License and Certificate of Water Right

Water License No. 24211Amount 0.24 second foot

Water District No. _____

Priority June 16, 1953

THIS IS TO CERTIFY that **MARGARET E. SMITH**
 of **Potlatch, Idaho**, made application for a permit to appropriate the
 public waters of the State of Idaho, dated **June 16**, 1953; that Permit No. **24211**
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
0.6 second foot, was issued thereunder on **June 22**, 1954, showing that said works
 were completed on the **10th** day of **June**, 1954; and that on the **12th**
 day of **November**, 1954,

MARGARET E. SMITH

of **Potlatch**, State of **Idaho**, made proof to the satisfaction of the
 State Reclamation Engineer of Idaho, of the right to use the waters of **Hatter Creek**
 , a tributary of **Palouse River**, for the purpose of **irrigation**
 , under Use Permit No. **24211** of the **Department of Reclamation**
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page **5494**, on the **31st** day of **May**, 1955;

The right hereby confirmed dates from **June 16**, 1953;

The Point of Diversion is located

in the **SE 1/4 SE 1/4**, Sec. **9**, Tp. **41 N.**, R. **4 W.**, B. M. **Latah** County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
 not exceed **0.24** cubic foot per second.

Description and location of use:

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

87-2009

APPLICATION No. 31997
 PERMIT No. 24211
 DISTRICT No.

1. Name of Applicant: MARGARET E. SMITH

Postoffice address: Potlatch

County: Latah

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(b) Treasury stock:

(d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed: Three-fifths

cubic feet per second.

3. Source of water supply: Hatter Creek

which is a tributary of Palouse River

4. Location of point of diversion: 600

feet distant from the Northeast

corner of ^{NE $\frac{1}{4}$} Section 16, T. 41 N, R. 4 W, B.M., and is in the

of Section, T., R., B.M., County of Latah

5. Water is to be used for Irrigation from June 1 through September

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B.M., in the

of Section, T., R., B.M.

7. Estimated cost of works: \$ 10.00

8. Kind of works: Dam

9. Height of dam Two feet; length of dam at top Sixteen feet; length of dam at bottom Fourteen

feet; material used in dam: Planks 2 inches by 12 inches

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is $1\frac{1}{2}$ yr. or less years.

13. The time required for the complete application of the water to the proposed use is additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

MARGARET E. SMITH

Applicant.

By

Agent.

Date of first receipt at Department of Reclamation: 9:00 a.m. June 16, 1953

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 24211

Recorded in Book 86 Page 24211 Approved June 20, 1953

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before August 20, 1953 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before June 20, 1954

The whole of said work to be completed on or before June 20, 1955

Beneficial use of water appropriated in accordance herewith, to be made on or before June 20, 1955

WITNESS My hand this 20th day of June, 1953

MARK R. KULP
State Reclamation Engineer.

RE: Permits Nos. 24211 - 24212

Mrs. Margaret E. Smith
Route # 1
Pocatello, Idaho

Dear Mrs. Smith:

We enclose License and Certificate of Water Right issued under Permit No. 24211 confirming your right to the use of 0.24 second foot of water from Hatter Creek with priority of June 16, 1953, and point of diversion in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9, Township 41 North, Range 4 West, B. M., for irrigation of land in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9 and the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 16 same Township and Range.

We also enclose License and Certificate of Water Right issued under Permit No. 24212 confirming your right to the use of 0.24 second foot of water from Palouse River with priority of June 16, 1953, and point of diversion in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9, Township 41 North, Range 4 West, B. M., for irrigation of 30 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section.

We also enclose departmental receipt No. 27360 for the \$5.00 License fees.

Very truly yours,

RE: Permit No. 24211

Mrs. Margaret E. Smith
Route 1
Potlatch, Idaho

Dear Mrs. Smith:

The report of our field engineer on examination for beneficial use on your Permit No. 24211 shows that you have used 12 inches of water from Hatter Creek to irrigate 30 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9 and the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 16, Township 41 North, Range 4 West B.M.

A License can, therefore, be issued for that amount upon receipt of the statutory fee of \$4.00, being at the rate of \$2.00 for each 40 acre subdivision in which the land is located.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permits Nos. 24211 & 24212

Mr. Melvin J. Alsager
P. O. Box 169
Moscow, Idaho

Dear Mr. Alsager:

We have your letter of January 14 returning corrected depositions for proof of Beneficial Use on the above numbered permits in the name of Margaret E. Smith.

