RE: PERMIT NO. P35-08090

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

You should be aware that the groundwater you propose to divert is located within a drainage basin where surface waters are regulated during the months of low flow. It is possible that diversion of groundwater may have an adverse impact on these surface water flows. Information available to us at this time does not warrant refusing to issue permits in your area, but we do caution that diversions of groundwater are not allowed to deplete flows available for surface water users with earlier priority dates. Siting your well as far from surface sources as possible and casing out upper water producing zones may reduce the potential of interference.

Section 42-235, Idaho Code, requires that a "drilling permit" must be obtained from the department for all wells constructed after July 1, 1987. A drilling permit is a separate permit that must be issued in addition to your permit to appropriate water. Commencement of well construction or diversion of water under your permit to appropriate water is prohibited unless a drilling permit is obtained.

Be sure to note the special condition requiring you to install a measuring device, or a flow measurement port to provide for the installation of measuring equipment by the Department. Enclosed please find a list of measuring device options, and specifications for the installation of the flow measurement port.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed for your convenience is a form entitled "Proof of Beneficial Use" that must be submitted to the Department when your project is completed. If development is complete, you may submit proof of beneficial use immediately.

RE: Application for Permit No. 35-8090 & 35-8091

Dear Water Right Applicant:

The Department of Water Resources acknowledges receipt of your water right permit. This office is currently in the process of advertising the application in the Morning News. The advertisement will be published for two consecutive weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

HAROLD W. JONES
Water Rights Supervisor

Re: Water Applications of Steve Goodwin
Application No. 358090, 358091, and 358092

TO WHOM IT MAY CONCERN:

Enclosed please find an affidavit signed by the applicant Steve Goodwin which we request that you augment the above-referred to applications to show that in two of the three applications he has actually applied to beneficial use the water because he has drilled the two eight-inch wells and has been using them and applying the water to beneficial use prior to October 1, 1984.

Your assistance in augmenting these applications is greatly appreciated. If you have any questions, please do not hesitate to call.

Very truly yours,

AFFIDAVIT

STATE OF IDAHO)
 : ss.
County of Bingham)

STEVE GOODWIN, after being first duly sworn upon his oath deposes and says:

1. That I applied for Water Permit Nos. 358090 and 358091 and 358092 on February 8, 1983.

2. That I reside at Route 2 Box 195A, Blackfoot, Bingham County, Idaho, and have lived here for several years.

3. That the purpose of this affidavit is to augment my Application Nos. 358091 and 358092 to show that I have drilled a well and diverted the water to beneficial use in said applications prior to October 1, 1984.

4. That attached hereto and made a part hereof by this reference are Well Driller's Reports showing that I had wells drilled at the places indicated on the Well Driller's Report. This is the exact location as proposed in my applications nos. 358091 and 358092.

5. That since the wells were drilled, I have actually used the water for irrigation on the surrounding ground, thus applying the water to beneficial use prior to October 1, 1984.
