State of Idaho
License and Certificate of Water Right

Water License No. 25942 Amount .08 c.f.s.
Water District No. Priority Sept. 6, 1955

THIS IS TO CERTIFY that GEORGE I. BINGMAN
of Moscow, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated September 6, 1955; that Permit No. 25942
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
.24 second feet, was issued thereunder on September 16, 1957, showing that said works
were completed on the 9 day of September, 1957; and that on the 8
day of September, 1958,

GEORGE I. BINGMAN
of Moscow, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Cumerine Creek
, a tributary of So. Fork Palouse River, for the purpose of irrigation & stock
water, under Use Permit No. 25942 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
11 of Licenses at page 6758, on the 17 day of September, 1959;
The right hereby confirmed dates from September 6, 1955;

The Point of Diversion is located
in the NW 1/4 SW 1/4, Sec. 1, Tp. 39 N., R. 5 W., B. M. Latah County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed .08 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
39 N.	5 W.	1	NE 1/4 SW 1/4 NW 1/4 SW 1/4	2 10	2 10
			Total number of acres to be irrigated:		12

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
17 day of September, 1959.

GEO. N. CARTER
State Reclamation Engineer.

Re: 87-2015

Dear Mr. Bingman:

At the conference on the protest of Dennis Conley, I indicated that I would research the water right on your property and advise you if there was anything more needed on your part.

I have done so and find that a License was issued in 1959, a copy of which I am enclosing for your records. Therefore, it is not necessary for you to do anything else to have a valid water right.

If you have any questions, please don't hesitate to contact me.

Sincerely,

ROBERT G. HAYNES, P.E.

RE: Permit No. 25942

George I. Bingham
Rt 2
Moscow, Idaho

Dear Mr. Bingham:

Our field engineer's report on his inspection of the application of water to beneficial use shows that the works is capable of conveying $\frac{1}{4}$ miner's inches (0.08 c.f.s.) of water from Cumerine Creek, a Tributary of the South Fork of the Palouse River, for irrigation of 12 acres.

Upon receipt of the statutory fee, \$4.00 at the rate of \$2.00 for each 40-acre subdivision, we will issue the License and Certificate of Water Right, confirming the right with priority of September 6, 1955, to the use of 0.08 second foot of water from Cumerine Creek, a Tributary of the South Fork of the Palouse River, with point of diversion in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 1, for irrigation of 12 acres in the N $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 1, Township 39N., Range 5W.B.M.

Very truly yours,

GEO. N. CARTER

REPORT OF ENGINEER

Permit No. 25942This proof is for Beneficial Use

In Water District No. _____

1. Name of applicant George I. Bingman2. Source of water supply Cumerine Creek - Tributary of South Fk. Palouse River3. Location of point of diversion: Is in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 1T. 39 N. R. 5 W. County of Latah4. Describe works as they exist, giving dimensions and capacities of same: Pump = Myers Cent. 100-B

1 1/4" X 1" 1 hp Century motor operates 6 - 9/16" sprinklers
a 3/4" hp motor same make pump operates 5 - 9/16" heads.
nozzles are placed each 50'. There is 300' of
plastic pipe between first sprinkler and the pump.

5. Water is used for: Irrigation and stock watering6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

NE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 1, Township 39 North, Range 5 West, B. M.

Pressure today = 17"

Motors are 220V 1 phase

This creek (Cumerine) and Quat Creek flowing in from the North
join about a mile from here and form South Fork of Palouse R.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

Mr Bingman along.

There may be question as to creek's name
but it is the creek flowing thru the place.

This examination was made on the 27 day of July, 1937(Signed) E. N. Humphreys Examiner.

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. George I. Bingman Farmer
R 2 Moscow Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No 25942 Sept. 6 1955

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Cumertine Creek
N.W. 1/4 of E.W. 1/4 Sec 1 Twp 39 N. Rge. 5 W.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. 9 7/4"

no pressure gauge
Estimate 40 lbs.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation NW 1/2 - SW 1/2 Sec 1 Twp 39 N. Rge. 5
W.B.M. 10 Acres
Part pasture seeded on cultivated land
and part natural meadow with tame
grasses seeded in. This has increased
the grazing capacity on the land
also length of season for such use

25942

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. From Aug. 15 1958 until present Time
Pumps and sprinklers 20 C.F.S.
has been diverted and used

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11:00 A.M. on the 8th day of September, 1958, at Moscow, County of Latah, State of Idaho, before Irvin C. Dahmen, proof will be submitted of the application to beneficial use of .24 cubic feet per second of the waters of Cumerine Creek in accordance with the terms and conditions of Permit No. 25942 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are George I. Bingman, Rte 2, Moscow, Idaho.

The use to which said water has been applied is irrigation & Stock.

The amount applied to beneficial use is .24

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 1, T. 39N., R. 5 W.B.M. Point of Diversion—NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 1, Twp. 39 N., Rge. 5 W.B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is irrigation pump and pipe w/sprinklers.

The right to take water from such works is based upon Permit No. 25942.

The source of supply from which such water is diverted is Cumerine Creek.

The date of priority which said user is prepared to establish is September 6, 1955.

Re: Permit No. 25942

Mr. George I. Bingman
Rt. # 2,
Moscow, Idaho

Dear Mr. Bingman:

This acknowledges the Notice of Proof of Application of Water to Beneficial Use under Permit No. 25942. The proofs are to be made on the 8th day of September, 1958, before Irvin C. Dahman, Notary Public, at 11:00 A. M., at Moscow, Idaho.

As of this date we have mailed the Notice to the Daily Idahonian with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions (Holder and two Witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

RECEIVED
JUL 28 1958
Department of Reclamation

Notice is hereby given that at 11:00 A. M. on the 8th day of September, 1958,
at Moscow, County of Latah, State of Idaho, before
Irvin C. Dahmen, proof will be submitted of the
application to beneficial use of ~~25000~~ .24 cubic feet per second of the waters of Cumerine Creek
in accordance with the terms and conditions of Permit No. 25942
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are _____

George I. Bingman, Rte 2, Moscow, Idaho

The use to which said water has been applied is irrigation & stock

The amount applied to beneficial use is .24

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)

NW 1/4 of SW 1/4 of Section 1, T. 39N, R. 5 W.B.M. county of Latah

State of Idaho

Point of Diversion: NW 1/4 SW 1/4, Sec. 1, T. 39 N. - R. 5 W. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is _____

irrigation pump and pipe w/sprinklers

The right to take water from such works is based upon Permit No. 25942

The source of supply from which such water is diverted is Cumerine Creek

The date of priority which said user is prepared to establish is September 2, 1955

State Reclamation Engineer.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

RE: Permit No. 25942

Date July 1, 1958

Mr. George I. Bingham
Route #2
Moscow, Idaho

Dear Sir:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 25942 is due not later than September 9, 1958. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclosed Form 10, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date or before the time you intend to make proof. This form, filled out in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water filed on, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated--all by legal land description.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper, we will also send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

RE: Permit No. 25942

July 1, 1957

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. George I. Bingham
Route #2
Moscow, Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 25942 you are required to complete your diversion works on or before September 9, 1957. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Dear Mr. Bingham:

In reply to your letter of August 12, 1955, we enclose a form of application for permit to appropriate the public waters of the State of Idaho together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of Completion of Works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial Use. The additional time required for making this proof should be stated under Question 13 of the application.

Very truly yours,
