Dear ~~Mr.~~ Madam:

Statutes requires a field inspection in connection with the proofs on Permit # 25563 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Friday

September 19, 1958.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Dear Gentlemen:

This acknowledges the Notice of proof of application of water to beneficial use under Permit No. 25563 in the name of Eloise Van Slatte. Final proof is to be made on the 20th day of June at 10:30 A.M. before J. F. Hunt, Notary Public, at the First Security Bank at Moscow, Idaho.

As of this date we have mailed the Notice to the Daily Iddahonian, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the Permit holder and her two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time, on the date, at the place and before the Notary as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that the Notary's seal has been placed on each and that all depositions (Holder and two Witnesses) are being returned. Also, be sure to enclose the Affidavit of Publication.

Gentlemen:

This acknowledges your letter of April 23rd, stating that Miss Eloise Van Slatte is prepared to make final proof on Permit Number 25563. Enclosed Forms 10 and 11, and instructions as to completing them.

The statutes state that the proofs can be made at any place convenient for the holder and her two witnesses. But, unless she intends to be in, or near, a town close to where her lands are located at the time set for making proof, it will be necessary for her to give some one in that locality the "Power of Attorney", as it is doubtful that she can contact two people near her residence, who are familiar with the works done under the terms of the Permit and who can act as her witnesses.

Instructions, as to her intentions, should accompany the Notice for publication when returning them to this office for processing.

Dear Mr. Kizer:

Enclosed is the Certificate of Completion of Works issued under Permit No. 25563 to (Miss) Eloise Van Slatte, Spokane, for the diversion of 5.0 second feet of water from Gnat Creek, with the point of diversion in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 26, for mining and domestic purposes with the place of use in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 26, Township 40 North, Range 5 West, B.M.

Enclosed also is departmental receipt #28850 for \$5.00, issued as receipt of the fee for the Certificate of Completion of Works.

The final proof of application of water to beneficial use under the terms of Permit No. 25563 is not due until October 15, 1958, and the necessary forms for this purpose will be sent to you in advance prior to the time required for making said proof. However, if Miss Van Slatte has the water completely applied to beneficial use and at this time wishes to make the final proof; upon request, we will send the necessary forms and preliminary instructions for doing so.

Very truly yours,

PROOF OF COMPLETION OF WORKS

Miss Eloise Van Slatte
P.O. Box 1096
Spokane, Washington

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 25563 you are required to complete your diversion works on or before October 15, 1957. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

Perhaps you wondered how I spent the

Dear Sir:

Formerly you
granted me the right to
put a dam across
Gnat Creek on my place
for the purpose of mining.
I have until Oct. 7, 1955
to complete it.

Mr. Junk was the
engineer who designed
the dam and he did not
design a gate to let the
water through for the

places below mine which
have riparian rights. He is
a teacher at the University
and is not here now.

It will take too long
to wait to have the plan
changed and get the dam
in before the rainy time.
I have been ill and went
to the Mayo's and it would
be a hardship to try to super-
vise it now. I wondered
if I could get the permit
to construct it in the
next year. We will have
to put it in during August
I believe because the water
is down and no rain.

I would be pleased to

Also the man who
will construct it is not
sure from the print as
to just where Mr. Junk
planned to put it in. It
seemed to us the dam
was to go in a little lower
down, than the nail
in the tree showed. We
must contact Mr. Junk.