You are correct in regard to the point of diversion in Permit No. 24211 as the original permit described it as 600 feet from the NE corner of the NE $\frac{1}{4}$ of Section 16.

These depositions have been filed with the affidavits of publication previously sent us from the Daily Idahonian but before final action is taken the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made, but our field engineer will contact Mrs. Smith at the time he makes the examination in order that she may arrange to show him over the ground.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permits No. 24211 & 24212

Dear Sir:

Am returning the depositions with certain errors corrected. The errors in paragraphs numbered 2-3-4-5 of your letter dated the 3rd day of December, 1954, have been corrected. However we fail to see the error noted in paragraph numbered 1 of your letter. Re-checking it appears that 600 feet from NE corner of NE $\frac{1}{4}$ of Section 16 is correct and permit bearing No. 24211 also gives it as NE $\frac{1}{4}$ and not SE $\frac{1}{4}$.

The affidavits of publication you should have in your file. Have enclosed a copy of letter received by Mrs. Smith indicating that these affidavits were mailed directly to you by the Daily Idahonian.

Very truly yours,

Melvin J. Alsager

Permit No. 24211

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. MARGARET E. SMITH; PRINCETON, IDAHO; RANCHER; rt. 1
POTLATCH, IDAHO

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ---

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 24211; June 20, 1953; June 20, 1955 6-16-53

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Matter Creek a tributary of Palouse River; 600 ft from NE
corner of the NE $\frac{1}{4}$ of Section 16, Twp 41 N; R. 4, W.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Electrical sprinkler system; 6-1/2 gal. a minute nozzle;
and operating pressure is 40 pounds.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. Pasture land. Improve productivity of land
The legal description of the place where the water will be used is the NE $\frac{1}{4}$ NE $\frac{1}{4}$
Section 16 and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9, Twp N. Range 4 W.B.M. The land is tillable
and in permanent pasture, 15 acres in Section 9 and 15 acres in Section 16

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. -----

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 104 gallons per minute

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. -----

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Since the 23rd day of June, 1954, and continuously up and until September 30, 1954. twenty-four hours a day at 104 gallons a minute

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) Margaret E. Smith

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Moscow, County of Latah, State of Idaho, on this 12th day of November, A. PERMIT NO. 24211

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. CLIFFORD F. LATHEN; 38; 618 S. Washington; Richfield Agent;
Box 190, Moscow, Idaho

Ques. 2. Are you acquainted with MARGARET E. SMITH, the
holder of Permit No. 24211? How long have you known ^{her} ~~him~~ and where does
s he reside?

Ans. Eight years ever since 1946

Ques. 3. Have you read or heard read said Permit No. 24211, and are you
familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

2
Ans. From Hatter Creek (and Palouse River); 100 feet north of County
Road; Pump and aluminum pipe. The source of the water supply is
600 ft from NE corner of the NE $\frac{1}{4}$ of Section 16, Twp. 41N, R 4, WEM

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. 3/5 cubic feet per second; 10 $\frac{1}{2}$ gallons a minute

✓ Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give
each subdivision in which water has been used and number of acres irrigated in each
subdivision.) State whether cultivated or natural meadow land and the nature of all im-
provements which have been made as a direct result of said use.

Ans. Irrigate pasture land; improves the pasture and improves the
productivity of the land. The legal description of the place where the water
will be used is the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 16 and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9, Twp 41 N. Range 4 W.B.M.
The land is tillable and in permanent pasture. 15 acres in Section 9 and 15 acres
in Section 16.

24211

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. ---

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. No land reclaimed. Just improved land already tenable

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. A number of times during July and August of this year.

(Signed) Clifford Z. Lathen

Ans. YES

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. HATTER CREEK which is tributary of Palouse River;
600 ft from NE corner of the NE $\frac{1}{4}$ of Section 16, Twp. 41N, R. 4, W6M
Electrical sprinkling system

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 3/5 cubic feet per second; 104 gallons a minute

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation; 30 acres on bottom land; can now raise second
and third cuttings of hay. The legal description of the place where the
water will be used is the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 16, and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9, Twp 41 N.
Range 4 W6M. The land is tillable and in permanent pasture. 15 acres in
Section 9 and 15 acres in Section 16.

