Dear Mr. Mantz:

If you have completed your system and have applied the water to a beneficial use with no further development, you should complete and return the Proof of Beneficial Use form which we have enclosed.

A field examiner from our Department would then contact you this summer and make the required inspection of your system. A Licensed Water Right would be issued based upon the examiner's findings.

If you should need any assistance in completing this form, or should you have any questions, feel free to contact our office.

Very truly yours,

Fred Eisenbarth

Dear Mr. Mantz:

As of this date we have not yet received the affidavit of publication to be submitted in connection with the above referenced permit. Proof of beneficial use is not required until February 20, 1977; however, many newspapers do not keep copies of these advertisements in their files. We, therefore, recommend that you obtain this affidavit from the Daily Idahonian, Moscow, Idaho and submit it to the Department as soon as possible. This insures that when you are ready to submit proof of beneficial use there will be no unnecessary delay or added expense.

Very truly yours,

Re: Permit No. 33454 (new no. 87-2028)

Mr. William Carl Mantz
Harvard,
Idaho 83834

Dear Mr. Mantz:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor
