. Hanson, the Notary Public before whom you will offer your proof, and inform him that the depositions will be taken under date of March 4 instead of February 25 as he had previously been informed by this Department.

Very truly yours,

Dear Sir:

We have your letter of February 3, in which you acknowledge receipt of our letter requesting publication of a notice in connection with proof of application of water to beneficial use under the above mentioned permit once a week for four consecutive weeks prior to February 25.

You state that inasmuch as your paper had gone to press before you received our letter, it will be impossible to make a full publication prior to the above date. Therefore, will you please change the date on the notice on which proof is to be made to read March 4 instead of February 25?

It will then be permissible to insert the notice in four successive issues, the last to appear in the publication of March 3, 1933.

Dear Sir:

Your order of February 1, enclosing notice for publication of the application of George Baduka, Potlatch, arrived this morning. Your order asked four publications in the Idaho Post prior to February 25. Inasmuch as our paper went to press last (Thursday) night for distribution today, this is now impossible as only three publications now precede February 25.

Please advise at once what disposition you wish of this required notice and if it will be satisfactory to insert it in four consecutive issues, the last to be March 3.

MR. GEORGE BADUKE
Potlatch, Idaho

Dear Sir:

This will acknowledge receipt of your notice for publication in connection with Beneficial Use proof under the above permit, also your authorization to have the notice published in the Idaho Post of Moscow.

This notice must be published once a week for four successive weeks prior to the date when proof will be offered. Therefore the date when you will make your proof has been changed from February 15 to February 25 in order to provide ample time for the publication.

The date of priority was given on your notice as November 19, 1932. This was incorrect, so the notice has been corrected to read August 31, 1932.

Depositions, one for the holder and one each for two witnesses, will be mailed about February 15 to H. H. Hanson, Notary Public, Potlatch, so that he will have them in ample time to accept your proof.

Boise, Idaho,
January 12, 1933

Dear Sir:—

Under the terms of your permit No. 17722 you are required to complete your diversion works on or before March 19, 1933 I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