24211

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. -----

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Improved land that was already tenable

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Since beginning the 23 day of June, 1954, and up till September 30, 1954 which is the period of irrigation. During this period I periodically saw the operation.

(Signed) Edward V. Adair

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in M O S C O W

RE: Permits Nos. 24211 and 24212

Mr. Melvin J. Alsager
Title Building
Moscow, Idaho

Dear Mr. Alsager:

We return the depositions enclosed in your letter of December 2, 1954, in proof of beneficial use on the above numbered permits for the following corrections:

1. Question 4 of the depositions of Mrs. Smith and Edward V. Adair give the point of diversion, in Permit No. 24211, as 600 feet from the NE corner of the NE $\frac{1}{4}$ of Section 16, whereas, the Permit gives it as 600 feet from the NE corner of the SE $\frac{1}{4}$ of the Section and Question 4 of the deposition of Clifford F. Lathen fails to give the location to a legal subdivision, Section, Township and Range. 11

2. Question 6 of all three depositions on Permit No. 24211 should give the legal description and the acreage of the land where the water has been used.

3. The depositions of Mrs. Smith and Mr. Adair should be notarized.

4. In the depositions on Permit No. 24212, Question 6 should give the acreage also the Section, Township and Range of the land where the water has been applied.

5. Mrs. Smith's deposition should be notarized.

The affidavits of publication are a necessary part of these proofs and the Moscow Idahonian was instructed to send these affidavits to Mrs. Smith. If she has not received them, we suggest she take the matter up with them at once.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PROOF APPLICA- TION OF WATER TO BENEFI- CIAL USE

Notice is hereby given that at 10 a.m.

on the 12 day of November, 1954, at
Moscow, County of Latah, State of
Idaho, before Melvin J. Alsager, No-
tary Public, Title Bldg., Moscow, Ida-
ho, proof will be submitted, of the
application to beneficial use of 0.6
cubic foot per second of the waters
of Hatter Creek in accordance with
the terms and conditions of Permit No.
24211 heretofore issued by the Depart-
ment of Reclamation of the State of
Idaho.

The name and postoffice address of
the person or corporation holding said
permit are Mrs. Margaret E. Smith,
Pocatello, Idaho.

The use to which said water has
been applied is irrigation.

The amount applied to beneficial
use is 0.6 cubic foot per second.

The place where said water is used
is the NE $\frac{1}{4}$, NE $\frac{1}{4}$ Section 16; SE $\frac{1}{4}$
SE $\frac{1}{4}$ Section 9, Township 41 41 North,
Range 4 West, B.M.

The right to take water from such
works is based upon Permit No. 24211.

The source of supply from which
such water is diverted is Hatter Creek.

The date of priority which said user
is prepared to establish is June 16,
1953.

RE: Permit No. 24211

Daily Idahonian
Moscow
Idaho

Gentlemen:

We have checked the notices for Mrs. Margaret E. Smith appearing in your issue of October 14 and find same to be correct with one exception.

In Paragraph 5 of the notice on Permit No. 24211, the word where is omitted between the words "place" and "said". In other words, the first line should read, "The place where said water is used"--etc.

Please make this correction in your subsequent issues.

Very truly yours,

MARK R. KULP

RECEIVED

JUL 12 1954

Department of Reclamation

24211

July 6, 1954

RE: Permit No. 24211

Mrs. Margaret E. Smith
Pottlatch
Idaho

Dear Mrs. Smith:

We are in receipt of duplicate notice for beneficial use proof on your Permit No. 24211, to be made August 9, 1954.

However, we note the statement that 15 acres have been irrigated presently, but 15 more acres are to be irrigated from this source in the future.

Since this proof is not actually due until June 30, 1955, we suggest that you defer making beneficial use proof until the entire acreage has been irrigated. Because license cannot be issued at this time for more than the 15 acres described and if you wish a license for the other 15 acres, it would be necessary to republish and set another date, making additional costs.

We shall await your further advice before sending the notice to the newspaper for publication.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 24211

Mrs. Margaret E. Smith
Potlatch
Idaho

Dear Mrs. Smith:

We enclose Certificate of Completion of Works issued on Permit No. 24211 for the diversion of 3/5 of a second foot of water from Fatter Creek with point of diversion in the NE¹/₄NE¹/₄ Section 16, Township 41 North, Range 4 West B.M. for the irrigation of land in the NE¹/₄NE¹/₄ Section 16 and SE¹/₄SE¹/₄ Section 9, Township 41 North, Range 4 West B.M.

