Dear Mr. Johnson:

Thank you for approving my application of May 10, 1991, and signed by Glen Saxton, Chief Water Allocation Bureau. The application was to change the point of diversion from the NW to the SW $\frac{1}{4}$ of the W $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 25 40N 5W.

The installation is now completed and working well. Two electric pumps have been installed as follows:

Pump one is located 150' up the creek from the south property line to water the lower five acres. The pump serves three one inch plastic pipes that delivers a maximum of 12 gallons per minute from each of the ~~three~~ lines through sprinklers.

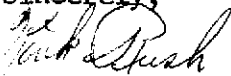

Pump two is located another 350 feet on up the creek to water the ~~upper~~ five acres. This pump services two one inch plastic pipes and one two inch header plastic pipe. The header services two one inch plastic pipes. A total of four sprinklers delivers a maximum of 10 gallons per minute through each of the four sprinklers

No permanent structures have been placed in the creek as I am pumping out of natural holes. The creek flows past my pumps at all times during irrigation to serve my neighbors below who depend upon the water for their livestock.

Each electric motor is one HP maximum.

My Dear Sir:

I enclose you herewith Proof of Publication of the beneficial use of water on behalf of Mr. M. E. Lewis. Proof was made before me today in the form enclosed. Mr. Lewis stated that he had expected you to forward blanks for this purpose to me here for use today on which Proof could be made in proper form. I have received no such blanks however, and have had the blanks enclosed prepared by Mr. F. L. Moore of this City. These Proofs may not conform entirely to the requirements of your Department, but I trust, however, they will answer the purpose for which they are intended. INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. M. B. Lewis,
Moscow, Idaho.
Dear Sir:—

Boise, Idaho,
Aug. 2, 1922.

Under the terms of your permit No. ~~15361~~..... you are required to complete your diversion works on or before ~~Nov. 18, 1922~~..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