We also enclose departmental receipt No. 26732 for the \$5.00 fee paid in connection with completion of works proof.

In regard to your inquiry concerning your Permit No. 24212. Proof of completion of works is also due on this permit the same as on Permit No. 24211.

Although you stated that you did not have to do any work on it, it will be necessary to submit proof showing that the works have been completed to enable you to convey the water from the point of diversion to the place of use.

This proof can be made on form 6 enclosed and returned to this department with the statutory fee of \$5.00.

Mark W. Hulp
State Reclamation Engineer
Boise, Ida.

Postfach, Ida.
June 19/54

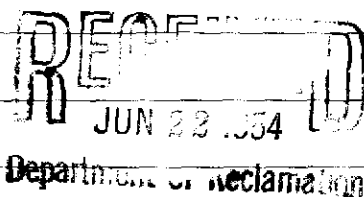

Dear Sir.

I'm sorry we made a mistake about the land to be irrigated. I completed ~~it~~ the affidavit for permit No. 24211. Have put in the 40 a. subdivision description. It was an oversight about the second 15 a. on Hatter. I wish to irrigate ~~one~~ 15 a. in section 9 and ~~one~~ 15 a. in section 16 on Hatter creek.

I also have a permit No. 24212 on the Holow river. Do I have to make out an affidavit on this permit too? It calls for 30 acres in the N.E. $\frac{1}{4}$ & S.E. $\frac{1}{4}$ of section 9. T41 N.R.4.W. Please let me know if I have to send in \$5.00 for this one. I didn't have to do any work on it as it is deep enough to irrigate from. I will have the system ready to go in a couple of days.

yours truly
Margaret E. Smith.

Permit No. 24211STATE OF IDAHO
Department of ReclamationRECEIVED
JUN 14 1954

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of L A T A H

ss.

Margaret Smith, being first duly sworn, upon his oath deposes and says:
 First: That ^{he}~~she~~ is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 24211, and that ~~his~~^{her} postoffice address is Patlatch State of Idaho

Second: That the name of the stream from which said water is to be diverted is HATTERCREEK

Third: That the point of diversion of said water is 600 feet distant from the NE corner of the NE 1/4 of Sec. 16, T.41, R.4, W.B.M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by JUNE 20, 1955

Fifth: That the use for which said water is intended is Irrigation

Sixth: That on the date above mentioned, the works constructed under said permit were (~~or were not~~) fully completed and consisted of the following:

I. Kind of works: Dam
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:
 (a) Height of dam 2 feet, length of dam at top 16 feet, length of dam at bottom 14 feet. Material used in construction 2x12 planks, posts and sand bags
 (State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line
 (State whether ditch, flume or pipe)

feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use 3/5 cu ft per second feet of water.

RE: Permit No. 24211

Mrs. Margaret Smith
Potlatch
Idaho

Dear Mrs. Smith:

We acknowledge receipt of your affidavit in proof of completion of works on Permit No. 24211 accompanied by your check for the \$5.00 in connection therewith.

We return the affidavit with the request that you give the legal description of the land upon which the water is to be used. We note that you describe 15 acres in Section 16 but this should give the 40 acre subdivision.

Your permit also includes 15 acres in Section 9. Was this omitted intentionally?

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Melvin J. Alsager
Title Building
Moscow, Idaho

Dear Mr. Alsager:

We acknowledge receipt of your letter of April 30, 1953, enclosing application of Margaret E. Smith to appropriate $3/5$ of a second foot of water from Hatter Creek and Palouse River, accompanied by her check for the \$5.00 filing fee.

If we understand the situation correctly, this application is for the alternate use of that amount of water from either of the two sources, in which case it will be necessary to file two separate applications one of which may be supplemental to the other.

On the other hand, one application can be accepted from the two sources by dividing the amount between the two streams, that is show so much from Hatter Creek and so much from Palouse River.

We return the application and if the single application is to be filed, Questions 7 and 8 should be answered, and also such portions of Questions 9, 10, and 11, as are applicable.

We are also sending you, under separate cover, two additional forms in case Mrs. Smith wishes to file separate applications, in which case of course separate filing fees would be required.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
